---

Hello Redistricting Advisory Committee (RAC) members:

It was great seeing everyone, in-person and virtually, at Tuesday's RAC Outreach Workshop.

### **DistrictR**

The San Joaquin County version of DistrictR is now live at [https://districtr.org/tag/San\\_Joaquin](https://districtr.org/tag/San_Joaquin)

If you are interested in a DistrictR walkthrough, staff will arrange a time to meet with you virtually (either one-on-one, or up to three RAC members at a time). This would be an informal tutorial, rather than a formal meeting, focused on becoming familiar with the tool, and how to use it for drawing Communities of Interest.

If interested, contact Dave Bollinger, GIS Program Manager, at [REDACTED] or [REDACTED] to schedule a DistrictR walkthrough.

### **RAC Member Photo**

The RAC member photo is now posted on the Supervisorial Redistricting webpage (scroll to the bottom of the page): [We Draw the Lines | San Joaquin County \(sjgov.org\)](#)

What a great looking committee!

### **Presentation Materials**

If you plan to conduct Supervisorial Redistricting group presentations, please know that we have presentation materials available for you including printed "leave behinds" (i.e., Fact Sheet) and printed "placemats" (i.e., the County maps on which people can draw their own communities of interest).

Attached is a copy of the revised *Talking Points*, should you need them. If we can assist you in any other way with your presentations, please let me know.

I hope you all have a safe and enjoyable weekend.

Glen

### **Glen Fowler**

Redistricting Project Manager

San Joaquin County
