- Next Steps

Traditional Redistricting Principles

Complying with the Fair Maps Act

The Fair Maps Act passed by the Legislature mandates a set of criteria we must follow when drawing district plans.

- Relatively equal size - people, not citizens
- Contiguous – districts should not hop/jump
- Maintain “*communities of interest*”
- Follow city and census designated place boundaries
- Keep districts compact – appearance/function

From COI to Draft Maps

Getting from input to new proposed maps

Redistricting Partners needs your feedback on these potential draft plan versions.

- All plans will follow the required criteria, VRA, Compactness, Contiguity, equal population, etc.
- Need feedback from the Board of Supervisors and community on potential versions.

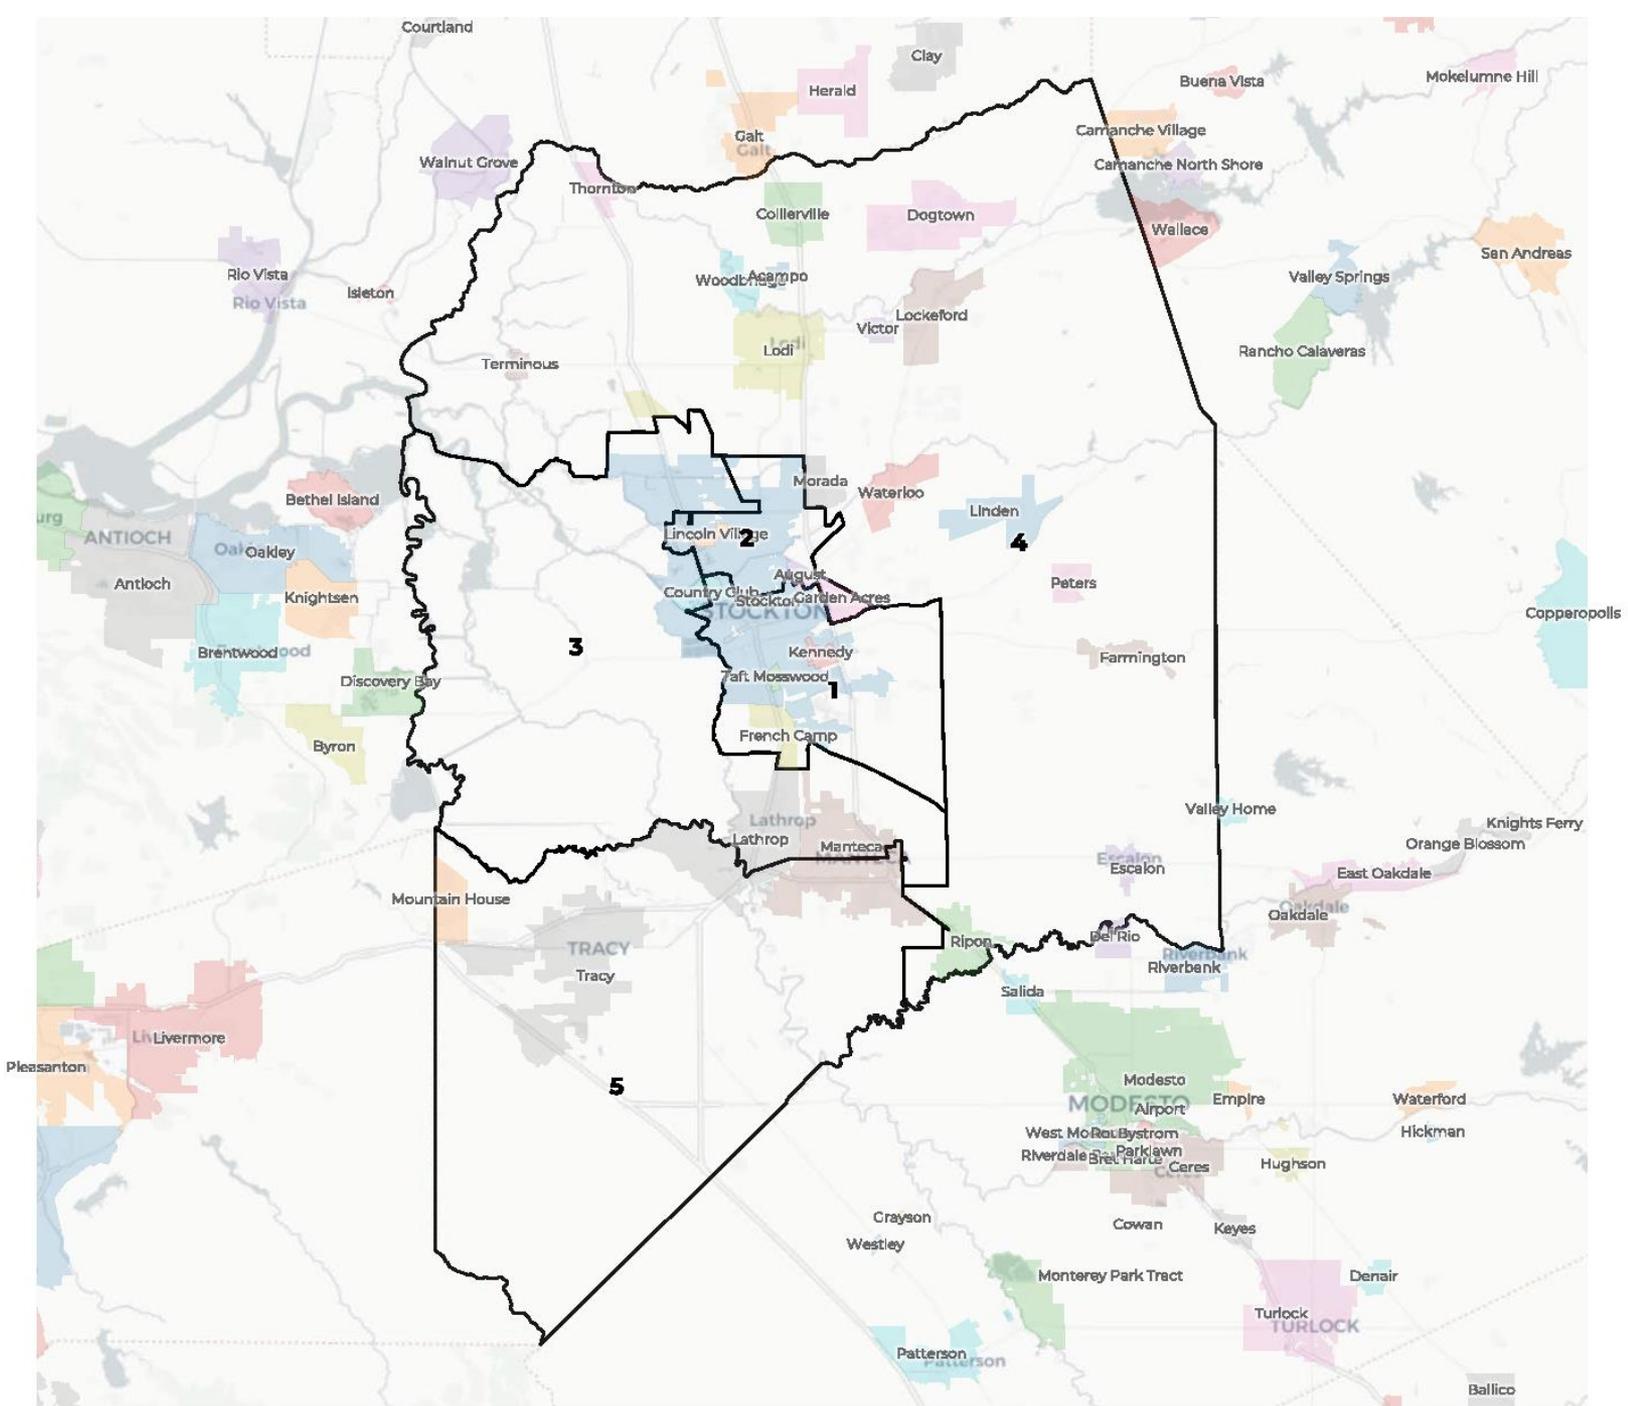

Communities of Interest

Outreach Hearings & Public Testimony

After three outreach hearings, we've received public and Commissioner input. The themes of testimony received:

- Unite Tracy with Mountain House
- Respect the rural/agricultural areas and their unique interests within the County by creating Western and Eastern rural districts
- Create a Commuter District – linking Mountain House to Tracy to Western Ranch in South Stockton
- Stockton must be split because of its size – look to Lodi USD, major thoroughfares, and neighborhood lines

Many of these themes can be seen in the district map submissions received to date.
