I believe that if you really want to obtain community input, you should hold workshops and meetings that are more accessible by all communities involved, such as Manteca?

It's not easy to go outside our City to attend a meeting during the week and you have to work the next day.

Please make an effort to include all communities involved.

I live in District 5 and am satisfied with the current map as drawn. That being said, I know the boundaries will change due to population changes, but I encourage the Committee and Board to maintain boundaries that are consistent with representation and population trends. The fact that the districts are cohesive blocks and not gerrymandered leads me to believe that the process was done with that in mind previously. It keeps population of similar feelings and beliefs together and offers them proper representation within our County. I urge you to maintain that similar philosophy. Thank you.

RE: Redistricting Advisory Committee

To Whom It May Concern,

I am writing to formally resign from my appointment to the County's Redistricting Advisory Committee (RAC), effective immediately.

Due to work commute reasons, my spouse and I have decided to move out of the area. As I will no longer reside in Supervisorial District 2 nor the County, I am no longer eligible to continue in this role.

I do, however, thank Supervisor Miller for having appointed me in the first place and all the staff involved in this important process of ensuring effective representation for San Joaquin County residents.

Sincerely,

I am reaching out on behalf of the Stockton Younger Women's Task Force, thank you for sharing the information on the outreach workshops we're happy to share that with our members. We would also like to learn more about this, would it be possible to schedule you for one of our meetings? If so, let me know and we can discuss additional details like date, time and presentation length.
