

WEBVTT

1

00:04:25.350 --> 00:04:25.920

SJC Redistricting: we've already.

2

00:04:39.330 --> 00:04:46.620

SJC Redistricting: Thank you, and welcome to this evenings program of Mr Kong you have some housekeeping items.

3

00:04:57.870 --> 00:04:58.530

SJC Redistricting: Rector.

4

00:04:59.910 --> 00:05:12.420

SJC Redistricting: Just to give you some housekeeping instructions here on the sixth floor, we do have the restrooms Ottoman floor and you have to keep on going that way, and then you'll find the unlock restrooms there.

5

00:05:14.280 --> 00:05:21.270

SJC Redistricting: may be ours, where you're going to go through the emergency evacuation procedures or, should I just i'll just go through it then.

6

00:05:22.380 --> 00:05:25.560

SJC Redistricting: We do have and taste areas emergency evacuation.

7

00:05:27.060 --> 00:05:37.830

SJC Redistricting: procedures to exit our building and then, once outside cross over to San Joaquin street and whatever and then across over the other side of towards the courthouse.

8

00:05:38.310 --> 00:05:50.280

SJC Redistricting: And we'll meet near the shaded seating area by the corner of sound scene and whatever and then county staff will always help you out as well, and if you need any help just let us know, and then to the extent.

9

00:05:53.010 --> 00:06:02.130

SJC Redistricting: We don't have vending machines on the floor if you need to grab a bite to eat or something you still do need to go back down to the fourth floor to get a fit.

10

00:06:03.240 --> 00:06:23.220

SJC Redistricting: We do have also, in addition to that, I want to also mention that we do get any chat from the chat and structure for on the zoom, but these comments will be included in terms of being monitored and recorded so we're going to be asking that all those tests comments.

11

00:06:24.480 --> 00:06:33.390

SJC Redistricting: refrain from any kind of personal tax and offensive language and any kind of inappropriate behavior will be grounds for.

12

00:06:33.990 --> 00:06:49.380

SJC Redistricting: For rejection from the meeting I just want to make sure that they're being public is where that chair and with those comments I will send it back to you, thank you, thank you very much, if we can have the district attorney's Office, please come up and brightest with detailed information.

13

00:06:51.090 --> 00:06:54.960

SJC Redistricting: named Zoe Merrill deputy County Council been asked to remind.

14

00:06:56.160 --> 00:07:07.530

SJC Redistricting: Everyone in the meeting about the structure and that's that the Members will be sitting on the desk The meeting will be conducted through the Members, but alternate committee members, pursuant to section nine of the Rules of Procedure.

15

00:07:08.310 --> 00:07:21.510

SJC Redistricting: alternate committee members may not participate in committee discussions express their favor or disfavor for all items before the committee is assigned to a committee make motions or otherwise really participate unless they are sitting.

16

00:07:21.570 --> 00:07:27.240

SJC Redistricting: In for a district Member vacation of that seat or, alternatively, due to their absence.

17

00:07:27.660 --> 00:07:29.250

SJC Redistricting: of any questions tonight i'm happy to help.

18

00:07:30.270 --> 00:07:30.690

SJC Redistricting: Our students.

19

00:07:31.980 --> 00:07:32.910

SJC Redistricting: Questions online.

20

00:07:35.130 --> 00:07:39.810

SJC Redistricting: Thank you very much appreciate it okay don't you want to.

21

00:07:41.400 --> 00:07:42.570

SJC Redistricting: Do the roll call, please.

22

00:07:46.170 --> 00:07:46.470

SJC Redistricting: present.

23

00:07:48.210 --> 00:07:48.630

SJC Redistricting: present.

24

00:07:50.790 --> 00:07:51.210

SJC Redistricting: present.

25

00:07:54.510 --> 00:07:54.930

SJC Redistricting: present.

26

00:07:58.020 --> 00:07:58.380

James's iPhone: present.

27

00:08:21.030 --> 00:08:21.690

Steven White: i'm sorry I couldn't.

28

00:09:07.620 --> 00:09:22.290

SJC Redistricting: You said conclude the roll call, yes, thank you very much okay we'll move on to item three, which is the action item for this evening with for the amended minutes from the June 30 meeting.

29

00:09:22.920 --> 00:09:34.560

SJC Redistricting: and training session one and action item minutes from the 728 meaning that's training session number three are there any questions amendments deletions to.

30

00:09:35.970 --> 00:09:36.450

SJC Redistricting: The.

31

00:09:37.530 --> 00:09:37.950

SJC Redistricting: senate's.

32

00:09:40.710 --> 00:09:44.520

SJC Redistricting: It in property moved and seconded you get the mover in the second.

33

00:09:46.200 --> 00:09:52.680

SJC Redistricting: To move on the item all in favor signify by saying Aye Aye oh same sign motion curious.

34

00:09:54.510 --> 00:09:59.880

SJC Redistricting: now move on to item for any additions or deletions to tonight's agenda.

35

00:10:05.730 --> 00:10:08.610

SJC Redistricting: A viewer let me know when it's online that.

36

00:10:09.930 --> 00:10:16.770

SJC Redistricting: they've asked for anything Okay, the and then we'll move on to public comments, Mr Fowler.

37

00:10:18.240 --> 00:10:25.800

SJC Redistricting: Yes, Chair so i'll provide a summary of the comments and requests sent to the redistricting email account.

38

00:10:27.120 --> 00:10:41.970

SJC Redistricting: Specifically, we had an email communication from Pam I back to Robert Martin a district for community of interest AG, protection and development and growth and expansion, we also had solicitations to provide services to the city of Stockton.

39

00:10:43.050 --> 00:10:51.690

SJC Redistricting: We had allegations of illegal activities, including property taken illegally vehicle Tony legally, among other allegations.

40

00:10:53.130 --> 00:11:06.840

SJC Redistricting: We received an email from Jose Eduardo Chavez field team lead for the central California region at the California citizens redistricting Commission offering the answer any questions or conduct a presentation.

41

00:11:08.010 --> 00:11:10.380

SJC Redistricting: And finally, we had a request sent.

42

00:11:11.490 --> 00:11:26.910

SJC Redistricting: On August 15 from Monica Miranda director of policy for the Stockton younger women's task force to have a supervisor oriole redistricting presentation conducted for their membership, that concludes the comments.

43

00:11:28.290 --> 00:11:36.180

SJC Redistricting: Thank you, Mr Fowler I have had the opportunity to speak speak with miss ibex she will take over this responsibility and.

44

00:11:36.240 --> 00:11:37.350

SJC Redistricting: In visit the.

45

00:11:38.370 --> 00:11:39.030

SJC Redistricting: UK the.

46

00:11:40.350 --> 00:11:44.220

SJC Redistricting: visit to the Stockton younger women Task Force and make that presentation.

47

00:11:47.100 --> 00:11:48.210

SJC Redistricting: On that responsibility.

48

00:11:51.630 --> 00:11:52.080

Okay.

49

00:12:02.220 --> 00:12:22.440

SJC Redistricting: Okay, we are very pleased this evening to have with us, Mr Tom patty Mr patty is the chairman of the San Joaquin board of supervisors, he represents district three i'm asking that he come forward and make a few comments to the board Commission.

50

00:12:24.150 --> 00:12:25.020

SJC Redistricting: Welcome, Mr Perry.

51

00:12:29.370 --> 00:12:34.890

SJC Redistricting: To mayor, how are you, Sir i'm doing well, thank you, where would I best said if i'm going to make make any.

52

00:12:36.000 --> 00:12:39.600

SJC Redistricting: just say my talk is you are we got zoom or where my best located.

53

00:12:42.030 --> 00:12:48.450

SJC Redistricting: There, and here Well, this is the only i'ma say i'm here to spend just a couple of minutes you guys all have some very important business to do.

54

00:12:48.810 --> 00:12:56.400

SJC Redistricting: As want to recognize and appreciate every one of you for your volunteer this is going to be a Labor of love, but, as every one of us know.

55

00:12:57.360 --> 00:13:03.660

SJC Redistricting: Most important thing and we pay attention to what's happening in Washington and we have a lot of emotions of who the leader of this country is.

56

00:13:03.960 --> 00:13:11.580

SJC Redistricting: But we all have responsibilities as leaders in our Community and there's no election more important than our local elections.

57

00:13:12.030 --> 00:13:21.510

SJC Redistricting: that's what's going to happen with the local decisions on who's in your school board who's in your your Chambers of Commerce who's going to be part of your City Council who's going to be board of supervisors.

58

00:13:21.720 --> 00:13:32.520

SJC Redistricting: So these local elections matter a great deal and and you guys have a wonderful opportunity and a responsibility to listen to constituents and look at how we're going to represent this.

59

00:13:32.790 --> 00:13:38.430

SJC Redistricting: This great county of ours for the next 10 years it's a unique opportunity and really comes along.

60

00:13:39.330 --> 00:13:47.070

SJC Redistricting: On a very frequent basis but but really want to tell you appreciate i've been running around partner i'm not dress appropriately.

61

00:13:47.340 --> 00:13:57.030

SJC Redistricting: i'm running around between being running a business of being a father and and and supervisor, I just wanted to have a couple minutes come on in and thank everyone here for their participation.

62

00:13:57.300 --> 00:14:09.750

SJC Redistricting: And, and how monumental and very important and how valuable your time is so thank you all and appreciate it, thank you, thank you, Mr patty certainly appreciate the words of wisdom and keep up the good work.

63

00:14:11.040 --> 00:14:20.310

SJC Redistricting: Okay, we will now continue on with any public comments Is there anyone here in the room that wishes to comment to the Commission.

64

00:14:25.980 --> 00:14:27.870

SJC Redistricting: then do we have any one online.

65

00:14:29.010 --> 00:14:39.000

SJC Redistricting: Oh comments online, thank you very much Okay, moving on to item six, the Rack Member disclosures there's there any disclosures that one needs to make this evening.

66

00:14:46.110 --> 00:14:51.870

SJC Redistricting: Moving on to Item number seven any Community contacts.

67

00:14:53.160 --> 00:14:57.480

SJC Redistricting: Anyone been contacted the presentations any comments.

68

00:14:58.920 --> 00:14:59.610

SJC Redistricting: of that nature.

69

00:15:04.590 --> 00:15:07.710

SJC Redistricting: be a nun and nothing online correct.

70

00:15:09.450 --> 00:15:09.870

SJC Redistricting: Thank you.

71

00:15:11.250 --> 00:15:25.170

SJC Redistricting: Alright, will now move on to Item eight the Rack outreach presentation and Miss listed, who is with redistricting partners and then she's going to go through items, eight and nine.

72

00:15:26.190 --> 00:15:30.510

SJC Redistricting: The direct outreach presentation and the district our demonstration video.

73

00:15:32.730 --> 00:15:36.510

SJC Redistricting: That hey yeah thanks for having me here tonight.

74

00:15:38.430 --> 00:15:49.890

SJC Redistricting: Perfect awesome well, I want to take this opportunity to welcome the public to the first outreach workshop for San Joaquin county.

75

00:15:51.030 --> 00:15:59.730

SJC Redistricting: We cannot do this without public input, so I want to thank everyone who is playing from home and in the audience tonight.

76

00:16:00.090 --> 00:16:10.590

SJC Redistricting: And we hope that you'll be submitting your forms either online or in person here today and I will go through all of that, in this presentation so.

77

00:16:11.280 --> 00:16:26.340

SJC Redistricting: On the agenda tonight we will talk about the basics of redistricting and redistricting principles we'll get into what a community of interest is why it's important and why it's important to all of us.

78

00:16:27.180 --> 00:16:34.440

SJC Redistricting: And we'll talk about the mapping tool that the county will be using throughout the process, districts are.

79

00:16:35.100 --> 00:16:42.600

SJC Redistricting: And we'll talk about public testimony how you can best give your own public testimony on your communities of interest.

80

00:16:43.110 --> 00:16:52.950

SJC Redistricting: And then we'll wrap it up on the public hearing schedule, so this is the first of three, I believe, so there will be many more opportunities to come.

81

00:16:53.820 --> 00:17:06.360

SJC Redistricting: So let's start off with one is redistricting so like the slide says redistricting is the process of adjusting district lines every 10 years after the release of the census.

82

00:17:07.080 --> 00:17:15.480

SJC Redistricting: So folks are often well familiar with Congressional redistricting or Assembly and Senate California senate seats.

83

00:17:16.170 --> 00:17:25.110

SJC Redistricting: And, but local jurisdictions cities counties special districts, they have to read district as well rebalance their districts.

84

00:17:25.800 --> 00:17:46.620

SJC Redistricting: And so, just like San Joaquin county did in 2011 we're going to go through it all over again and beyond, creating districts have equal population redistricting also serve to empower local communities and preserve voting rights so it's pretty cool if you asked me.

85

00:17:47.730 --> 00:18:07.950

SJC Redistricting: So the structure that San Joaquin county is using is a redistricting advisory committee, so this is a board appointed at 10 Member redistricting advisory committee that will assist them in conducting Community outreach and recommend district maps, based on the outreach given.

86

00:18:08.970 --> 00:18:17.490

SJC Redistricting: by the public, so the goals of this rack include a Community conducting Community outreach workshops, like the one today and.

87

00:18:17.880 --> 00:18:31.110

SJC Redistricting: In the future, identify communities of interest from public input, create a set of draft a map based upon the public input and recommend one district map to the board of supervisors.

88

00:18:32.100 --> 00:18:40.890

SJC Redistricting: So the timeline that we're looking at, we are in the beginning phase, as you can see, so today is the first outreach workshop.

89

00:18:41.760 --> 00:18:54.150

SJC Redistricting: And then the next phase will be Community meetings that should be around the time we get our final census data and then around October.

90

00:18:55.050 --> 00:19:12.720

SJC Redistricting: There will be draft maps that the Rack will be presenting to the public, then it will be finalized December 7 when everything is due, and the public will be a part of this every step of the way.

91

00:19:15.210 --> 00:19:17.670

SJC Redistricting: So there are some guidelines that.

92

00:19:19.470 --> 00:19:25.470

SJC Redistricting: You map drafters will have to follow, and that includes the traditional redistricting principles.

93

00:19:26.160 --> 00:19:40.350

SJC Redistricting: So these are here to prevent gerrymandering make sure that things are fair and transparent, and this is a ranked set of criteria for the map drafters to us so first and foremost.

94

00:19:40.980 --> 00:19:55.440

SJC Redistricting: The districts, have to be relatively equal in size and that is equal in people not citizens the next criteria is, it has to be contiguous so districts hop or jump.

95

00:19:56.490 --> 00:20:04.110

SJC Redistricting: For those of you who are not super familiar with redistricting, and this is a word that you're really only going to hear in this realm.

96

00:20:05.190 --> 00:20:16.650

SJC Redistricting: So basically it means if you can draw your district with one line than it is contiguous you're not jumping and making an island and calling it one district.

97

00:20:17.430 --> 00:20:24.630

SJC Redistricting: Then next one is maintain communities of interest we'll get more into what a community of interest is.

98

00:20:25.410 --> 00:20:36.960

SJC Redistricting: But real quickly a definition is a community of interest is a neighborhood a Community or group of people who have common policy concerns and would benefit from being maintained in a single district.

99

00:20:38.580 --> 00:20:51.720

SJC Redistricting: In next criteria is follow city county local government lions when practicable and, finally, keep districts compact and so let's go back to.

100

00:20:52.290 --> 00:21:01.890

SJC Redistricting: What a community of interest is so already talked a little bit about it, how it's a group of similarly minded people who would benefit from being.

101

00:21:02.700 --> 00:21:19.680

SJC Redistricting: Put in a district together another way of understanding, a community of interest is that it is simply a way for a community to tell its own stories about what bonds neighbors have what makes their Community unique when compared to their surrounding communities.

102

00:21:20.790 --> 00:21:33.030

SJC Redistricting: And it's important to note that these communities of interest really can only be defined by the people who live in them, so people like me, I cannot tell tell you all for your community of interest is.

103

00:21:35.460 --> 00:21:46.530

SJC Redistricting: So another way of thinking about what a community of interest is is it's the building blocks of legislative districts, so it could include ethnic and language minorities.

104

00:21:47.340 --> 00:21:58.950

SJC Redistricting: minority groups is this definition is supposed to be subjective and open ended to be as inclusive as possible, so if you can make the argument that.

105

00:21:59.670 --> 00:22:12.450

SJC Redistricting: or community as a community of interest, then it likely is and under the federal voting rights act, there are protected communities, including Latinos Asians.

106

00:22:13.020 --> 00:22:22.800

SJC Redistricting: African Americans, but I do want to point out that, while communities of interest may include race, it cannot be the predominant factor in drawing boundaries.

107

00:22:25.230 --> 00:22:37.950

SJC Redistricting: So this slide shows you how diverse community of interest can

be, and this is a limited list, so we have historical communities tourism areas media markets neighborhoods.

108

00:22:38.700 --> 00:22:50.100

SJC Redistricting: economic opportunity zones so again, if you can make the argument that it's a community of interest, it probably is less it's one of these three things.

109

00:22:50.670 --> 00:22:59.760

SJC Redistricting: So under the fair maps act it explicitly prohibits these groups from being considered as a community of interest in those groups are.

110

00:23:00.150 --> 00:23:09.480

SJC Redistricting: political party affiliation incumbents political candidates, and that is there to prevent political and incumbent gerrymandering.

111

00:23:09.990 --> 00:23:17.730

SJC Redistricting: So, again trying to keep the process, fair and transparent, and the next part is not under the fair maps act but.

112

00:23:18.240 --> 00:23:31.620

SJC Redistricting: Just practically it's really difficult to draw these so groups of similarly minded people who do not share a similar location or communities of interest that our county wide so when we draw Max.

113

00:23:32.790 --> 00:23:33.360

SJC Redistricting: The.

114

00:23:34.380 --> 00:23:44.910

SJC Redistricting: we're supposed to be protecting communities of interest of the community of interest is like 80% of the area, then that doesn't necessarily help the map dollars as much.

115

00:23:47.190 --> 00:23:58.200

SJC Redistricting: So i'm the in the next slide and our chairs actually going to be presenting some examples, but well before we go through that I do want to present.

116

00:23:58.680 --> 00:24:07.110

SJC Redistricting: three questions for you all to think about when we go through those examples and to think about your own communities of interest.

117

00:24:08.040 --> 00:24:20.070

SJC Redistricting: So the first critical question is, does the Community have a shared culture characteristic or bond so, especially when it comes to culture shared bonds.

118

00:24:20.550 --> 00:24:32.940

SJC Redistricting: personal stories are very powerful i've been hearing a lot of people give testimonies about how their communities have come together during coven 19 so that's just one example.

119

00:24:34.050 --> 00:24:43.140

SJC Redistricting: But describe you can describe how your Community comes together for celebration, is there an annual event that goes on in your neighborhood except.

120

00:24:44.190 --> 00:24:52.170

SJC Redistricting: The next question to think about is can the Community the map is it geographic in nature.

121

00:24:53.340 --> 00:25:01.230

SJC Redistricting: But are the boundaries of your community, this is particularly helpful for the people who are drafting the map.

122

00:25:02.190 --> 00:25:17.820

SJC Redistricting: And then, what is the communities relationship with the county and how is this Community impacted by a policy decisions and so i'm going to go ahead and let the Chair go through the next few slides Thank you.

123

00:25:19.560 --> 00:25:22.380

SJC Redistricting: So is this a community of interest.

124

00:25:23.400 --> 00:25:31.770

SJC Redistricting: A group of renters who live in downtown Stockton testifies to the county redistricting committee and what should be considered a community of interest.

125

00:25:33.870 --> 00:25:44.430

SJC Redistricting: Yes, this group can be easily be mapped in a district, and they can share the common policy of interest which can be addressed through legislation or public services.

126

00:25:48.030 --> 00:25:58.050

SJC Redistricting: Is this community of interest historically recognized town dating back to the late 1800s and now has a minimal population within the lines of the county.

127

00:25:59.130 --> 00:26:04.770

SJC Redistricting: The county to redistricting committee prioritize his historical town when drawing their maps.

128

00:26:06.240 --> 00:26:15.420

SJC Redistricting: Yes, answer historical communities are recognized as a community of interest and should be considered in drawing maps.

129

00:26:18.810 --> 00:26:31.920

SJC Redistricting: group of almond and walnut farmers who are concentrated in a rural unincorporated area, the county focused on ensuring they have enough water for the orchards, with their committee consider this a community of interest.

130

00:26:33.960 --> 00:26:36.750

SJC Redistricting: This one has the civic interest to me because.

131

00:26:38.280 --> 00:26:48.870

SJC Redistricting: The an agriculture person and certainly water is is the all all important thing and and no one considers water important till they turn the faucet on and water is no longer there.

132

00:26:49.740 --> 00:26:59.100

SJC Redistricting: So the answer is yes, this is a group of people and they shared geographic location, who have similar needs for for the public services.

133

00:27:05.910 --> 00:27:13.860

SJC Redistricting: A statewide group of people who are fans of the giant testifies to the local redistricting committee is this a community of interest.

134

00:27:15.540 --> 00:27:16.530

SJC Redistricting: answer is no.

135

00:27:17.970 --> 00:27:33.540

SJC Redistricting: It is important that it Community mentors is distinct enough to draw the maps this group overlaps throughout the entire state and is unlikely that is a governing agency that has or says anything over these issues.

136

00:27:40.560 --> 00:27:43.020

SJC Redistricting: And I think it's back to you, is there any questions.

137

00:27:44.370 --> 00:27:49.140

SJC Redistricting: And, of course, if i'm going to write an answer i'm going to go back to the people or professional.

138

00:27:50.820 --> 00:27:56.970

SJC Redistricting: And we can definitely take questions at the end of this entire thing if you missed him yeah Thank you.

139

00:27:58.320 --> 00:28:18.420

SJC Redistricting: So let's get into how you can the members of the public can submit your own testimony to be considered, while the maps are being drafted, so the first one is the community of interest forums and you can find that on the website, I will have the web.

140

00:28:19.530 --> 00:28:34.890

SJC Redistricting: Will thorough at the end of this presentation, but on the website you'll be able to fill out a form, called the community of interest form where it will ask you pretty in depth questions you help map drawers.

141

00:28:37.050 --> 00:28:42.000

SJC Redistricting: craft a unity for you or know where your community is.

142

00:28:43.320 --> 00:28:56.640

SJC Redistricting: So the next one is map submissions, so there are two different types of maps that we are hoping to get from the public, and that includes community of interest maps and.

143

00:28:57.570 --> 00:29:12.060

SJC Redistricting: district plans based on the data, so we just have the legacy file released, but the final data won't be available until mid September, probably September 23 so.

144

00:29:12.690 --> 00:29:26.880

SJC Redistricting: we're hoping to get community of interest maps now and then, once the final data is released, then you will get district plans and will be using the district our Program.

145

00:29:27.930 --> 00:29:31.890

SJC Redistricting: will go through a presentation, shortly after this but.

146

00:29:33.630 --> 00:29:41.820

SJC Redistricting: A fairly easy to use user friendly way to submit your maps online and.

147

00:29:43.140 --> 00:29:47.580

SJC Redistricting: Then, of course, if you're in person, we have these wonderful maps.

148

00:29:49.230 --> 00:30:02.130

SJC Redistricting: be called them place mats cuz the owner of the firm he used to use 10 years ago he had these maps and his daughter, who was a toddler at the time would use them, while she was eating.

149

00:30:02.850 --> 00:30:12.180

SJC Redistricting: So we have these place mats where you can draw your community of interest in Stockton, and if you look at the back of it, it has the entire county.

150

00:30:14.460 --> 00:30:19.860

SJC Redistricting: so well, we would love for folks to fill that out if you're here.

151

00:30:20.940 --> 00:30:33.270

SJC Redistricting: And then there is the timeline so obviously today is the first workshop the next one will be September 15 and the last one will be September 29.

152

00:30:34.680 --> 00:30:51.630

SJC Redistricting: So we will be presenting this same presentation at the next two as well, so we welcome anyone to come back get a refresher ask questions, if you would like, and before we bring friends and family members as well.

153

00:30:52.920 --> 00:31:05.670

SJC Redistricting: And then we'll start getting into the Rack meetings on draft maps and again the public is encouraged to come and give their opinion on the draft mouse as well.

154

00:31:06.690 --> 00:31:07.920

SJC Redistricting: And everyone.

155

00:31:08.940 --> 00:31:16.050

SJC Redistricting: is invited to visit the website, all of this information should be up there, so the koi form.

156

00:31:17.640 --> 00:31:26.430

SJC Redistricting: A district are should be linked up there pretty soon the agenda all of it should be on this website so.

157

00:31:27.930 --> 00:31:30.540

SJC Redistricting: That i'm happy to take any questions.

158

00:31:32.670 --> 00:31:35.580

SJC Redistricting: Do we have any questions, yes, Mr mooney.

159

00:31:36.600 --> 00:31:42.120

SJC Redistricting: yeah the the district our program is don't want King county live on it, yes.

160

00:31:44.430 --> 00:31:48.960

SJC Redistricting: I am I didn't see it this morning, when I was looking at it.

161

00:31:50.220 --> 00:31:50.550

SJC Redistricting: But.

162

00:31:51.690 --> 00:31:56.850

SJC Redistricting: I would have to check in with Chris JP he should have more information on that.

163

00:31:58.140 --> 00:31:59.070

SJC Redistricting: Okay, get the link.

164

00:32:00.240 --> 00:32:07.800

SJC Redistricting: yeah i've gone to the link several times and it wasn't on there i'm not not the last couple days I just kind of first one they're going to go live with San Joaquin county.

165

00:32:10.770 --> 00:32:12.090

SJC Redistricting: Nearly there okay.

166

00:32:15.540 --> 00:32:16.110

SJC Redistricting: anyone else.

167

00:32:19.740 --> 00:32:20.370

The none.

168

00:32:21.390 --> 00:32:22.770

SJC Redistricting: Oh man.

169

00:32:24.390 --> 00:32:26.700

SJC Redistricting: So actually i'll let you handle.

170

00:32:27.780 --> 00:32:36.750

SJC Redistricting: The next The next item is the district guard demonstration video so going to handle that and, hopefully, Paul Mitchell is on.

171

00:32:36.900 --> 00:32:42.300

SJC Redistricting: I am on no wi fi in this room, so he will be handling that online.

172

00:32:46.890 --> 00:32:47.580

Paul Mitchell: live from they.

173

00:32:47.610 --> 00:32:47.880

hear me.

174

00:32:50.100 --> 00:32:51.390

SJC Redistricting: I mean mtm correct.

175

00:32:55.440 --> 00:32:56.760

Paul Mitchell: Yes, I didn't know if you guys.

176

00:32:56.850 --> 00:32:58.980

SJC Redistricting: hear me to hear you hear me, yes, Sir weekend.

177

00:32:59.310 --> 00:33:01.650

Paul Mitchell: Great thanks uh well.

178

00:33:01.980 --> 00:33:02.310

SJC Redistricting: It was.

179

00:33:02.370 --> 00:33:04.770

Paul Mitchell: I really enjoyed listening to melissa's presentation, so thank you.

180

00:33:04.770 --> 00:33:18.690

Paul Mitchell: Liz for giving a great presentation i'm going to go ahead and demonstrate the district or tool utilizing their statewide implementation, we are still getting it set up for you and it's actually going to be.

181

00:33:19.650 --> 00:33:20.940

Paul Mitchell: It should be set up in just the next.

182

00:33:20.940 --> 00:33:21.810

Paul Mitchell: couple days.

183

00:33:29.010 --> 00:33:31.350

Paul Mitchell: there's somebody's phone was taking over there.

184

00:33:37.980 --> 00:33:40.140

Paul Mitchell: So if everybody can see the screen here.

185

00:33:41.160 --> 00:33:49.140

Paul Mitchell: This is the district or site and how it's going to look in your implementation as well you're going to have the ability, at first, to do the draw communities.

186

00:33:49.140 --> 00:33:49.710

option.

187

00:33:50.820 --> 00:34:05.580

Paul Mitchell: Then, eventually, the ability to draw districts as well they're different functions because growing communities is more about identifying that community of interest is Liz was going through where it where are the almond growers and walnut growers.

188

00:34:06.180 --> 00:34:09.480

Paul Mitchell: Where are the downtown renter areas and for.

189

00:34:09.480 --> 00:34:15.570

Paul Mitchell: people to be able to identify those and then, when the data is all in and it's ready to start drawing lines.

190

00:34:16.740 --> 00:34:22.950

Paul Mitchell: Then, drawing districts and we'll work with your staff is will continue to work with your staff on.

191

00:34:23.340 --> 00:34:41.310

Paul Mitchell: On when we're going to be uploading the data for the drawing districts piece, but the drawing communities piece should be updated be up there pretty quick, the way that this tool works is it's really kind of user friendly it's really lightweight to allow you to draw your community of.

192

00:34:41.310 --> 00:34:49.080

Paul Mitchell: interest and, if I am to use the tool, I have the ability, here, to create a Community, and I can name that community.

193

00:34:52.320 --> 00:34:55.740

Paul Mitchell: I can describe the Community with what this community does.

194

00:34:58.890 --> 00:35:00.960

Paul Mitchell: And I can fix my typos right in there.

195

00:35:02.670 --> 00:35:14.190

Paul Mitchell: And if I now want to go ahead and dry it I can come out and I can draw my community with this really simple paint brush tool this paint brush tool allows you to grab areas.

196

00:35:14.820 --> 00:35:20.010

Paul Mitchell: And you can make it really small like a narrow paintbrush or you can make a really wide.

197

00:35:21.300 --> 00:35:25.410

Paul Mitchell: Like a big paintbrush and when you do it, you can draw an area.

198

00:35:27.510 --> 00:35:40.170

Paul Mitchell: Just like this, to create a community of interest and when you've

done that, and saved it as something, then you can go ahead and create a new area, you could create multiple areas somebody might have.

199

00:35:40.470 --> 00:35:46.260

Paul Mitchell: be an agricultural community of interest, but they might also have a shared community of interest, where they.

200

00:35:46.830 --> 00:35:53.130

Paul Mitchell: Take their where they go to work and their kids go to school, so they might have a second community in one a name that as well.

201

00:35:53.880 --> 00:36:05.880

Paul Mitchell: there's even the ability, sometimes it communities might overlap, you might have your working agricultural community your school and work community, then you might also have.

202

00:36:06.300 --> 00:36:10.470

Paul Mitchell: You know, a bigger you might say, well, my actual community of interest also includes.

203

00:36:11.250 --> 00:36:20.850

Paul Mitchell: Most of Stockton, because you know I work at the Stockton boys and girls club and i'm interested in keeping Stockton as one district.

204

00:36:21.690 --> 00:36:34.080

Paul Mitchell: I want to make sure that Stockton, has a voice in this county supervisor, so I want to keep this area together and you could describe that so you have the ability to create little areas big areas or even overlapping areas in the tool.

205

00:36:35.160 --> 00:36:47.820

Paul Mitchell: When you've done that you can go ahead and save it and it creates this URL that URL is something that you can actually send to a friend, you can send email into the redistricting.

206

00:36:49.170 --> 00:36:49.920

SJC Redistricting: and

207

00:36:50.040 --> 00:37:05.250

Paul Mitchell: have this become part of public testimony when we have the site made up for the county it's actually going to allow you to also submit that plan and to

save it to it goes into a gallery of maps that the public has submitted.

208

00:37:05.790 --> 00:37:13.740

Paul Mitchell: And that those maps will pull those down and provide those back to the redistricting body to get this process.

209

00:37:14.760 --> 00:37:25.380

Paul Mitchell: of going from the community of interest testimony to actual final or actual draft maps, so this process is going to be trying to seek.

210

00:37:25.800 --> 00:37:31.770

Paul Mitchell: That community of interest in a in a in a you know with the physical shapes of these areas.

211

00:37:32.070 --> 00:37:39.690

Paul Mitchell: Where the forums, the coming of interest forms will be more descriptions of areas and then thirdly you'll have people you know.

212

00:37:39.990 --> 00:37:47.790

Paul Mitchell: Calling in or showing up at meetings to verbally describe their communities of interest and they're all equally important as parts of the process.

213

00:37:48.330 --> 00:38:03.960

Paul Mitchell: And then, like I said eventually we'll have it set up so that you'll have the drawing districts tool as well, and the drawing districts tool is the same kind of functionality, where you can go into an area and draw.

214

00:38:05.280 --> 00:38:13.620

Paul Mitchell: But when you draw in this tool it's actually counting up the populations so right now is trying to dry Congressional district, I think.

215

00:38:14.760 --> 00:38:23.940

Paul Mitchell: So it'll drop the populations and then you can go to the next district and drop the populations of that district, and this tool is more for actually.

216

00:38:24.600 --> 00:38:35.850

Paul Mitchell: Drawing potential districts for a you know City Council redistricting county supervisors, or for Congressional legislative redistricting so the.

217

00:38:36.960 --> 00:38:46.290

Paul Mitchell: tool in this way doesn't allow you to overlap areas if I go into an area just going to replace instead of overlapping like the community of interest tool did.

218

00:38:46.890 --> 00:38:55.290

Paul Mitchell: But and it'll allow you to see these population total So you can see, when a districts too big and you need to erase some of it and make it smaller.

219

00:38:56.220 --> 00:39:06.270

Paul Mitchell: or it'll also allow you to see information about that district, with its population and allow you to see additional things like county boundaries.

220

00:39:06.900 --> 00:39:13.080

Paul Mitchell: It allow you to see things like the ethnicity, of the population and all these extra factors that.

221

00:39:13.710 --> 00:39:24.420

Paul Mitchell: will become part of how people think about destruction what they want to draw so all this stuff is meant to be used by the public, so it's really trying to stay.

222

00:39:25.050 --> 00:39:35.820

Paul Mitchell: Pretty user friendly and simple but and so far, as you know, all these disrupting tools go this district or program really is the one that you know.

223

00:39:36.720 --> 00:39:45.390

Paul Mitchell: Most people can use easily and that's one of the reasons why we really encouraged it for a lot of agencies to use and they're disrupting process so.

224

00:39:45.930 --> 00:39:51.450

Paul Mitchell: we're going to have a video as well that we're making as soon as your San Joaquin.

225

00:39:52.200 --> 00:40:07.860

Paul Mitchell: district or implementation goes up we're going to finish that video and get it to you, and it will have Sophia Garcia on our staff going through a presentation of how to use a software and showing some of these tools and so with that i'll go back and happy to answer any questions.

226

00:40:09.660 --> 00:40:11.430

SJC Redistricting: We have any questions for Mr Mitchell.

227

00:40:17.220 --> 00:40:20.970

SJC Redistricting: On this end appears that we have no questions to be anything online.

228

00:40:25.380 --> 00:40:35.820

SJC Redistricting: Mr Mitchell, thank you very much for your presentation very informative and I think is the process begins to move forward we're going to see some very exciting things.

229

00:40:36.870 --> 00:40:44.100

SJC Redistricting: very tedious process that we must go through in order to get where we need to be and oh it's just at the end of the day.

230

00:40:45.120 --> 00:40:48.240

SJC Redistricting: we're not that far from it, so thank you again.

231

00:40:49.980 --> 00:40:52.410

SJC Redistricting: You want to move on to the next item, the legacy data.

232

00:41:03.600 --> 00:41:08.490

Paul Mitchell: Are we going to discuss the draft that the early census data that was released.

233

00:41:09.930 --> 00:41:11.250

SJC Redistricting: Yes, that's what we're talking about.

234

00:41:11.580 --> 00:41:15.690

Paul Mitchell: Great i'm happy to talk about it did you each get the memos.

235

00:41:19.230 --> 00:41:20.580

SJC Redistricting: And the memo been.

236

00:41:22.050 --> 00:41:22.410

See.

237

00:41:24.330 --> 00:41:28.500

Paul Mitchell: Let me go ahead and i'll bring up the data that we've got so i'm.

238

00:41:28.950 --> 00:41:36.120

Paul Mitchell: The census released data on the 12th this is legacy file it's.

239

00:41:36.180 --> 00:41:37.890

Paul Mitchell: A release of the.

240

00:41:37.950 --> 00:41:39.240

Paul Mitchell: The population.

241

00:41:39.600 --> 00:41:49.830

Paul Mitchell: statewide and put into each of the census blocks, so that data, then gets built up so that we can utilize in the redistricting process.

242

00:41:50.640 --> 00:41:54.150

Paul Mitchell: there's a parallel process it's going to happen with the state.

243

00:41:55.140 --> 00:42:11.910

Paul Mitchell: The statewide database run by uc Berkeley is going to be taking that data and making adjustments to it, so that we can actually use in the redistricting process based on a State law that goes back to 2012 the state is required to.

244

00:42:13.800 --> 00:42:23.460

Paul Mitchell: adjust prison population, so instead of using the raw census data which we have access to now they're going to be adjusting it to take population out of.

245

00:42:23.640 --> 00:42:41.520

Paul Mitchell: State prison facilities and redistributing that state prison that straight prison population around the state it's going to be really only about 115,000 people that will be reallocated through this process.

246

00:42:43.200 --> 00:42:43.860

Paul Mitchell: The.

247

00:42:44.910 --> 00:42:47.070

Paul Mitchell: Of those hundred and 15,000 people.

248

00:42:47.490 --> 00:43:03.960

Paul Mitchell: The expectation is that about 90,000 of those people will actually be identified as having been previously residing somewhere in in the county and that when that happens that population.

249

00:43:04.410 --> 00:43:09.630

Paul Mitchell: will be either put into their actual homes or like into the census blocks, or where they used to live.

250

00:43:09.930 --> 00:43:19.380

Paul Mitchell: Or that it will be distributed throughout the county or if they have a city distributed throughout the city, so we have worked with.

251

00:43:20.220 --> 00:43:21.330

Paul Mitchell: The county staff.

252

00:43:21.990 --> 00:43:23.550

Paul Mitchell: who look at the.

253

00:43:24.780 --> 00:43:30.120

Paul Mitchell: existing lines and the census data and we'll be providing you.

254

00:43:30.120 --> 00:43:32.190

Paul Mitchell: With more information.

255

00:43:32.190 --> 00:43:34.920

Paul Mitchell: As we get through this process and I think Dave ballinger.

256

00:43:35.190 --> 00:43:38.040

Paul Mitchell: will in the future, one of your business meetings have.

257

00:43:39.120 --> 00:43:43.710

Paul Mitchell: A presentation, where he's going to dive into some of the real detailed work of this but.

258

00:43:44.130 --> 00:43:44.610

SJC Redistricting: Just.

259

00:43:45.390 --> 00:43:50.220

Paul Mitchell: So that you kind of get a sense of how this works, the last redistricting.

260

00:43:50.310 --> 00:44:08.610

Paul Mitchell: The county the total deviation of all its districts, meaning the largest district in the smallest district was right around a 6% total deviation there was one district that was roughly 3% underpopulated another district was roughly 3% overpopulated so you had about a 6% deviation.

261

00:44:09.630 --> 00:44:10.830

Paul Mitchell: When we look at.

262

00:44:10.890 --> 00:44:12.480

Paul Mitchell: The current.

263

00:44:12.720 --> 00:44:13.890

Population growth.

264

00:44:15.480 --> 00:44:18.060

Paul Mitchell: And the current deviation we have going into this.

265

00:44:18.060 --> 00:44:19.800

Paul Mitchell: redistricting that.

266

00:44:20.490 --> 00:44:37.950

Paul Mitchell: Now smallest district is 8% underpopulated and the largest district is almost 15% under populated, so our total deviation now is around 23% so that's a pretty big significant.

267

00:44:39.120 --> 00:44:41.400

Paul Mitchell: set of changes the.

268

00:44:42.480 --> 00:44:46.170

Paul Mitchell: district has actually grown, the most is.

269

00:44:48.660 --> 00:44:50.040

Paul Mitchell: district five.

270

00:44:51.660 --> 00:45:14.610

Paul Mitchell: district five grew by 30% so it grew from 130 7020 10 to an estimated 180,000 now so that is one of the big drivers and that's why district five is the one that is currently about 15% overpopulated another factor that will want to continue to keep an eye on is the.

271

00:45:15.810 --> 00:45:27.690

Paul Mitchell: racial and ethnic composition of those districts in the potential that in this coming redistricting you would have a new majority minority district in 2011 it appears.

272

00:45:27.690 --> 00:45:28.140

SJC Redistricting: That.

273

00:45:28.380 --> 00:45:34.680

Paul Mitchell: The most Latino district, which was district one was at 40% Latino.

274

00:45:36.060 --> 00:45:36.900

Paul Mitchell: and

275

00:45:37.980 --> 00:45:42.180

Paul Mitchell: Now that district is right around 48% Latino.

276

00:45:42.960 --> 00:45:44.220

Paul Mitchell: And so that might.

277

00:45:44.760 --> 00:45:45.240

SJC Redistricting: create a.

278

00:45:46.230 --> 00:45:48.030

Paul Mitchell: put us at an inflection point.

279

00:45:48.420 --> 00:45:56.190

Paul Mitchell: Where the county will have to consider whether or not that will need to be a majority minority district in order to comply with the Federal voting.

280

00:45:56.190 --> 00:45:57.720

Paul Mitchell: Rights Act and we're working with.

281

00:45:57.990 --> 00:46:10.350

Paul Mitchell: Your county and we'll work with you to help answer that question now that we have some more of this data and so at one year business meetings will go into much more detail I don't want to take any more time I guess from the outreach portion.

282

00:46:10.890 --> 00:46:12.270

Paul Mitchell: But that is something that.

283

00:46:12.270 --> 00:46:14.010

Paul Mitchell: will be looking at, and it will really.

284

00:46:14.070 --> 00:46:15.990

Paul Mitchell: help shape this redistricting process.

285

00:46:21.690 --> 00:46:24.600

SJC Redistricting: Any questions for Mr Mitchell just time.

286

00:46:30.060 --> 00:46:32.580

SJC Redistricting: don't seen nothing up here how about online.

287

00:46:34.890 --> 00:46:35.520

SJC Redistricting: online.

288

00:46:37.560 --> 00:46:40.830

SJC Redistricting: Mitchell do you have any other comments at this point in time.

289

00:46:43.260 --> 00:46:49.020

Paul Mitchell: No, I think that's it i'm happy to be here as a resource to you i'll be staying on, even if I turn my camera off.

290

00:46:49.500 --> 00:46:51.570

Paul Mitchell: So I can hear the rest of the hearing, thank you.

291

00:46:52.530 --> 00:46:52.950

Thank you.

292

00:46:54.060 --> 00:46:55.740

SJC Redistricting: yeah any other items.

293

00:46:59.580 --> 00:46:59.850

A.

294

00:47:02.070 --> 00:47:02.970

SJC Redistricting: Long see me.

295

00:47:04.020 --> 00:47:10.470

SJC Redistricting: In Lebanon is public comment it's very important as we can.

296

00:47:12.000 --> 00:47:23.220

SJC Redistricting: Or that we're going to encourage the public to dissipate and every shape and form that they can provide detailed information that they look at which is important.

297

00:47:23.700 --> 00:47:31.950

SJC Redistricting: To you, in your area that you can provide to the Commission and those that are providing are getting all the information that we get together.

298

00:47:34.320 --> 00:47:46.710

SJC Redistricting: So it's it's very important to allow that for torrents of transparency, so at this point in time i'd like to say Is there anyone up here that has any comments.

299

00:47:48.510 --> 00:47:49.680

SJC Redistricting: You want online.

300

00:47:51.120 --> 00:47:52.200

SJC Redistricting: Anyone from the public.

301

00:47:53.640 --> 00:47:55.740

SJC Redistricting: audience that wishes to address the Commission.

302

00:48:02.490 --> 00:48:05.190

SJC Redistricting: Any any committee members have any comments.

303

00:48:10.770 --> 00:48:12.120

SJC Redistricting: In online Sir Dave.

304

00:48:13.830 --> 00:48:21.390

SJC Redistricting: Thank you very much, if that is the case at this point in time i'm going to adjourn the meeting I have a motion to adjourn.

305

00:48:23.130 --> 00:48:23.580

SJC Redistricting: Second.

306

00:48:25.200 --> 00:48:31.980

SJC Redistricting: and property moving second to move in close the meeting all in favor signify by saying Aye Aye.

307

00:48:32.010 --> 00:48:37.980

SJC Redistricting: opposed same sign meeting closures 6:14pm.

308

00:48:42.180 --> 00:48:50.220

SJC Redistricting: hey share do you want to remind the the Rack about the photo yesterday and where are we going to take the photo at right here in front.

309

00:48:50.910 --> 00:48:51.450

Very good.

310

00:48:53.550 --> 00:48:54.570

SJC Redistricting: So if we can have.
