

SAN JOAQUIN — COUNTY —

Greatness grows here.

We want to **HEAR** from YOU!

San Joaquin County launches supervisory redistricting

San Joaquin County is beginning the process to redraw the boundaries of the county's five supervisory districts. Redistricting takes place every 10 years after the federal census, when district boundaries for federal, state, and local elected offices are redrawn to reflect new population data and shifting populations. District lines can shape a community's ability to elect the representative of their choice, so it's important that we hear from you!
