[Memo re Section 2 Analysis 11.13.21 RAC \(1\).pdf](#)

---

Hello Redistricting Advisory Committee (RAC) members:

Attached for your reference is the Telephone Survey Results Report, a memo regarding the effect of redistricting on incumbent Board members, and a memo regarding the Federal Voting Rights Act, Section 2.

The next RAC meeting is **Wednesday, October 13th, from 6 to 8PM** at the San Joaquin County Administration Building, 6th Floor Chambers. The meeting will include reviewing publicly submitted maps and three draft maps Redistricting Partners created that take into consideration community of interest input. These three draft maps can be found at: [We Draw the Lines | San Joaquin County \(sjgov.org\)](#)

I encourage you to review the maps and identify suggested changes to the maps that you can present when the RAC meets next week. If possible, please plan to participate in-person for the final three RAC meetings which will focus on drawing draft maps.

Note that DistrictR now includes the "SJC GIS: 2011 Boundary Reference": [https://districtr.org/edit/56333?event=san\\_joaquin](https://districtr.org/edit/56333?event=san_joaquin)  
This can be helpful in providing context as you consider drafting new district maps.

I look forward to seeing you next week!

Glen
