Subject: Redistricting Advisory Committee

Hello Redistricting Advisory Committee (RAC) members:

Congratulations on your appointment as a Supervisorial District Representative to the RAC committee!

It's truly an honor to be entrusted with the responsibility of working with the Board of Supervisors and the community in drawing the supervisorial district lines - I commend you for taking on the responsibility.

As the redistricting project manager, I'll be your point of contact and I look forward to working with each of you on this very important project.

To assist in overall outreach and public facilitation, the County is contracting with a consulting firm that should be on-board by the end of May. In June we'll conduct a RAC Orientation meeting. We'll have more information for you once we finalize the meeting details.

Attached is a copy of the 1.13.21 Board Letter that establishes the RAC, and the 3.23.21 Board Letter that lists the revised Supervisorial Redistricting timeline. In essence, we'll have 46 days to conduct the redistricting. The compressed timeline is the result of statutory requirements combined with the reality of when we'll have access to the census data from the State.

Listed below are the names of the RAC members. Please note that since the committee is subject to the Brown Act, please do not communicate with each other about redistricting outside of the RAC meeting as a group (this is explained in the required Government Leadership Training you need to complete if you haven't already done so as noted in your letter from the Clerk of the Board).
