SJC Redistricting: Male to from the second emails from Tunisia Murray Williams opposing dividing up saml King county into three districts she wants to the Commission to keep Tracy as part of Samuel King county.

40

00:08:19.620 --> 00:08:31.320

SJC Redistricting: 30 email is from me me me me star recommending a map that takes plan he and puts later up in the central delta back in with Tracy and moves rip on an escalade and with mantega.

42

00:08:42.270 --> 00:08:51.600

SJC Redistricting: diminishing the voices in agriculture and the smaller communities, we have almonds, wine and various other crops that make up the largest economic industry in this county.

43

00:08:52.020 --> 00:09:03.960

SJC Redistricting: And should be represented fairly district for can cover the north towards Lodi and East towards farmington district five can cover the south and east past escalade this would make sure we have a voice for agriculture.

44

00:09:05.160 --> 00:09:15.570

SJC Redistricting: With emails from clifford Santiago commenting that he watched the Board of Supervisors meeting on November 2 regarding supervisor oriole redistricting

and he has concerns about his district.

45

00:09:16.860 --> 00:09:26.610

SJC Redistricting: I live in district five and I don't believe it's fair that my district is the one that has to change the most district five is South county and it's always represented the interest of South county.

46

00:09:27.420 --> 00:09:34.650

SJC Redistricting: district five should move more East, as it represents our agriculture and families that have lived in this district for over 100 years.

47

00:09:35.100 --> 00:09:42.720

SJC Redistricting: The Community east of Tracy include schools like delta Charter and new Jerusalem, we send their children into Tracy to attend high school.

48

00:09:43.530 --> 00:09:50.400

SJC Redistricting: Families also shop and spend time and Tracy South county is more than just a commuter district what doesn't have the majority of.

49

00:09:50.910 --> 00:10:05.190

SJC Redistricting: What district doesn't have the majority of their residents commuting for work, I know stocked incense many of their residents to Tracy and later up to work i'm tired of stock and getting preferential treatment at the expense of all the other cities in San Joaquin county.

50

00:10:06.480 --> 00:10:08.220

SJC Redistricting: Six emails from sherry Campbell.

51

00:10:09.360 --> 00:10:09.840

SJC Redistricting: i'm adding.

52

00:10:11.370 --> 00:10:16.680

SJC Redistricting: That when drawing a district lines that makes sense that mantega and later up should be together in district three.

53

00:10:17.160 --> 00:10:33.090

SJC Redistricting: Please look at the communities of interest, how about mantega later fire department traffic water issues shopping restaurants crime, etc, both laser up and mentee could share these important issues later, but mantega residents need to speak as one voice on these concerns.

54

00:10:34.200 --> 00:10:41.400

SJC Redistricting: Seventh email from crystal so Vieira commenting that we must make sure our agriculture industry remains a priority.

55

00:10:41.970 --> 00:10:49.920

SJC Redistricting: If you look at the community of interest draft plan he makes sure our agricultural districts districts forum five have a strong voice.

56

00:10:50.430 --> 00:10:57.690

SJC Redistricting: district three combines mantega and later up that share common interests like water traffic public safety and economic expansion.

57

00:10:58.290 --> 00:11:17.850

SJC Redistricting: district one into incorporates most of the interests in Stockton this map is fair to all communities of interest population works and what and what had been traditionally used, and finally the eighth email received at 2:05pm today from Lisa Davis who comments.

58

00:11:18.990 --> 00:11:24.690

SJC Redistricting: First i'd like to thank the Rack for all the hard work you're doing to make sure that San Joaquin county gets this right.

59

00:11:25.290 --> 00:11:30.990

SJC Redistricting: I know it isn't even an easy task, I very much appreciate your diligence and making sure that we draw the lines.

60

00:11:31.440 --> 00:11:38.670

SJC Redistricting: In a way, that considers each city's unique character, while respecting shared commonalities that make us the truly beautiful Valley, that we are.

61

00:11:39.330 --> 00:11:45.780

SJC Redistricting: fair and equitable reference representation at every level of government is critical to sustaining existing support systems.

62

00:11:46.320 --> 00:11:57.420

SJC Redistricting: while enhancing accessibility to future opportunities drawing the lines correctly helps to ensure that residents and their interests are properly represented by elected officials who reside in the local region.

63

00:11:58.020 --> 00:12:07.200

SJC Redistricting: understand the dynamics and can therefore relate to their experiences, this is why it is important to me that communities are kept toll and then we do not draw the lines that divide them.

64

00:12:07.650 --> 00:12:18.900

SJC Redistricting: drawing the lines correctly not only strengthens the moral of impacted communities strength strengthens the viability of our regional economy and increases the likelihood of appropriate funding allocations and critical resources.

65

00:12:19.380 --> 00:12:26.880

SJC Redistricting: For the needs of each district after studying and reviewing several iterations that seem new address many of the APP for meant mentioned concerns.

66

00:12:27.330 --> 00:12:42.180

SJC Redistricting: i'm pleased to express my support for maps E and North and Lodi Thank you again for your time attention and diligence on these tasks appreciate your consideration of my and other others public comments during the decision making process.

68

00:12:54.960 --> 00:12:57.690

SJC Redistricting: Thank you, thank you, Mr Fowler.

69

00:12:58.860 --> 00:13:08.100

SJC Redistricting: Before we move on Is there anyone in the audience who wishes to address the Commission anyone in the audience wishing to address the Commission.

70

00:13:13.500 --> 00:13:25.500

SJC Redistricting: In London then we'll proceed forward any rack Member disclosures any contacts with locally elected officials of the weekend or lobbyists, with a purpose employees saying the Rack.

71

00:13:27.630 --> 00:13:39.330

SJC Redistricting: forward.

74

00:13:52.980 --> 00:14:00.570

SJC Redistricting: And it was a very brief conversation probably less than five minutes, and it was informative for him to ask questions of me to.

75

00:14:00.930 --> 00:14:13.800

SJC Redistricting: Let them know what what we were tasked with when we and this process and the extensive amount of training we had before we even made it to the map drawing department, so to speak, and sound good and that was it.

76

00:14:16.860 --> 00:14:24.600

SJC Redistricting: Thank you just grumpy oh yeah I talked to a supervisor patty as well, and we just is going concern that uh he.

77

00:14:25.140 --> 00:14:38.820

SJC Redistricting: We were they were only gonna get one map or he's just trying to clarify hey do we get one map do we get a couple maps that we don't know we'll figure that out, and we talked about coming boxing matches for about five minutes total conversation about six minutes so that's it.

78

00:14:40.050 --> 00:14:40.230

SJC Redistricting: Just.

79

00:14:41.640 --> 00:14:47.250

SJC Redistricting: Just to let you know the League of women voters have asked me to come and speak this Saturday, which will really be a retrospective.

80

00:14:48.570 --> 00:14:52.950

SJC Redistricting: But another member of that panel will be somebody from the state redistricting Commission.

81

00:14:54.120 --> 00:14:56.640

SJC Redistricting: that's a Saturday, thank you just bear.

82

00:14:58.020 --> 00:15:09.030

83

00:15:09.420 --> 00:15:19.320

SJC Redistricting: I urge them to either zoom in or show up I also on the same day had another meeting with a group called the San Joaquin immigration, integration collaborative.

84

00:15:20.010 --> 00:15:31.710

SJC Redistricting: Mostly Southeast Asian and Hispanic folks and told them the same thing that this was the time they should either call in or come and talk and talk and take a look at what we got gave them the website.

85

00:15:35.640 --> 00:15:36.270

SJC Redistricting: English.

86

00:15:38.850 --> 00:15:52.380

SJC Redistricting: I have conversations on Saturday October 30 we have some advanced and Tracy the first one Lewis at the airport and I ran into two of the residents one from Antica and one from Tracy and it's like what happened as it, what do you mean.

87

00:15:53.550 --> 00:16:00.090

SJC Redistricting: What happened to new doodles mmm bye now because I thought about it and I contacted this defaulted to about it.

88

00:16:00.570 --> 00:16:11.400

SJC Redistricting: And so I basically did the same thing information were to write to where to find the map and one of them that one, it may take a still part of district five so, can you imagine.

89

00:16:11.880 --> 00:16:19.950

SJC Redistricting: If we split Tracy and his friend goes yeah we can have that so he gets it and then Mountain House had the Bali.

90

00:16:20.370 --> 00:16:29.730

SJC Redistricting: And I ran into our board of supervisors Robert recommend and briefly because it was so hard to talk there I apologize to him to this prior to that I met some people at the airport.

91

00:16:30.180 --> 00:16:39.690

SJC Redistricting: And I apologize about the new Jerusalem, it should have stayed on district by and it made a lot of sense, so what that he does, what do you mean by.

92

00:16:40.920 --> 00:16:57.180

SJC Redistricting: That so i've been that was also discussed at the Board of Supervisors me because I did watch that so I apologize to my district five about we were so involved with Stockton, and the numbers that was an oversight on my part, but we'll talk about that, today, and then.

93

00:16:58.470 --> 00:17:08.400

SJC Redistricting: Yesterday I met with a lady that was at the noon Rotary meeting that we had she also belongs to the Tracy woman's club that's been there for 100 years.

94

00:17:08.970 --> 00:17:21.450

SJC Redistricting: And she wanted me to show her some maps, so I took her my last map and gave it information so she had any concerns to also call in or right and so that was the end of the discussion well.

00:17:22.590 --> 00:17:30.480

SJC Redistricting: Thank you, thank you, Mr is it just about someone that you didn't meet with please come forward.

100

00:17:58.230 --> 00:18:07.860

SJC Redistricting: Thank you very much, the only called that I had and and I spoke about briefly about five minutes with with Mr rickman on Monday.

101

00:18:09.390 --> 00:18:18.720

SJC Redistricting: As during the conversation he had alluded to, that you know, he was upset by what he had saw an ISIS I couldn't tell by your demeanor.

102

00:18:19.860 --> 00:18:29.400

SJC Redistricting: But anyway, it was through the entire process and we talked about what what we were going through the process process that we were going through.

103

00:18:30.360 --> 00:18:41.310

SJC Redistricting: He wanted to certainly and he alluded to, and I certainly understand because when I moved to mantega in 1984 Robert Cobra was the chairperson or.

104

00:18:41.790 --> 00:18:52.290

SJC Redistricting: On on the Board of Supervisors at that time and South county of Ashkelon and repin mantega the southern portion mantega.

105

00:18:53.160 --> 00:19:04.050

SJC Redistricting: was all part of district five and, of course, today you're looking at lot higher population and what we need to look at and how we need to move forward with the process so.

106

00:19:04.950 --> 00:19:16.650

SJC Redistricting: That all lasted for about five minutes and and I think that I told him that he had to go online he had not seen any new maps that were drawn and I told him that he that he should do that.

107

00:19:17.760 --> 00:19:19.590

SJC Redistricting: And that concludes the conversation with him.

108

00:19:21.360 --> 00:19:22.110

126

00:22:15.750 --> 00:22:26.610

SJC Redistricting: In terms of the rest of schedule what's going to happen is the Board will and take action November 16 on that map and then they will be able to.

127

00:22:27.030 --> 00:22:33.840

SJC Redistricting: Take final action on the summer cell and if they want to make more adjustments, but there'll be doing it there's one more time.

128

00:22:34.350 --> 00:22:51.390

SJC Redistricting: One more meeting where they can theoretically take action on December 14 before the Constitutional deadline of December 15 so with that we begin our appreciations and then why i'd like to do is pass the baton on to this chaffee

at this point, Mr jaffe Thank you much thank.

129

00:22:57.690 --> 00:22:58.590

SJC Redistricting: You for having me back.

130

00:23:07.980 --> 00:23:16.680

SJC Redistricting: So, as we have in the much all of our meetings will start off with fair maps act criteria just a reminder.

131

00:23:18.090 --> 00:23:26.400

SJC Redistricting: we'll go through some board of supervisors comments and the koi themes will will follow that up with the three draft maps that you've all seen.

132

00:23:27.360 --> 00:23:43.950

SJC Redistricting: And then we'll talk through recommendations so let's jump in so as we all know, we're under the fair maps APP for the first time and the basic criteria that it asks us to follow throughout this process is a five fold.

133

00:23:45.660 --> 00:23:47.730

SJC Redistricting: rate relatively equal size districts.

134

00:23:48.840 --> 00:24:04.020

SJC Redistricting: Dirty shoe or contiguous right to maintain these ventures as much as practicable follow city and census doesn't even place boundaries, and then the fifth criteria is try to make them compact as much as possible.

135

00:24:06.060 --> 00:24:10.920

SJC Redistricting: All these plans that come that we're presenting to you need all these criteria.

136

00:24:12.480 --> 00:24:19.110

SJC Redistricting: And of course we're looking for your feedback, as we move forward to a recommended or recommended.

137

00:24:20.280 --> 00:24:22.890

SJC Redistricting: Two or three possible to the board of supervisors.

138

00:24:28.050 --> 00:24:41.850

SJC Redistricting: So I know David and and have talked through the lengthy process that you guys have all undertaken so thank you so much for working through and it's

such a thoughtful manner, a lot of the work product that you've seen.

139

00:24:43.020 --> 00:24:47.910

SJC Redistricting: has been has been driven by the Community input that we've had and following the process.

140

00:24:50.760 --> 00:24:58.590

SJC Redistricting: So I think one thing that's that's really important is just to remember the themes that we've talked about.

141

00:24:59.670 --> 00:25:01.200

SJC Redistricting: want to say, for the last five meetings.

142

00:25:02.370 --> 00:25:07.200

SJC Redistricting: Is unite Tracy with mountain house respect the rural agricultural areas.

143

00:25:08.220 --> 00:25:10.980

SJC Redistricting: Of the county the Western and the Eastern.

144

00:25:12.060 --> 00:25:16.260

SJC Redistricting: Back to delta we've had some conversation of making sure it's in two districts.

145

00:25:17.490 --> 00:25:20.010

SJC Redistricting: And then, with Stockton, because of its size.

146

00:25:21.060 --> 00:25:26.820

SJC Redistricting: Look at other USD lines major thoroughfares neighborhood lines as we divide it.

147

00:25:28.320 --> 00:25:34.110

SJC Redistricting: I think the Chair, so this know, maybe 15 or 20 times don't split mantega.

148

00:25:35.580 --> 00:25:39.990

SJC Redistricting: And then another great point, I think, is to unify the port in one district.

149

00:25:41.340 --> 00:25:57.000

SJC Redistricting: One supervisor can focus on that element, and then, as I think everyone is aware we've presented draft plan D to to the board of supervisors and summary of the process.

150

00:25:58.350 --> 00:26:03.600

SJC Redistricting: On the second of November, and these are the highlights I think of those comments.

151

00:26:05.490 --> 00:26:08.460

SJC Redistricting: As Commissioner Barrett is said before.

152

00:26:09.780 --> 00:26:13.530

SJC Redistricting: We should try to unify North Stockton along a mile road.

153

00:26:16.140 --> 00:26:25.920

SJC Redistricting: And to do that we can use, we can move Waterloo into district, for in the in the D to and D3 map discussions.

154

00:26:28.530 --> 00:26:32.370

SJC Redistricting: That district five should have additional unincorporated agricultural land.

155

00:26:33.990 --> 00:26:37.020

SJC Redistricting: There, this has come up a couple times we don't back.

156

00:26:39.570 --> 00:26:44.010

SJC Redistricting: He when he does this with a laser been mantega district.

157

00:26:46.650 --> 00:26:54.900

SJC Redistricting: Another discussion was having the delta and both districts, three and four, three or four and I think the last one.

158

00:26:56.970 --> 00:27:05.400

SJC Redistricting: Is last comment is pretty important and that's the idea that the Rack should recommend multiple maps to the board of supervisors.

159

00:27:07.350 --> 00:27:15.030

SJC Redistricting: One of the supervisors talked about having three plans submitted, but I think it's definitely that they'd like some options.

160

00:27:16.410 --> 00:27:21.960

SJC Redistricting: I also wanted to point out that there has been has been mapped submitted since the second.

161

00:27:23.070 --> 00:27:41.580

SJC Redistricting: And one of the public subnet maps actually submitted by Mr Commissioner mooney and I think one thing, it does really well is touch on the later mantega unification in a different iteration than the one that we present and plan he.

162

00:27:42.750 --> 00:27:54.990

SJC Redistricting: And I think there'll be time if we want to bring that map up and talk it through later in the discussion, but I just wanted to flag that and also flag, that there are additional plans out there.

163

00:27:55.800 --> 00:28:08.250

SJC Redistricting: If if you don't like the three options we have presented to you, we can pull them up and distributor we can talk them through and provide feedback of like this plan.

164

00:28:09.360 --> 00:28:15.390

SJC Redistricting: This one tweak to it and will recommend it to the board or make seven tweaks to it and recommends the board.

165

00:28:17.580 --> 00:28:29.100

SJC Redistricting: But those are the Board of Supervisors or comments to the second and then the other thing I know you're sick of is reminding us where what the current lines are.

166

00:28:31.080 --> 00:28:32.700

SJC Redistricting: And why we're here whoops.

167

00:28:33.720 --> 00:28:57.870

SJC Redistricting: Is that we're severely overpopulated right we district or is well under populated at negative 7.6% from the ideal you do it's slow growth this cycle one last 10 years district five is well overpopulated at 14.3% due to its due to the fast growth in the Tracy mountain house area.

168

00:29:01.710 --> 00:29:02.100

So.

169

00:29:03.270 --> 00:29:07.650

SJC Redistricting: i'd like to present to you D to this is where we left off the last meeting.

170

00:29:08.790 --> 00:29:16.320

SJC Redistricting: And it really makes three major major or minor depending on what you how you look at it changes to Plan D.

171

00:29:17.760 --> 00:29:22.530

SJC Redistricting: We we moved blind to purging for to unify country club.

172

00:29:23.910 --> 00:29:38.610

SJC Redistricting: We moved as quite a bit, but not not as much as you'll see in D3 but we moved the northern border of district two to eight mile road along the northwestern corner and then we moved marotta over into district three.

173

00:29:39.690 --> 00:29:41.700

SJC Redistricting: So the next these maps.

174

00:29:42.810 --> 00:29:43.950

SJC Redistricting: Go those changes.

175

00:29:47.010 --> 00:29:53.820

SJC Redistricting: And you can also see with the overlay of the current lines that this, although this is.

176

00:29:55.200 --> 00:29:57.780

SJC Redistricting: Somewhat a minor or.

177

00:29:59.340 --> 00:30:11.670

SJC Redistricting: connecting the the preserving sorry the core is of current districts, it is a major alteration right district three really changes orientation in both de de to MP3.

178

00:30:13.320 --> 00:30:26.970

SJC Redistricting: I think you'll see with Plan D, which really came from a lot of the supervisor comments you've created another plan for you as an option to discuss and.

179

00:30:28.140 --> 00:30:30.900

SJC Redistricting: And just to or or just up through.

180

00:30:32.700 --> 00:30:35.130

SJC Redistricting: So you can see in this plan.

181

00:30:36.480 --> 00:30:38.370

SJC Redistricting: It is it's deviation.

182

00:30:39.990 --> 00:30:40.680

SJC Redistricting: Is.

183

00:30:42.240 --> 00:30:43.470

SJC Redistricting: 5.4%.

184

00:30:46.260 --> 00:30:54.300

SJC Redistricting: So we're well within the 10% we can use on total deviation, so there is abilities to shift.

185

00:30:55.500 --> 00:30:59.820

SJC Redistricting: This district if there's interest course The other thing to note is.

186

00:31:01.050 --> 00:31:11.880

SJC Redistricting: district one Latino see that it's 49.4% so it's well above where we want to be it above 47.7 so that checks the box.

187

00:31:14.610 --> 00:31:15.600

SJC Redistricting: A D3.

188

00:31:17.160 --> 00:31:25.380

SJC Redistricting: was a further change from D to incorporating some of the Board of Supervisors comments on this one.

189

00:31:26.520 --> 00:31:30.990

SJC Redistricting: We were able to move districts to line eight mile road.

190

00:31:32.940 --> 00:31:37.830

SJC Redistricting: And this was accommodated by shifting district three.

191

00:31:39.450 --> 00:31:45.840

SJC Redistricting: West into more of into Stockton moving Waterloo into district four and then.

192

00:31:47.190 --> 00:32:05.460

SJC Redistricting: weaving district five further east to include some of the unincorporated territory under mantega you can see that we don't go all we don't go, we don't go past Ripon, but we do incorporate some unincorporated ag agricultural land South mantega in district.

193

00:32:08.010 --> 00:32:08.730

SJC Redistricting: You can see.

194

00:32:10.650 --> 00:32:19.320

SJC Redistricting: That district three is really kind of those French camp, it has all of mantega but its foot has been removed.

195

00:32:20.370 --> 00:32:26.370

SJC Redistricting: This was moved into five, then you can see what happened with this or to this one stays the same.

196

00:32:27.480 --> 00:32:29.400

SJC Redistricting: But district three has moved.

197

00:32:30.510 --> 00:32:33.810

SJC Redistricting: westward to take in more of Stockton.

198

00:32:35.340 --> 00:32:51.420

SJC Redistricting: and district two is then allowed to move north to operate all of eight all long eight mile road, those are the major shifts and you can see that both marotta and Waterloo are in district four now so district for us is.

199

00:32:53.100 --> 00:32:54.750

SJC Redistricting: into another small community.

200

00:32:59.520 --> 00:33:01.710

SJC Redistricting: These are the current lines again.

201

00:33:03.090 --> 00:33:08.280

SJC Redistricting: Although there are changes it's still has it slightly different architecture than the current lines.

202

00:33:10.020 --> 00:33:14.850

SJC Redistricting: The final plan Oh, we should go through deviations so this.

203

00:33:15.930 --> 00:33:23.250

SJC Redistricting: creation is much larger 9.4% we really tested the upper bounds on this plan.

204

00:33:24.270 --> 00:33:30.060

SJC Redistricting: But you can see that district one hasn't changed since 19 49.4.

205

00:33:31.080 --> 00:33:32.850

SJC Redistricting: dyslexia coming forward a little bit.

206

00:33:34.950 --> 00:33:37.740

SJC Redistricting: So that so that's that's plan D3.

207

00:33:39.060 --> 00:33:40.980

SJC Redistricting: The final plan plan he.

208

00:33:42.780 --> 00:33:47.280

SJC Redistricting: is a major modification we've seen plans like this in the past.

209

00:33:48.390 --> 00:33:59.850

SJC Redistricting: But the real impetus for this was comments about how district five has lost its South county action and it's ag connection.

210

00:34:01.350 --> 00:34:09.600

SJC Redistricting: And the wish to move it Easter easterly So you can see that it picks up repin and Ashkelon.

211

00:34:11.310 --> 00:34:20.010

SJC Redistricting: Other element that this inches is that it moves mantega and lay throw up into a district that's now Western and includes.

212

00:34:23.160 --> 00:34:25.620

SJC Redistricting: Well, I think those are the major architectural changes.

213

00:34:26.790 --> 00:34:31.170

SJC Redistricting: This plan, and you can see that well this next.

214

00:34:32.400 --> 00:34:36.180

SJC Redistricting: You can see that this is much closer to the course of the current district lines.

215

00:34:38.010 --> 00:34:40.800

SJC Redistricting: Where district five is actually grown.

216

00:34:42.480 --> 00:34:54.030

SJC Redistricting: Probably larger by area by picking up escalate and and repin with the unincorporated most of the unincorporated areas along our south of the border.

217

00:34:55.230 --> 00:35:00.900

SJC Redistricting: And you can see that this line here is basically the mantega.

218

00:35:02.010 --> 00:35:11.610

SJC Redistricting: The border and later border so both Michigan later or holy within district three goes up into French camp and then takes an adult.

219

00:35:13.290 --> 00:35:16.530

SJC Redistricting: You can see, though, that district one is easy aim.

220

00:35:17.640 --> 00:35:26.550

SJC Redistricting: district two is very similar to the be where it goes up to the eight mile or a mile road.

221

00:35:27.900 --> 00:35:34.530

SJC Redistricting: And then district for as it's got the that set that that's seven again.

222

00:35:35.970 --> 00:35:38.100

SJC Redistricting: So it's it's very similar to.

223

00:35:39.570 --> 00:35:41.820

SJC Redistricting: Our construction that we're in the D amp D.

224

00:35:45.270 --> 00:35:48.210

SJC Redistricting: And then checking for deviations we've got.

225

00:35:50.700 --> 00:35:54.600

SJC Redistricting: 5.2%, so this is a much closer in deviation.

226

00:35:55.860 --> 00:35:56.310

SJC Redistricting: and

227

00:35:57.480 --> 00:36:01.920

SJC Redistricting: got a 94.3% so there was a slight alteration I guess of district one.

228

00:36:03.180 --> 00:36:09.630

SJC Redistricting: By 1.1% so it's still above that 47.7 ideal that we're looking towards.

229

00:36:14.790 --> 00:36:18.600

SJC Redistricting: So now, what we really need to work through for the rest of the evening.

230

00:36:20.010 --> 00:36:30.270

SJC Redistricting: is going through these draft plans proposing changes that you like made to your final recommendations and then take a vote of the Committee.

231

00:36:31.320 --> 00:36:34.980

SJC Redistricting: On what recommended plans you'd like to move forward to the board of supervisors.

232

00:36:37.050 --> 00:36:39.180

SJC Redistricting: For one would like to see Mr moonies.

233

00:36:40.530 --> 00:36:41.490

SJC Redistricting: iteration of that.

234

00:36:59.550 --> 00:37:00.570

SJC Redistricting: So this is.

235

00:37:02.730 --> 00:37:09.030

SJC Redistricting: ceremonies new map and you can see that he's created this.

236

00:37:10.980 --> 00:37:11.310

Right right.

237

00:37:14.100 --> 00:37:14.550

So.

238

00:37:15.930 --> 00:37:19.110

SJC Redistricting: he's he's connected like in a lot of our maps.

239

00:37:20.280 --> 00:37:31.110

SJC Redistricting: racy mountain house and later up together he's moved mantega into a district that that includes escalade and repin in the western portion of the.

240

00:37:33.180 --> 00:37:34.230

SJC Redistricting: Eastern Thank you.

241

00:37:35.490 --> 00:37:46.290

SJC Redistricting: Thank you, and then he's and he's drawn a new district three that includes Western Stockton, and goes up and includes Lodi.

242

00:37:49.410 --> 00:37:56.790

SJC Redistricting: district one is is a little bit larger than the ones we've we've seen but it's it's see that.

243

00:37:57.900 --> 00:38:03.600

SJC Redistricting: is above the 47.7% target it's at 48.5.

244

00:38:05.670 --> 00:38:13.920

SJC Redistricting: And you also have a similar well similar cut in in Stockton.

245

00:38:15.090 --> 00:38:15.660

SJC Redistricting: This is.

246

00:38:20.310 --> 00:38:20.850

SJC Redistricting: is hurting.

247

00:38:24.300 --> 00:38:27.210

SJC Redistricting: And one at one point, hopefully, the streets come up.

248

00:38:28.230 --> 00:38:37.110

SJC Redistricting: But I believe this is harding to Wilson, you also can see, I believe this is purging so that we have country club whole like we have like we talked about last meeting.

249

00:38:40.170 --> 00:38:45.690

SJC Redistricting: The other The other element to look at is it's very well balanced so.

250

00:38:50.640 --> 00:38:51.870

SJC Redistricting: Country club is actually.

251

00:38:53.580 --> 00:38:57.570

SJC Redistricting: Let them be that the original or is that the be this is be.

252

00:39:00.450 --> 00:39:00.690

SJC Redistricting: Yes.

253

00:39:03.540 --> 00:39:08.130

SJC Redistricting: Oh, I see where you're saying i'm sorry you're right always focused too much on the eastern.

254

00:39:10.830 --> 00:39:14.850

SJC Redistricting: But I think one of the things with this map because it's deviation is.

255

00:39:20.790 --> 00:39:24.660

SJC Redistricting: One or 2% point Point seven six yeah then.

256

00:39:25.740 --> 00:39:28.230

SJC Redistricting: There, there can be changes like if we wanted to, we could.

257

00:39:29.460 --> 00:39:32.280

SJC Redistricting: and ensure country club was whole.

258

00:39:34.500 --> 00:39:34.770

SJC Redistricting: That.

259

00:39:36.150 --> 00:39:39.660

SJC Redistricting: So I think this is an option that.

260

00:39:41.400 --> 00:39:42.150

SJC Redistricting: follows.

261

00:39:43.770 --> 00:39:56.220

SJC Redistricting: From the Board of Supervisors discussions and is an option consideration, like all the other publicly submitted maps and if anyone wants to bring up effect district or map that they love.

262

00:39:58.410 --> 00:40:09.300

SJC Redistricting: work through as a as a Commission, we can do that, I also have an aptitude ready, so if we want to pull up the two or D3 or E, we can close up and do live line drawing.

263

00:40:13.020 --> 00:40:18.120

SJC Redistricting: Okay, so before we go down and open up public here and again.

264

00:40:19.440 --> 00:40:29.970

SJC Redistricting: it's going to allow anyone in the audience to ask questions like to address the Commission anyone have any questions, yes, Sir, please come forward.

265

00:40:36.870 --> 00:40:38.820

SJC Redistricting: Welcome, thank you for being here.

266

00:40:42.360 --> 00:40:43.320

SJC Redistricting: Is Francisco Galvin.

267

00:40:44.370 --> 00:40:47.820

SJC Redistricting: I live in the Community, the small community.

268

00:40:51.360 --> 00:40:55.020

SJC Redistricting: mean arch and money balsa.

269

00:40:56.370 --> 00:41:00.930

SJC Redistricting: And what I heard right now about the map that district one wasn't going to change.

270

00:41:03.150 --> 00:41:05.100

SJC Redistricting: In the map that was shown earlier.

271

00:41:06.180 --> 00:41:06.750

SJC Redistricting: Where.

272

00:41:08.100 --> 00:41:10.080

SJC Redistricting: we're going to switch over to another district.

273

00:41:13.650 --> 00:41:24.270

SJC Redistricting: One and all of that Okay, so if I could ask Mr chaffee could you we bring that up and then answer this gentleman's question.

274

00:41:28.710 --> 00:41:29.550

SJC Redistricting: And you had earlier.

275

00:41:33.390 --> 00:41:33.750

SJC Redistricting: Any of.

276

00:41:35.310 --> 00:41:36.000

SJC Redistricting: These are the.

277

00:41:41.220 --> 00:41:47.040

SJC Redistricting: Question Are you concerned about staying in district one, are you worried about moving yeah that's our that's our standard district one.

278

00:41:49.830 --> 00:41:50.820

SJC Redistricting: This is the current.

279

00:41:52.470 --> 00:41:54.810

SJC Redistricting: This is the op the district one.

280

00:41:55.890 --> 00:41:58.830

SJC Redistricting: delay with the current lines, you can see that.

281

00:42:00.690 --> 00:42:02.430

SJC Redistricting: traces and maybe.

282

00:42:09.570 --> 00:42:10.230

SJC Redistricting: frontage.

283

00:42:14.100 --> 00:42:14.730

SJC Redistricting: Road and.

284

00:42:18.300 --> 00:42:21.960

SJC Redistricting: it's your way, do you determine how far out of the district.

285

00:42:23.580 --> 00:42:26.370

SJC Redistricting: city is is, I guess, we get cut off.

286

00:42:29.010 --> 00:42:40.530

SJC Redistricting: As the maps are showing 99 the boundary and they're just on the east side of the right there just on the east side in 99 all the streets that run off the frontage road.

287

00:42:43.830 --> 00:42:45.330

SJC Redistricting: yeah are using the art.

288

00:42:47.220 --> 00:42:57.540

SJC Redistricting: Music so district one currently and it's in D3 form uses our users 99 put this yeah.

289

00:43:02.580 --> 00:43:04.350

SJC Redistricting: We on the east side or West side of it.

290

00:43:18.450 --> 00:43:20.850

SJC Redistricting: And what is the population of that area.

291

00:43:21.870 --> 00:43:22.860

SJC Redistricting: That we're talking about.

292

00:43:26.250 --> 00:43:28.620

SJC Redistricting: Also, about 700 700.

293

00:43:30.000 --> 00:43:30.870

SJC Redistricting: which exceeds.

294

00:43:32.130 --> 00:43:34.140

SJC Redistricting: The minimum technical number.

295

00:43:36.690 --> 00:43:38.580

SJC Redistricting: of Community there, unlike.

296

00:43:44.850 --> 00:43:45.210

SJC Redistricting: archie.

297

00:43:48.960 --> 00:43:49.650

SJC Redistricting: can deny.

298

00:43:53.190 --> 00:43:54.120

SJC Redistricting: hey this one doesn't it.

299

00:44:21.450 --> 00:44:22.950

SJC Redistricting: I think it's right here.

300

00:44:26.940 --> 00:44:28.920

SJC Redistricting: Clark drive my car, drive.

301

00:45:02.850 --> 00:45:05.670

SJC Redistricting: Oh, if we want to include all area.

302

00:45:21.840 --> 00:45:27.180

SJC Redistricting: that's the number that you have Mr ballinger 700 net area that.

303

00:45:30.210 --> 00:45:31.050

SJC Redistricting: it'd be taken in.

304

00:45:34.950 --> 00:45:36.450

SJC Redistricting: yeah 712 what I have.

305

00:45:38.730 --> 00:45:55.020

SJC Redistricting: It drop our Latino see that number 240 8.87 which is just above the 47.7 that we were trying to reach are you and map up, this is a de Tu.

306

00:45:58.200 --> 00:45:59.250

SJC Redistricting: But i'm happy.

307

00:46:00.270 --> 00:46:03.840

SJC Redistricting: You know I would have to switch oh I.

308

00:46:05.280 --> 00:46:08.010

SJC Redistricting: only have one operating GIs map, at a time.

309

00:46:09.180 --> 00:46:09.870

SJC Redistricting: This roster.

310

00:46:11.220 --> 00:46:19.320

SJC Redistricting: Chris I have a question about, Commissioner, ladies map on the cup side.

311

00:46:20.880 --> 00:46:32.520

SJC Redistricting: Yes, not clear to me, which would be preferred by anybody, but if we were to be unified in the context of this vr a question of district one either by.

312

00:46:33.360 --> 00:46:48.180

SJC Redistricting: Pushing all of it into the portion, that is to the West, which I believe is in this Commissioner minis three is a new novel three all country club was in that district three presumably that would increase.

313

00:46:49.260 --> 00:46:50.820

SJC Redistricting: The Latino population in one.

314

00:46:52.140 --> 00:46:56.280

SJC Redistricting: Bringing the percentage percentage by bringing that line, all the way to pershing.

315

00:46:57.540 --> 00:47:04.170

SJC Redistricting: And then might accommodate this community of interest that we

have here tonight by including it in one.

316

00:47:06.180 --> 00:47:18.420

SJC Redistricting: Of those that that could be a swap that perhaps benefits country club being the other and maintaining as a solid vre number for district, one that makes sense yeah I mean I think what you're.

317

00:47:20.130 --> 00:47:28.350

SJC Redistricting: swapping out country club or this portion work I just with district one we've kind of locked it in.

318

00:47:33.210 --> 00:47:36.060

SJC Redistricting: All right, so I don't want to say I can or can't do.

319

00:47:37.140 --> 00:47:39.960

SJC Redistricting: It right actually and I think my only other comment on this was just the.

320

00:47:41.550 --> 00:47:46.140

SJC Redistricting: This map starts out like last meeting with such a tight.

321

00:47:48.870 --> 00:48:01.020

SJC Redistricting: similarity between all the five districts, that we have some play yeah that's the that's the beauty of this initial starting point if we're talking about making modifications, we have room to modify because it starts out so equal.

322

00:48:09.030 --> 00:48:20.100

SJC Redistricting: Before we finish we're good we're going to bring this issue back in order to to take a look at it before we conclude this evening and how we can see how we can make that happen.

323

00:48:21.270 --> 00:48:21.720

SJC Redistricting: So.

324

00:48:23.250 --> 00:48:28.380

SJC Redistricting: Any other comments from from the public, any other comments from the public.

325

00:48:30.060 --> 00:48:32.190

SJC Redistricting: The nominal bring it back up front.

326

00:48:34.080 --> 00:48:35.400

SJC Redistricting: So any questions.

327

00:48:37.980 --> 00:48:51.780

SJC Redistricting: yeah penske so we have these three maps specifically here stapled together for a reason, I presume, or they just or is this kind of feedback have from the supervisors is at random, I mean I got three maps stapled together.

328

00:48:53.190 --> 00:49:05.400

SJC Redistricting: Just kind of curious about Mr chappie answer this but i'm is just an assumption, this is where we came off at the last meeting off of the D maps asking into start pulling and picking and seeing what we can do to improve.

329

00:49:06.480 --> 00:49:06.930

SJC Redistricting: The map.

330

00:49:07.980 --> 00:49:26.700

SJC Redistricting: as we go forward, I think the the two and three really came from discussions from the from the last meeting that were also informed by D3 is also informed by the comments by the supervisors and then I think plan he.

331

00:49:27.720 --> 00:49:37.050

SJC Redistricting: really was something that we felt as a team had to present to you because of the image from the board, just as so that.

332

00:49:38.460 --> 00:49:39.180

SJC Redistricting: In one uh.

333

00:49:40.770 --> 00:49:47.070

SJC Redistricting: But through all this process all the all the work and the board to create a completely different.

334

00:49:48.270 --> 00:49:54.120

SJC Redistricting: APP at the end of the day, right, so we wanted to let the show you a version of.

335

00:49:55.410 --> 00:50:04.920

SJC Redistricting: comments from the board, that was a starting point for discussion for for for you to undertake so that kind of leads me in.

336

00:50:06.000 --> 00:50:16.200

SJC Redistricting: I mean we basically send them a first draft, they sent me back with some edits essentially and that's what before us and that's kind of I would really like to work spend a lot of time working off these three maps.

337

00:50:16.800 --> 00:50:22.740

SJC Redistricting: If we keep looking at these other maps they really aren't taking the supervisors comments in the consideration, whereas I feel these maps are.

338

00:50:23.730 --> 00:50:31.710

SJC Redistricting: So if we just keep adding maps and adding maps were just having the same discussion we're going to send it up to the supervisors are gonna be like well this isn't what we were talking about.

339

00:50:32.760 --> 00:50:38.010

SJC Redistricting: Then it were at that point, I don't mind, including another map or anything but I feel like we were given these three maps for a reason.

340

00:50:41.760 --> 00:50:42.570

SJC Redistricting: Any other comments.

341

00:50:44.700 --> 00:50:44.940

there.

342

00:50:46.710 --> 00:50:58.350

SJC Redistricting: I like the three because I remember when I watched the supervisors meeting Kathy Miller did say, and I think she made a point that I hadn't remembered.

343

00:50:58.770 --> 00:51:06.450

SJC Redistricting: That starts in that Lodi really doesn't want any of Stockton, and I think that's absolutely correct knowing people who live in both.

344

00:51:06.840 --> 00:51:21.840

SJC Redistricting: I like the three because it takes up to eight mile road, which is the upper limits of Stockton, and it keeps it away from annoying Lodi because we would not like to enjoy our cities, if at all possible, so yeah.

345

00:51:23.190 --> 00:51:31.230

SJC Redistricting: I like that one stalking doesn't necessarily want Lodi either some in some cases, well absolutely you're right you're right absolutely true.

346

00:51:32.280 --> 00:51:33.930

SJC Redistricting: Mr Kong I mean do you have.

347

00:51:34.950 --> 00:51:47.070

SJC Redistricting: A very interesting, I just wanted to ECHO both Chris and to ensure gretzky's comments were this iterative process is both a.

348

00:51:48.210 --> 00:51:58.830

SJC Redistricting: So the input we got the board, and what we felt like we heard from the board as well as some of you folks might have watched it and so we're trying to address it, by providing you basically some options.

349

00:52:01.500 --> 00:52:01.950

SJC Redistricting: Yes, ma'am.

350

00:52:03.750 --> 00:52:06.600

SJC Redistricting: First of all, I would like to thank.

351

00:52:07.710 --> 00:52:08.430

SJC Redistricting: The team.

352

00:52:09.870 --> 00:52:20.190

SJC Redistricting: consultants, as well as the staff for having discuss these issues with the supervisors and taking their input to heart and giving us some plans that we can review.

353

00:52:22.590 --> 00:52:37.530

SJC Redistricting: I, I will say I like the improvements to North stocked in district two in both plan, as well as planned, the break, I think it does create a more whole region in North Stockton.

354

00:52:38.970 --> 00:52:40.800

SJC Redistricting: element plenty.

355

00:52:44.100 --> 00:52:50.370

SJC Redistricting: I don't want to speak to district five and, but there is.

356

00:52:51.960 --> 00:52:57.540

SJC Redistricting: Less of disruption from the current districts mine, a man tikka is kept whole.

357

00:53:00.030 --> 00:53:19.470

SJC Redistricting: The, as I mentioned earlier, North Stockton, is in good shape and mantega and laser up most likely have a number of issues that do overlap, even though recognizing that later it might have a little bit more Western facing mantega a little more egg facing i'd leave that to.

358

00:53:21.030 --> 00:53:23.010

SJC Redistricting: Her to speak but anyway i'm.

359

00:53:24.600 --> 00:53:25.830

SJC Redistricting: he's just some Bible options.

360

00:53:27.810 --> 00:53:30.810

SJC Redistricting: will go to Mr more wit and then miss menino.

361

00:53:32.820 --> 00:53:38.400

SJC Redistricting: When we left last meeting, well, we were feeling good about D3 and.

362

00:53:40.920 --> 00:53:53.010

SJC Redistricting: But most remember this is an advisory Commission and I knew that when I signed up for it, which means that you can do a lot of work and then people can change but, that being said, that is exactly what the.

363

00:53:53.880 --> 00:54:02.130

SJC Redistricting: board of supervisors had voted for, they had two alternatives one was a independent and then one was an advisor they chose the advisory so.

364

00:54:03.930 --> 00:54:12.900

SJC Redistricting: Like I said going into the last meeting and leaving I felt more comfortable with D3 or something close to that we know what are some modifications marotta staying in for.

365

00:54:14.040 --> 00:54:20.610

SJC Redistricting: But after watching the comments and the ultimately those are the folks that are going to make the decision.

366

00:54:23.130 --> 00:54:25.560

SJC Redistricting: Actually, in the antique area, we would be.

367

00:54:26.580 --> 00:54:29.010

SJC Redistricting: plan he which I think was a great.

368

00:54:30.570 --> 00:54:49.260

SJC Redistricting: event from the staff to come forward, based on their recommendation so like I said, my my boat will be based on what I think will sort of fly with the supervisors and still keep all these communities of interest in place and make sure we have the numbers that move forward but.

369

00:54:51.780 --> 00:55:00.600

SJC Redistricting: You know, he he is a lot different than D3 but the same token, it seems to be with the supervisors hinted at and I haven't hinted had said.

370

00:55:02.040 --> 00:55:14.820

SJC Redistricting: And that would be and i'm sure there's going to be some changes once they go to that meeting and say I think we've narrowed it down, but I think definitely he isn't the new contender for tonight's meeting, in my opinion, thank you it's been you know.

371

00:55:18.030 --> 00:55:23.640

SJC Redistricting: I watched the Board of Supervisors meeting and resolve say that, like and.

372

00:55:26.160 --> 00:55:27.090

Brian soft and don't.

373

00:55:34.410 --> 00:55:38.670

SJC Redistricting: I was a little bit baffled I some rick.

374

00:55:40.440 --> 00:55:41.610

SJC Redistricting: But I would say.

375

00:55:43.800 --> 00:55:44.910

SJC Redistricting: I want to encourage the.

376

00:55:45.960 --> 00:55:46.320  
SJC Redistricting: Are.

377  
00:55:48.000 --> 00:55:50.910  
SJC Redistricting: to stick to what we initially wanted, which is.

378  
00:55:53.070 --> 00:55:55.410  
SJC Redistricting: Full and to the original.

379  
00:55:57.900 --> 00:56:03.420  
SJC Redistricting: Our ideas and what what our goals were for this process because I think some of their comments went against.

380  
00:56:04.470 --> 00:56:10.560  
SJC Redistricting: What we feel like our so county as a whole needs and.

381  
00:56:13.140 --> 00:56:15.270  
SJC Redistricting: I, the only thing I don't.

382  
00:56:16.470 --> 00:56:17.160  
SJC Redistricting: Love about.

383  
00:56:18.360 --> 00:56:21.180  
SJC Redistricting: And he is that well.

384  
00:56:23.220 --> 00:56:34.470  
SJC Redistricting: doesn't take into account a lot of South county I think you lose the communities of interest of the farmers and the AG in escalade and repin they don't have anything.

385  
00:56:35.670 --> 00:56:36.570  
SJC Redistricting: or not similar.

386  
00:56:37.920 --> 00:56:54.600  
SJC Redistricting: AC is not similar and we're in a we're in a lose lose situation at some point somebody's got to give somebody going to lose, and unfortunately for district five they've had the most growth their district, naturally, and to continually overtime.

387

00:56:55.920 --> 00:56:56.400  
SJC Redistricting: lose.

388  
00:56:57.900 --> 00:57:03.420  
SJC Redistricting: Some art bell because they have the most dense population.

389  
00:57:04.470 --> 00:57:09.300  
SJC Redistricting: that's just the long and the short of it, and so I, I think.

390  
00:57:10.680 --> 00:57:12.570  
SJC Redistricting: The three addresses as much as we.

391  
00:57:13.800 --> 00:57:16.080  
SJC Redistricting: I don't think that know.

392  
00:57:18.210 --> 00:57:22.650  
SJC Redistricting: The ideal world sure anti gun laser would be together and.

393  
00:57:25.170 --> 00:57:26.940  
On other thing oh.

394  
00:57:28.260 --> 00:57:30.480  
SJC Redistricting: I like this.

395  
00:57:33.150 --> 00:57:36.840  
SJC Redistricting: or of the south county to keep the ag land.

396  
00:57:38.940 --> 00:57:41.760  
SJC Redistricting: keeps the Delta, but I think you got to play.

397  
00:57:45.900 --> 00:57:49.830  
SJC Redistricting: Yes, Miss English Thank you appreciate your input.

398  
00:57:51.120 --> 00:57:54.150  
SJC Redistricting: I like plan he because of.

399  
00:57:56.550 --> 00:57:56.820  
SJC Redistricting: here.

400

00:57:57.870 --> 00:58:09.510

SJC Redistricting: Is later up em antica also growing so keep that in mind, I mean it's been a news it's been in the mentee the Bulletin and lights up right now is in the process of hiring what 24 please.

401

00:58:10.290 --> 00:58:21.960

SJC Redistricting: And I know that the fire district for later up empty, it has a fire department, but they also cover the outer part and the will part of antica will be the light a fire.

402

00:58:22.710 --> 00:58:40.380

SJC Redistricting: So I like the idea of LACE up me take a being together because, as you can see, this here and then based in mountain house eventually will maybe go to the other or further out but Tracy does have a lot of AG, and like to see, I really after.

403

00:58:42.120 --> 00:58:49.530

SJC Redistricting: The meeting that we had and I went back and I reviewed the maps and I kept going over it, that and I believe I even wrote to.

404

00:58:50.970 --> 00:58:52.560

SJC Redistricting: Fowler on it that.

405

00:58:53.610 --> 00:59:04.650

SJC Redistricting: The meeting prior to this one, I asked for that matt was from west to east so that was my concern at that time, too, and it wasn't bought back at our last meeting but.

406

00:59:05.160 --> 00:59:21.090

SJC Redistricting: This is similar to it so i'd like he D3 is is good that, for me, but he keeps a laser beam and ticket together and it keeps Tracy and mountain House together and still have the ag line I mean.

407

00:59:22.110 --> 00:59:25.680

SJC Redistricting: Our farm line, so I agree with.

408

00:59:27.090 --> 00:59:45.900

SJC Redistricting: So on me it's I think it's it was really well done, you know, considering we didn't even talk about that much on this map, so I support plenty and we have to submit to map, then that will be great and let them decide, you know once

I get everybody on this side, yes.

409

00:59:47.250 --> 00:59:58.050

SJC Redistricting: I arrived here tonight, under the presumption of what we had kind of agreed at the last meeting at the end, which was that we and we voted, I think it was unanimous that we would.

410

00:59:59.400 --> 01:00:05.490

SJC Redistricting: focus on the what is now Plan D, which was, I think, whatever it was the last meeting.

411

01:00:06.630 --> 01:00:13.440

SJC Redistricting: With the corrections that we gave Chris for North Stockton fixing purging country club all those changes that we gave them.

412

01:00:14.010 --> 01:00:22.350

SJC Redistricting: And they came back with some the two good options, I think, for Dean D3 and I thought that we were going to narrow it down to a single map.

413

01:00:22.710 --> 01:00:28.740

SJC Redistricting: And we were going to kind of decide between the versions of D that arrived after the Board of Supervisors comments.

414

01:00:29.670 --> 01:00:44.790

SJC Redistricting: I think it's clear that we can't follow the plan that we arrived at two weeks ago, which is to try to narrow it like I just said, we can really have to give them different choices they asked for it, and I agree with Commission Mr with our job is to kind of COMP with our advisory.

415

01:00:46.080 --> 01:00:55.830

SJC Redistricting: position and advise, but we have to be cognizant of the context within which that advice will arrive and they're clearly asking for different architectures.

416

01:00:56.910 --> 01:01:13.740

SJC Redistricting: i'm not trying to shortcut any process, but I think between the two and D3 it seems to me there's some sense of unanimity, I also like D3 that if we said end to end three honoring the process of the last many weeks we kind of that procedural.

417

01:01:15.420 --> 01:01:21.690

SJC Redistricting: This whole process I guess is a better way of saying it we kind of arrived at a D3 those kind of the iteration process that we arrived at.

418

01:01:22.890 --> 01:01:38.280

SJC Redistricting: At the end, we see this map he that I think a lot of people like completely different, I would also recommend Commissioner monies map, I really liked it and I think sending a map that has very balanced districts that.

419

01:01:39.330 --> 01:01:49.320

SJC Redistricting: Each together a lot of the value that we arrived at over the last many weeks and gives the order an opportunity to make changes, like the one we recommended tonight the.

420

01:01:49.890 --> 01:02:01.470

SJC Redistricting: bump country club over the public comment include that vr a question and keep district, whatever they send them a map that we can all agree on is good map if it was essentially that map.

421

01:02:02.490 --> 01:02:03.030

SJC Redistricting: But with.

422

01:02:04.080 --> 01:02:16.500

SJC Redistricting: High tolerance between the district, so that they can move things around Those are three maps that meets the three architecture question that they have it honors our process with the D map and.

423

01:02:17.490 --> 01:02:24.570

SJC Redistricting: gives them really good options that I think honors and respects everything that we've kind of brought to this process, like a three maps.

424

01:02:25.800 --> 01:02:32.040

SJC Redistricting: yeah well, one thing is all of the district one lines.

425

01:02:33.300 --> 01:02:36.300

SJC Redistricting: At north, south side of garden acres.

426

01:02:37.350 --> 01:02:38.250

SJC Redistricting: Use the line.

427

01:02:39.330 --> 01:02:44.370

SJC Redistricting: mormon slew which it cuts off the south garden acres area.

428

01:02:45.390 --> 01:02:47.370

SJC Redistricting: I mean that line should go down.

429

01:02:47.460 --> 01:02:48.840

Probably Gillis roads.

430

01:02:49.860 --> 01:02:50.730

SJC Redistricting: To farmington.

431

01:02:50.940 --> 01:02:51.630

And back in.

432

01:02:54.270 --> 01:02:56.820

SJC Redistricting: The it's a big population area there that.

433

01:02:58.200 --> 01:02:59.790

SJC Redistricting: All part of the garden acres area.

434

01:03:01.500 --> 01:03:02.130

SJC Redistricting: eliminated.

435

01:03:03.690 --> 01:03:10.830

SJC Redistricting: Other than that, you know the D3 is not bad, except like you say, if you if you give it to them.

436

01:03:11.910 --> 01:03:20.040

SJC Redistricting: They want to tweak anything you're already at the D3 is already a 9.4% deviation so there's not much wiggle room.

437

01:03:22.050 --> 01:03:22.830

SJC Redistricting: No, I don't.

438

01:03:24.150 --> 01:03:30.330

SJC Redistricting: I I did that map that I did I just kind of let me tweak this thing a little bit, and then I.

439

01:03:31.410 --> 01:03:32.610  
SJC Redistricting: One thing what I did was.

440  
01:03:35.250 --> 01:03:38.070  
SJC Redistricting: dori all the West delta is all in one district.

441  
01:03:39.570 --> 01:03:39.780  
The.

442  
01:03:41.040 --> 01:03:44.790  
SJC Redistricting: eastern side of the county all that ag land is in one district.

443  
01:03:46.410 --> 01:03:49.650  
SJC Redistricting: antica Ripon escalade they're all together.

444  
01:03:51.540 --> 01:03:54.900  
SJC Redistricting: And I to me it's more compact, and some of these other Members.

445  
01:03:56.610 --> 01:04:04.140  
SJC Redistricting: This grand scheme yeah i'm glad echoing some comments glad to see a plan, he kind of back to the mix we looked at a map like this.

446  
01:04:04.890 --> 01:04:12.180  
SJC Redistricting: A couple meetings ago and I think what happened we looked at the variations of the last and that benefited from some bias.

447  
01:04:12.630 --> 01:04:17.550  
SJC Redistricting: Where a lot of us when we're looking at a map similar this and, obviously, the supervisors equity.

448  
01:04:17.940 --> 01:04:28.080  
SJC Redistricting: We liked it so i'm glad to see that I don't have a problem being a week, if they want three maps, we could just revolts and for if we want throw Mr movies in there and that could be or you know you can do what we want there but.

449  
01:04:29.190 --> 01:04:39.960  
SJC Redistricting: As far as it taking district five taking rip and Ashkelon majority of your almonds are growing in that South county area of Tracy ribbon escalade so.

450

01:04:40.650 --> 01:04:48.000

SJC Redistricting: I like to see that together and have a voice, and I think the delta having its own voice is good as well we've had some comments from managers, that the new.

451

01:04:48.660 --> 01:04:55.170

SJC Redistricting: computers and river islands, you want to have some say in the delta as well planning takes that into consideration as well.

452

01:04:55.770 --> 01:05:01.980

SJC Redistricting: it's also you know selfishly in that i'm in district three it's not that different from our current map, I mean we've.

453

01:05:02.760 --> 01:05:09.840

SJC Redistricting: done fine i've been in the district three for a while now, with a man tikkun later, but don't mind at all and we've had good representation.

454

01:05:10.290 --> 01:05:17.760

SJC Redistricting: I like planning, I definitely want to send this up, if possible it's up to everyone, obviously, but it's a good enough variation the feedback, I think we were.

455

01:05:18.480 --> 01:05:26.610

SJC Redistricting: led in a direction where this map looks like it could have some favor along with the other ones, and it should definitely be a finalists of what we send up.

456

01:05:27.990 --> 01:05:30.000

SJC Redistricting: Okay, any other comments.

457

01:05:31.350 --> 01:05:41.550

SJC Redistricting: I think it really at the end of the day, what what our responsibility is here is that that we're going to ultimately come down to one map that we're going to support.

458

01:05:42.660 --> 01:05:50.550

SJC Redistricting: And then from that we're going to send multiple maps, but I think it's it's our responsibility that we have to support something.

459

01:05:51.540 --> 01:06:00.300

SJC Redistricting: We have to get behind an idea that whatever we feel is best for the county and I, making the necessary tweaks and.

460

01:06:00.930 --> 01:06:10.380

SJC Redistricting: You know if it's two maps three maps for maps it go fine, but I think that we should have at least one map that we're going to support and said hey.

461

01:06:11.160 --> 01:06:24.270

SJC Redistricting: This is what we were charged with this is what you have asked us to do, and you know it's just like to me, if we want to send for maps with that supporting something we've just waffled on our job.

462

01:06:26.190 --> 01:06:33.870

SJC Redistricting: And you know it's just it's been fortunate enough that I think that we just need to get behind it and and and make that decision.

463

01:06:35.430 --> 01:06:36.270

SJC Redistricting: You know we've got.

464

01:06:38.100 --> 01:06:46.830

SJC Redistricting: Three maps that are here that we've got right here you've got there's the moonies if we want to add that in also for consideration.

465

01:06:48.840 --> 01:06:54.390

SJC Redistricting: You know it at the end of the day when i'm when i'm looking at he and I.

466

01:06:56.250 --> 01:06:57.990

SJC Redistricting: looked at it and I don't know how many times.

467

01:07:00.780 --> 01:07:05.010

SJC Redistricting: I just looked at it from a standpoint that's what it used to be.

468

01:07:07.440 --> 01:07:14.670

SJC Redistricting: Saying that I also realize that a large portion of the growth has come from South county.

469

01:07:16.680 --> 01:07:23.640

SJC Redistricting: back and it's going to continue to grow, and we cannot make that are decisions based on.

470

01:07:25.320 --> 01:07:26.460

SJC Redistricting: That it.

471

01:07:27.600 --> 01:07:34.950

SJC Redistricting: That we're going to see another 15 20% growth in the next 10 years probably will maybe more who knows.

472

01:07:35.970 --> 01:07:40.080

SJC Redistricting: But I think it ultimately at the end of the day, you know.

473

01:07:41.340 --> 01:07:42.420

SJC Redistricting: I just have a.

474

01:07:44.400 --> 01:07:44.940

SJC Redistricting: feeling.

475

01:07:45.960 --> 01:07:50.670

SJC Redistricting: That APP he when it goes to the board of supervisors.

476

01:07:51.750 --> 01:07:55.170

SJC Redistricting: we're going to have a response and saying oh wait a minute.

477

01:07:57.210 --> 01:08:00.960

SJC Redistricting: we've had escalate and repin in our district, for how long.

478

01:08:04.500 --> 01:08:09.810

SJC Redistricting: Just like any other other districts that we're going to have a response from from from the board of Soups.

479

01:08:11.250 --> 01:08:14.010

SJC Redistricting: And like I said, we were charged with this job.

480

01:08:15.060 --> 01:08:25.050

SJC Redistricting: tried to make a decision, ultimately, at the end of the day, talked about the two and three last time, making the necessary tweaks then after the board meeting.

481

01:08:25.770 --> 01:08:35.760

SJC Redistricting: From the board of Soups they had their ideas you know and we're we should get ourselves some kudos for that, listening to what they had to say and their concerns.

482

01:08:37.620 --> 01:08:39.720

SJC Redistricting: They didn't tell us that we had to do that.

483

01:08:41.670 --> 01:08:48.450

SJC Redistricting: It was their idea that we had make some changes and whatever those changes bite me.

484

01:08:49.470 --> 01:08:49.950

SJC Redistricting: So.

485

01:08:51.420 --> 01:09:06.090

SJC Redistricting: I am willing to at this point, just to get something going to have the Commissioners, and I believe I still have it on did I still have that on public comment now we're back up here.

486

01:09:07.530 --> 01:09:10.530

SJC Redistricting: Okay, so I would say that if we could.

487

01:09:11.580 --> 01:09:12.690

SJC Redistricting: make a decision.

488

01:09:13.800 --> 01:09:24.510

SJC Redistricting: On where we're going what we want to support and then ultimately start making tweaks from that and then as ultimately we're going to draw some lines, yes or.

489

01:09:28.230 --> 01:09:41.340

SJC Redistricting: No Chairman what i'm gathering is you're looking to do some voting well i'm just looking for a concept that we can all agree that we're moving along in in.

490

01:09:42.240 --> 01:09:54.870

SJC Redistricting: in one direction, ultimately, when we get to making that decision and how we're going to vote, then we've got to go through a particular process that we're going to do we're do a roll call vote and then we're going to.

491

01:09:56.580 --> 01:10:00.780

SJC Redistricting: make the decision from there, so that would be one map, at a time.

492

01:10:02.340 --> 01:10:03.600

SJC Redistricting: Either do that.

493

01:10:04.710 --> 01:10:08.580

SJC Redistricting: Just because i'm looking at the room now and I have a feeling we're not going to get.

494

01:10:12.570 --> 01:10:17.910

SJC Redistricting: This point so would it be appropriate, than to just make a motion to see.

495

01:10:20.490 --> 01:10:25.200

SJC Redistricting: Google take the number one map is just to see how it goes, I mean.

496

01:10:26.670 --> 01:10:33.660

SJC Redistricting: Man draft mafi we go first or D3 I don't really care that I have a feeling we're not going to get any place unless we kind of get a consensus.

497

01:10:35.280 --> 01:10:39.570

SJC Redistricting: What people want I feel like there's a little change, I see some of us agree and some of us don't.

498

01:10:41.760 --> 01:10:54.690

SJC Redistricting: i'm not sure and likely ultimately we're we're not going to vote on anything, yet I just trying to get a consensus of where we're going on what map that we're going to work with.

499

01:10:55.470 --> 01:11:07.800

SJC Redistricting: And before we make that final decision on whether it's going to be the to D3 he whatever Mr moonies who's ever map that we may support but we're sending.

500

01:11:09.480 --> 01:11:15.240

SJC Redistricting: Whatever the Commission wants to do if it's 234 maps that's what we're going to send to the board of supervisors.

501

01:11:16.800 --> 01:11:19.140

SJC Redistricting: And I just wanted to apologize for I think I.

502

01:11:20.640 --> 01:11:23.970

SJC Redistricting: stepped in and derail public comment.

503

01:11:25.470 --> 01:11:36.600

SJC Redistricting: from answering a question from the from the public comment, and I just don't know if we might need to have a little bit more opportunity for people in the room Oh, they will have Okay, they will allow Michael.

504

01:11:38.610 --> 01:11:39.000

Yes, sir.

505

01:11:40.170 --> 01:11:42.060

SJC Redistricting: I don't have the same hang ups of sending.

506

01:11:43.200 --> 01:11:51.840

SJC Redistricting: Several maps board of supervisors wants them optionality they gave good feedback, I mean we're providing the draft they're giving us the edit they're saying what they want.

507

01:11:52.650 --> 01:11:56.640

SJC Redistricting: We can give them several different looks and let them decide ultimately it's their decision.

508

01:11:57.510 --> 01:12:13.740

SJC Redistricting: I don't necessarily think we can include Mr moonies we could send off for these up and say hey this this takes into consideration and let them, let them decide well I don't necessarily think we have to have any type of unanimous send up one map, especially when it if it's.

509

01:12:15.390 --> 01:12:24.090

SJC Redistricting: If it's D two or do you want it's very clearly not what they several supervisors up there wanted, you know so we're sending them if we that's case we're sending a map that.

510

01:12:25.410 --> 01:12:39.120

SJC Redistricting: Basically, said we don't necessarily want and it wasn't just

rickman if you listen to all the comments I mean several supervisors had yeah yeah so I mean it's he was definitely most vocal or or a consultant went to a public execution was the guest of honor over there.

511

01:12:40.620 --> 01:12:53.040

SJC Redistricting: I used to have risen from the dead I guess yeah you're fine now you did great but that's I think our job is to take what they said we want send one map I think any map, but he does not take into consideration their comments.

512

01:12:54.630 --> 01:12:58.080

SJC Redistricting: So if we want some more maps it's fine with me they did ask for some optionality.

513

01:12:59.130 --> 01:13:06.960

SJC Redistricting: You know, even in private conversations that's what we disclose the question was is there one map or three maps and my answer was not sure we're going to find out so.

514

01:13:09.780 --> 01:13:10.140

SJC Redistricting: Yes, sir.

515

01:13:11.190 --> 01:13:12.060

SJC Redistricting: I feel like.

516

01:13:13.290 --> 01:13:18.690

SJC Redistricting: There is a census among many of the Commissioners as differs with what you're saying I think you seem to have.

517

01:13:19.080 --> 01:13:28.590

SJC Redistricting: And I just want to really flesh this out to make sure that i'm clear about what your direction as our Chair you really feel strongly that we should vote on a single or map as the.

518

01:13:29.430 --> 01:13:39.870

SJC Redistricting: flag bearer for this commission's work and that it is, it is, it would be an abrogation of our responsibility if we sent just kind of like format, so we just we all like these formats let's just send them.

519

01:13:40.440 --> 01:13:50.100

SJC Redistricting: gavel it out let's go home early that you i'm let me clear you think that would be a bad decision, personally I, this is only my opinion.

520

01:13:50.820 --> 01:14:02.610

SJC Redistricting: That we select the one map that that we feel very comfortable about very strong about we did that the last time we pretty much had an idea that we were behind D to.

521

01:14:03.510 --> 01:14:17.760

SJC Redistricting: Last time and then until we got to the board of Soups and then they they took a look at that and we're not satisfied for that, so I added follow up to my comments right done so I just think that I would just like to see.

522

01:14:18.810 --> 01:14:20.250

SJC Redistricting: One map that we support.

523

01:14:21.630 --> 01:14:25.020

SJC Redistricting: So, with that in mind, do us, would you be okay with.

524

01:14:26.400 --> 01:14:38.610

SJC Redistricting: Something that we don't do in our normal democracy, we have a one person, one vote kind of idea, but I think we took maybe a five or 10 minute recess and each Commissioner could order these formats.

525

01:14:39.090 --> 01:14:49.800

SJC Redistricting: And then we simply compiled the vote I think you'd get a winner you get some some priority would would come out of that like, in other words.

526

01:14:51.180 --> 01:14:52.170

SJC Redistricting: I don't think we're going to get.

527

01:14:53.490 --> 01:14:58.800

SJC Redistricting: And yes, votes on any one of these maps we don't need 10 REPS votes correct, we need is majority.

528

01:14:59.280 --> 01:15:08.550

SJC Redistricting: The problem is, we have 10 and there's we could end up with five five on a number of these maps and I think that's the issue that's what i'm concerned about is if we went through and said let's vote on each map.

529

01:15:09.000 --> 01:15:19.470

SJC Redistricting: You like this map or not met end up with just as much of a

message we're now in terms of a muddled story, so if I could, if each person winters and will, I know which one I like the most.

530

01:15:21.540 --> 01:15:38.040

SJC Redistricting: But bring them something like a ranked choice kind of a deal which is goofy but it might give us a chance to say look everyone's top vote there are seven seven people top vote is the same that's maybe a way to get at this consensus that you're sick again.

531

01:15:39.720 --> 01:15:41.550

SJC Redistricting: i'm going to go to.

532

01:15:42.570 --> 01:15:49.500

SJC Redistricting: counsel, do you have any any input of where we're at right now the comments.

533

01:15:53.970 --> 01:16:03.270

SJC Redistricting: from a legal perspective, the one thing I would put into context here is that the elections code does require or gives you the discretion and the power to recommend.

534

01:16:04.230 --> 01:16:16.080

SJC Redistricting: It says a map to the board of supervisors, the counties have, however, have a consensus, and this has been vetted is whether we think under the interpretation of the fair maps act which remember his new.

535

01:16:16.890 --> 01:16:23.850

SJC Redistricting: Whether that does allow an advisory committee like yourselves to put forward more than one map and there is a consensus among county councils.

536

01:16:24.120 --> 01:16:32.280

SJC Redistricting: That that is allowed under the elections code that it says, put forward a map and it does not at all, you know clarify or limit you from also putting forward.

537

01:16:32.580 --> 01:16:43.140

SJC Redistricting: A second map and a third map a think it does appear to within the discretion that it's giving you in its creation of you as an advisory committee and advisory body.

538

01:16:44.100 --> 01:16:56.460

SJC Redistricting: does allow you to say as a body we think this is the best way that we can guide you and advise you board of supervisors, so we do expect to see in varying counties.

539

01:16:56.820 --> 01:17:07.320

SJC Redistricting: Potentially more than one map going, we expect to see Maybe those maps going into ranked matter meaning, we are recommending this as our you know number one or number two or number three.

540

01:17:08.400 --> 01:17:16.290

SJC Redistricting: So there is an expectation, especially because they're not cases interpreting the fair maps Act, the fair map fact allows that kind of.

541

01:17:18.000 --> 01:17:29.760

SJC Redistricting: Creativity rate that kind of you know, this is what we think is best it gives you discretion so from a legal standpoint, I think one or two or three is fine, I would say that I think if we.

542

01:17:30.720 --> 01:17:42.900

SJC Redistricting: start to provide too many that it does not serve the purpose as intended, under the elections code which really is that you are providing a narrowed guidance.

543

01:17:43.860 --> 01:17:51.690

SJC Redistricting: To that ultimate legislative body, and I think we we do get into a dilution of the expectation when we start to see more and more now.

544

01:17:52.320 --> 01:18:05.430

SJC Redistricting: Again, for map SEC has not been interpreted by case law, which is how we ultimately figure out what an actual codified statute means but that's kind of where the interpretation is so far does that answer your question, yes.

545

01:18:07.170 --> 01:18:16.530

SJC Redistricting: So can we do, possibly vote on these maps and then send it hey This is our recommendation here's a couple maps alongside of it, I think, would be a good option that kind of takes.

546

01:18:17.280 --> 01:18:26.850

SJC Redistricting: everything up consideration right, that would be a good way to go about it and just vote on these maps that the top three that we've seen here or and that's fine with me okay.

547

01:18:27.180 --> 01:18:40.110

SJC Redistricting: that's fine with me I just personally I just think that we were charged with the responsibility and that we should send one that one map that we support and and these these were sending along with this.

548

01:18:42.150 --> 01:18:48.360

SJC Redistricting: Along those lines, yes ma'am if i'm going to information any map that comes that you.

549

01:18:49.290 --> 01:18:55.380

SJC Redistricting: stopped as a body and that you forward to the board under the elections code will be a recommended map.

550

01:18:55.980 --> 01:19:06.000

SJC Redistricting: So, so in that sense, like I said, I think you can rank them or you can send three equally but I don't see under the fair map SEC language your ability to send.

551

01:19:06.330 --> 01:19:15.420

SJC Redistricting: A map that you recommend and two others that you categorize differently and I don't I might be misinterpreting what you're saying, but I did just want to provide that as a point of.

552

01:19:15.900 --> 01:19:26.040

SJC Redistricting: Basically, we could rank them so right yeah I think that's it we funded a, for example, if we said, the two is the map that we support, but we're sending.

553

01:19:26.850 --> 01:19:33.780

SJC Redistricting: E as number two and the three is number three we could do that yeah they would be identified as.

554

01:19:34.470 --> 01:19:52.560

SJC Redistricting: recommended mass that are ranked number one number two number three so according to Mr Oscars idea if we were taking a quick break and Sonia we come through we get some type of an idea of where we stand and then we can move on from that, through that process can we do that.

555

01:19:53.610 --> 01:20:02.100

SJC Redistricting: yeah you can also send them not ranked but yeah from a parliamentary standpoint you under your Rules of Procedure are using robert's rules

of order, and I think that does allow for.

556

01:20:02.400 --> 01:20:09.000

SJC Redistricting: That you know a lot of ways for you to reach consensus to ultimately get to emotion, so I think that's acceptable, the one thing I would.

557

01:20:09.510 --> 01:20:13.500

SJC Redistricting: I would notice that, when we do when and if you take your resource, if you call that as the Chair.

558

01:20:13.860 --> 01:20:24.240

SJC Redistricting: That does not allow you to have discussions right separately, so it would be something you would task out you would individually accomplish that and staff would facilitate that okay that's that's very good.

559

01:20:24.750 --> 01:20:34.500

SJC Redistricting: So before we do that i'm going to go back open a public comment anyone in public and i'll come back up to you, anyone else in public comment any questions.

560

01:20:35.790 --> 01:20:36.330

SJC Redistricting: Yes, sir.

561

01:20:50.940 --> 01:20:54.120

SJC Redistricting: question I had it was you know see if we can stay on the history one.

562

01:20:55.170 --> 01:21:09.720

SJC Redistricting: Once you guys vote on your visual map is that something we're going to be able to somehow work we're going to work on that we're going to work on that we're just trying to get the the consensus of which maps that we're going to work with.

563

01:21:11.190 --> 01:21:27.390

SJC Redistricting: As a whole lot of the neighborhood came sure, and I, and thank you for coming I wanted I respect that Okay, and it can I actually ask Norman to make make sure we have the neighborhood drawn as.

564

01:21:33.720 --> 01:21:33.960

SJC Redistricting: So.

565

01:21:35.670 --> 01:21:37.440

SJC Redistricting: or ballinger.

566

01:21:38.730 --> 01:21:40.230

SJC Redistricting: expert, and can you.

567

01:21:42.480 --> 01:21:45.930

SJC Redistricting: If we if we included this portion and, as you can see.

568

01:21:47.760 --> 01:21:48.780

SJC Redistricting: This extension.

569

01:21:51.660 --> 01:21:58.320

SJC Redistricting: So below garden acres all tracking 99 down to arch road.

570

01:21:59.610 --> 01:22:01.110

Is that at.

571

01:22:02.580 --> 01:22:04.710

SJC Redistricting: That include the neighborhood you're talking about yes.

572

01:22:07.050 --> 01:22:09.330

SJC Redistricting: So that's, thank you for that.

573

01:22:10.530 --> 01:22:12.540

SJC Redistricting: Help now we know exactly what when you.

574

01:22:15.300 --> 01:22:20.190

SJC Redistricting: Certain report, where you go back to so you understand, whatever we do tonight.

575

01:22:20.670 --> 01:22:29.940

SJC Redistricting: it's imperative that you contact your supervisor and your area, and I would suggest you attend as many folks as I was going to ask you are these folks all live together all right.

576

01:22:30.360 --> 01:22:36.750

SJC Redistricting: that's that's exactly how this should work tonight, it shows

people that you're interested and want to make sure you stay in that district.

577

01:22:37.020 --> 01:22:43.890

SJC Redistricting: But you make sure you continue to go to the next meeting when they actually do the drawing because we're going to send this over and we're and.

578

01:22:44.400 --> 01:22:48.120

SJC Redistricting: he's got your information and we're going to make sure that you're you're in that area.

579

01:22:48.510 --> 01:22:56.580

SJC Redistricting: But you want to follow through with your supervisor, to make sure you speak to him, and then you would go on to go to the meeting and maybe not all the folks but some of the folks could come.

580

01:22:56.910 --> 01:23:05.700

SJC Redistricting: And you could tell everybody cuz I was that was my next question are these folks with you yeah that's important because that's the community of interest and that's what we're here for okay very good, thank you very much.

581

01:23:07.380 --> 01:23:08.220

SJC Redistricting: Any other questions.

582

01:23:09.570 --> 01:23:15.030

SJC Redistricting: Any other questions from the audience okay i'll bring it back up front any questions here just.

583

01:23:18.660 --> 01:23:23.160

SJC Redistricting: First of all, i'd like to express my support of US putting forward up to three maps.

584

01:23:23.610 --> 01:23:33.060

SJC Redistricting: And that US ranking it, but I think we should recognize that we are recommending all three we should be recommending all three maps that go forward just a small point.

585

01:23:33.660 --> 01:23:43.260

SJC Redistricting: Then, before we go off and do our own thinking about what of these maps We liked the most I would really like the opportunity to ask some questions about what happened.

586

01:23:43.740 --> 01:23:49.200

SJC Redistricting: Why D3 looks the way it does and what implications, there are on that also, of course, hoping that.

587

01:23:49.800 --> 01:24:01.530

SJC Redistricting: You can on the fly incorporate this community of interest that he represented this evening into district one, and so we can understand those repercussions on all the maps that we're considering.

588

01:24:02.070 --> 01:24:12.510

SJC Redistricting: And then I would like us to spend a few moments looking more at Mr moonies proposed map as well, so i'd like the opportunity to discuss for okay.

589

01:24:14.790 --> 01:24:24.210

SJC Redistricting: Yes, Sir yeah i'm just kind of confused on the process of the recess, or why we need it, I mean shouldn't we just discussed everything up here in in public if if we if you know I mean it's it's.

590

01:24:24.810 --> 01:24:34.830

SJC Redistricting: All kind of used to this process, in one way or another, and we could just go through these three maps include Mr melanie's make a motion to those are the maps, we are now debating or discussing.

591

01:24:36.120 --> 01:24:41.220

SJC Redistricting: And narrow it down the three and seven one what the recommendation is that okay that's that's fine with me.

592

01:24:42.990 --> 01:24:43.170

SJC Redistricting: and

593

01:24:45.180 --> 01:24:54.270

SJC Redistricting: So do we have some you you've got some questions on on some additional is on the D3 yes, I do.

594

01:24:56.580 --> 01:25:04.860

SJC Redistricting: My concern in draft de bry is the district three fields are look somewhat disjointed.

595

01:25:06.330 --> 01:25:06.780

SJC Redistricting: and

596

01:25:07.800 --> 01:25:09.990

SJC Redistricting: Whereas in D to theirs.

597

01:25:11.010 --> 01:25:19.200

SJC Redistricting: Is this a rule of thumb five and fair map fact that there should be a as compact as possible for a district.

598

01:25:20.250 --> 01:25:35.760

SJC Redistricting: So I would like to first understand how it ended up with the shape that it did, and then also hear from perhaps someone who is from antica to discuss the repercussions of this new shape of districts.

599

01:25:38.700 --> 01:25:40.110

SJC Redistricting: There, so I think.

600

01:25:41.190 --> 01:25:41.730

SJC Redistricting: start with.

601

01:25:43.830 --> 01:25:55.140

SJC Redistricting: Look at one of the calls was to move district tues northern border did eight mile right to encompass much of all of North Stockton as possible into the into the.

602

01:25:56.550 --> 01:25:58.200

SJC Redistricting: So to do that.

603

01:25:59.520 --> 01:26:00.450

SJC Redistricting: Add to move.

604

01:26:05.070 --> 01:26:05.670

SJC Redistricting: We had to.

605

01:26:06.990 --> 01:26:10.950

SJC Redistricting: Remember, this section was not in.

606

01:26:13.770 --> 01:26:17.310

SJC Redistricting: It was up in D for So what we had to do is move.

607

01:26:18.810 --> 01:26:21.690

SJC Redistricting: move it North but also accommodate.

608

01:26:23.730 --> 01:26:40.470

SJC Redistricting: population change so one thing that this plan does is district for you can see, is well under-populated right it's negative almost 6% and that's because all of Stockton, has been removed from and with district.

609

01:26:41.670 --> 01:26:49.170

SJC Redistricting: So to do that, as well as district three needed to move over and encompass the rest of Stockton couldn't be incorporated into detail.

610

01:26:52.170 --> 01:26:54.150

SJC Redistricting: align is 99.

611

01:26:55.650 --> 01:26:58.560

SJC Redistricting: In five between district to district three.

612

01:26:59.880 --> 01:27:04.230

SJC Redistricting: And so that except for this little area that moves.

613

01:27:05.520 --> 01:27:15.240

SJC Redistricting: that's connected because, basically, you have this island within within Stockton, so this is contiguous more contiguous.

614

01:27:16.440 --> 01:27:18.240

SJC Redistricting: To this side of Stockton, so we include.

615

01:27:19.350 --> 01:27:24.810

SJC Redistricting: We could always take this diagonal line 99 all the way through and put this.

616

01:27:27.870 --> 01:27:29.580

SJC Redistricting: diagonal lines not 99.

617

01:27:32.910 --> 01:27:33.960

SJC Redistricting: Right it isn't my name that's.

618

01:27:36.210 --> 01:27:36.450  
SJC Redistricting: Right.

619  
01:27:40.530 --> 01:27:40.710  
SJC Redistricting: Now.

620  
01:27:43.050 --> 01:27:47.040  
SJC Redistricting: The real tracks oh yeah it's real retract sorry, thank you for that correction.

621  
01:27:50.490 --> 01:27:51.690  
SJC Redistricting: So it's the railroad tracks.

622  
01:27:52.770 --> 01:27:54.780  
SJC Redistricting: Is the dividing line so.

623  
01:27:55.890 --> 01:27:58.440  
SJC Redistricting: Again move this over if we wanted this.

624  
01:28:00.540 --> 01:28:00.960  
button that's.

625  
01:28:02.220 --> 01:28:05.700  
SJC Redistricting: D to we could move it into DC if we wanted to have that railroad.

626  
01:28:06.720 --> 01:28:15.720  
SJC Redistricting: Crossing as a boundary The other thing that we talked about in last two weeks ago was that we wanted murata and to district for.

627  
01:28:17.640 --> 01:28:22.230  
SJC Redistricting: And so it really created like an area choices, all the way down.

628  
01:28:24.450 --> 01:28:27.630  
SJC Redistricting: Very of northern Stockton that had that we didn't want to put with.

629  
01:28:28.770 --> 01:28:31.230  
SJC Redistricting: With Lodi and for.

630

01:28:32.370 --> 01:28:34.110

SJC Redistricting: And so it connects.

631

01:28:35.280 --> 01:28:35.820

They.

632

01:28:37.110 --> 01:28:45.420

SJC Redistricting: Legal illegal way around Stockton down into French camp and in do.

633

01:28:48.780 --> 01:28:53.160

SJC Redistricting: All the way around, and I know it, it, it looks.

634

01:28:55.470 --> 01:29:08.640

SJC Redistricting: it's long and long and narrow, but it can bring up thousands of other districts that have met legal standards that to things like track just a freeway.

635

01:29:09.840 --> 01:29:10.200

SJC Redistricting: For.

636

01:29:11.310 --> 01:29:18.750

SJC Redistricting: hundreds of miles that connect all outcroppings of population that have met.

637

01:29:20.340 --> 01:29:20.850

SJC Redistricting: court.

638

01:29:22.050 --> 01:29:33.510

SJC Redistricting: Okay, so I think, and I think the other element that you bring up is compactness it's the fifth criteria it's the least it's the rank order right the lowest element.

639

01:29:34.920 --> 01:29:38.820

SJC Redistricting: The criteria that we must follow and the big.

640

01:29:39.990 --> 01:29:44.370

SJC Redistricting: guard language of it is as much as practical practical.

641

01:29:45.600 --> 01:29:50.910

SJC Redistricting: Given the other criteria, so I think with this one, we really have good testimony.

642

01:29:52.140 --> 01:29:57.150

SJC Redistricting: To create the other districts around it, and I mean.

643

01:29:58.710 --> 01:30:07.020

SJC Redistricting: So I think we can point to Community interest testimony with pretty much all of these lines, and I think one of the biggest ones is keeping mantega whole.

644

01:30:07.830 --> 01:30:20.880

SJC Redistricting: Being the ERA district, as it is now getting Stockton into three districts, rather than four which has been in a lot of other maps and so it checks, a lot of boxes.

645

01:30:22.050 --> 01:30:23.940

SJC Redistricting: And it's not as compact as.

646

01:30:25.800 --> 01:30:31.350

SJC Redistricting: Perfectly compact but it's practical our outcome of all these other decisions.

647

01:30:34.410 --> 01:30:36.510

SJC Redistricting: is a quite a number of points you made.

648

01:30:37.230 --> 01:30:40.320

SJC Redistricting: Starting D3 is district three also applied to do.

649

01:30:44.940 --> 01:30:55.890

SJC Redistricting: Though i'm going to refer to Mr more went on the North side of the line which is earned district three then i'll come back and respond to district five.

650

01:30:57.930 --> 01:31:00.690

SJC Redistricting: or split on highway 120 certainly.

651

01:31:02.190 --> 01:31:10.470

SJC Redistricting: The we're talking about mantega are we talking which plant or juice mandy I was curious about but on.

652

01:31:11.820 --> 01:31:14.550

SJC Redistricting: The as described in Plan D3 vs DC.

653

01:31:19.350 --> 01:31:21.450

SJC Redistricting: Well, well going north.

654

01:31:23.250 --> 01:31:32.520

SJC Redistricting: The biggest change of D3 was was taking marotta out and putting that we're thinking radha and the Waterloo and giving that back to for.

655

01:31:36.840 --> 01:31:41.460

SJC Redistricting: Some people I see more arguments on the Lodi side saying it has to be back in Lodi.

656

01:31:42.630 --> 01:31:42.840

Be.

657

01:31:44.400 --> 01:31:54.060

SJC Redistricting: Not so sure that's necessarily true, I mean I mean sure, I guess, if you want to Bridget together, but they would you know would still work with the fair maps back as far as in Lewis.

658

01:31:56.160 --> 01:31:56.700

SJC Redistricting: ape of it.

659

01:31:57.750 --> 01:32:05.070

SJC Redistricting: compactness it's narrow but it's just as long as any other order than some of them areas but.

660

01:32:07.350 --> 01:32:17.340

SJC Redistricting: I think the biggest change to me D3 or D two is, quite frankly, the APP brings back later that's that's that that that's something that this particular.

661

01:32:19.320 --> 01:32:19.710

SJC Redistricting: area.

662

01:32:21.300 --> 01:32:30.810

SJC Redistricting: area three has always had for number of years is that so I liked it originally but I didn't get didn't get the flavor after watching.

663

01:32:33.030 --> 01:32:35.160

SJC Redistricting: This there's no comments.

664

01:32:36.300 --> 01:32:40.710

SJC Redistricting: I I didn't have a problem with this, the detour D3, quite frankly, the way it worked.

665

01:32:42.690 --> 01:32:43.500

SJC Redistricting: Not so sure that's what.

666

01:32:44.580 --> 01:32:52.440

SJC Redistricting: The squares you had a question that i'll respond to be more realistic as far as up North I don't have a problem with either one of them actually.

667

01:32:53.490 --> 01:32:59.430

SJC Redistricting: It was just more to accommodate district, for I would have left, I would have left it the two would have been fine with me.

668

01:33:00.900 --> 01:33:02.970

SJC Redistricting: And I like the idea that it goes South which.

669

01:33:05.880 --> 01:33:17.610

SJC Redistricting: ski yeah district three in both the DS I mean we're where I currently live in stock and working for separate from you guys, you know that's why I like to eat as well, but.

670

01:33:18.900 --> 01:33:19.140

SJC Redistricting: It.

671

01:33:20.880 --> 01:33:21.690

SJC Redistricting: You know I feel like.

672

01:33:22.770 --> 01:33:25.290

SJC Redistricting: The three vote, these are big big changes.

673

01:33:26.490 --> 01:33:35.130

SJC Redistricting: In, especially with district three I think that's the biggest change is district three and I brought that up last meeting is it's like completely changed, and you know.

674

01:33:36.450 --> 01:33:42.450

SJC Redistricting: We don't I don't think we needed to do that much moving around if not possible, I know, things are going to change but.

675

01:33:43.470 --> 01:33:55.560

SJC Redistricting: You know less is more, in my opinion, right, so your point is that you don't like district three as drawn in either Plan D to or plan D3 because you don't see the need for such a drastic change.

676

01:33:56.250 --> 01:34:05.700

SJC Redistricting: correct, but also the fact that in i'm in district five now which I said last time I don't have a whole bunch of is, in common with folks from Tracy as I do from later opinion antica.

677

01:34:06.690 --> 01:34:16.590

SJC Redistricting: Oh, and that's just from being a resident, and I think you know that's just a personal opinion that's just from living in the district not married to any of these ideas i'm just pass them off gotcha.

678

01:34:17.250 --> 01:34:26.250

SJC Redistricting: So you know, as I took a look at at both of these and initially I felt very comfortable with the two and.

679

01:34:27.450 --> 01:34:45.870

SJC Redistricting: After watching the board, I could understand Mr rick moves issues that what we were looking at and not having the ability to have the ag land, it seemed like the ag Lang just kept diminishing diminishing, even though he was picking it up on the delta side significantly.

680

01:34:47.550 --> 01:35:00.360

SJC Redistricting: And you know that I looked at dad is a big plus be very honest I don't have you know when I looked at it three yeah Am I looking at three.

681

01:35:01.800 --> 01:35:05.550

SJC Redistricting: The three that's eyes go back there some.

682

01:35:08.610 --> 01:35:10.230

SJC Redistricting: Well mantega his whole.

683

01:35:12.000 --> 01:35:16.800

SJC Redistricting: You know we're giving up along those lines either you know.

684

01:35:18.480 --> 01:35:30.240

SJC Redistricting: Either it's written or escalate or or later that somewhere along the line that's got to get drawn in because that's where we have a relationship, especially with with later.

685

01:35:31.260 --> 01:35:33.450

SJC Redistricting: You know in today's saying what we do.

686

01:35:36.180 --> 01:35:49.260

SJC Redistricting: You know, in other than that I don't have a problem with with either one of those maps it's just that back when I looked at at to it was more of a given take and said okay.

687

01:35:51.030 --> 01:35:51.480

SJC Redistricting: You want.

688

01:35:52.800 --> 01:36:02.220

SJC Redistricting: You want Atlanta, we can we can go down South down to West rip and road never seen south to the River county line that that's one aspect.

689

01:36:03.660 --> 01:36:17.610

SJC Redistricting: The draw but realizing that hey at the end of the day, that all can change like I said it last night and last meeting, we can lay put up the best laid plans that there is, and ultimately there be a change to it, yes, sir.

690

01:36:18.870 --> 01:36:29.730

SJC Redistricting: I just want to clarify one thing between the two and three, the three as it relates to district three just to make sure that we're all on the same page and seeing the same thing in district in V2.

691

01:36:30.930 --> 01:36:43.470

SJC Redistricting: You look at district three it's physically larger right geographically larger, but if you look at the deviation from ideal it's actually

underpopulated even though it's geographically larger it's minus 3.3%.

692

01:36:44.520 --> 01:36:58.680

SJC Redistricting: In the D to map when you tighten it to to the smaller geographically shape district three in Plan D3 it actually because of where the people live in the shape it's actually overpopulated.

693

01:36:59.460 --> 01:37:10.830

SJC Redistricting: And so I just want to make sure we're all on the same line thing the same way, just because the map D3 district three looks tinier it's not smaller it's actually larger.

694

01:37:11.730 --> 01:37:19.620

SJC Redistricting: Or the factor that we're considering, which is people in voters and more people and so it's important to note that that.

695

01:37:20.190 --> 01:37:33.360

SJC Redistricting: If you will get D3 and say, well, I don't want district three to be so tiny well it is it's actually larger than it is on D3 a map detail it's actually bigger by significant amount and and I would argue that my concern about district three on Plan D.

696

01:37:34.560 --> 01:37:37.830

SJC Redistricting: is not so much that it is a smaller footprint.

697

01:37:39.180 --> 01:37:50.430

SJC Redistricting: But it stretches into North Stockton, a good amount, a population that might not have as much in common as mantega.

698

01:37:52.020 --> 01:38:00.300

SJC Redistricting: arm antica as the large city in that district will have a dominant force in the politics of that district.

699

01:38:02.850 --> 01:38:14.910

SJC Redistricting: So I would on the theme of making North Stockton as whole as possible for district two I don't think either Plan D Ray or Plan D.

700

01:38:16.890 --> 01:38:17.340

SJC Redistricting: That.

701

01:38:18.750 --> 01:38:26.610

SJC Redistricting: Is a considerable part of North Stockton East of the railroad as been given to district three and plan D3.

702

01:38:27.690 --> 01:38:32.430

SJC Redistricting: there's plenty of any of those through this plan, he sold any of the issues oh.

703

01:38:34.140 --> 01:38:46.560

SJC Redistricting: When he does, I like plan eat and how it treats North Stockton, the most of the others, but that isn't necessarily the only driving factor there's a lot that I like about plan.

704

01:38:52.830 --> 01:38:55.890

SJC Redistricting: Looking at the three will talk about deviation.

705

01:38:57.090 --> 01:39:10.980

SJC Redistricting: Or is a negative six point and there at one only barely 1.6 versus the other two were above everybody has 150 and above and sister force actually in the negative.

706

01:39:12.030 --> 01:39:16.440

SJC Redistricting: Right, and that was one of the questions I had on that too, because.

707

01:39:17.850 --> 01:39:26.160

SJC Redistricting: That numbers right and to be fair, about it and three actually takes away the population from.

708

01:39:33.210 --> 01:39:33.990

SJC Redistricting: Events balance.

709

01:39:38.700 --> 01:39:39.060

SJC Redistricting: I would.

710

01:39:40.830 --> 01:39:44.820

SJC Redistricting: have for you the flip side of me saying.

711

01:39:46.050 --> 01:39:47.250

SJC Redistricting: Go North Stockton.

712

01:39:48.750 --> 01:39:49.830

SJC Redistricting: Stockton part of.

713

01:39:51.240 --> 01:39:57.300

SJC Redistricting: The plan i'm not having as much in common antica well.

714

01:39:58.740 --> 01:40:02.910

SJC Redistricting: I don't think ruben and NASA epsilon have much in common with Tracy.

715

01:40:05.670 --> 01:40:08.670

SJC Redistricting: And I think you're always going to again I go back to my point is.

716

01:40:09.900 --> 01:40:22.290

SJC Redistricting: there's always going to be somebody to lose, and how can we say one Community is more important than another community of interest every community of interest must be as important and.

717

01:40:24.660 --> 01:40:25.200

SJC Redistricting: In I just.

718

01:40:28.170 --> 01:40:28.950

SJC Redistricting: went well taken.

719

01:40:31.860 --> 01:40:32.310

SJC Redistricting: This yes ma'am.

720

01:40:33.630 --> 01:40:52.740

SJC Redistricting: i'm with summer on that one also looking at between the three and he in the three North Stockton goes into district three on the East and on plan he North doctrine goes in the district three on the West, the hook, you still have.

721

01:40:54.870 --> 01:40:57.300

SJC Redistricting: A little bit of Stockton being.

722

01:41:00.510 --> 01:41:06.660

SJC Redistricting: Being sort of out there and in mantega is going to be the one

that makes the decision, so you know.

723

01:41:07.980 --> 01:41:10.170

SJC Redistricting: Actually, and if you look at plan he.

724

01:41:11.220 --> 01:41:20.490

SJC Redistricting: thinks that there's part of stuffing and or district yeah because there's part in for two, three and one.

725

01:41:21.630 --> 01:41:29.850

SJC Redistricting: And they'll and some of the some of the people and places you don't want stock and overpower for agricultural districts so.

726

01:41:30.630 --> 01:41:38.040

SJC Redistricting: i'm keep it more compact its own district, and you know but it's hard, because there are too many people in Stockton.

727

01:41:38.550 --> 01:41:59.490

SJC Redistricting: I would also argue not argue but bring up to the point that, generally speaking, our county has been blessed have great leadership that takes care of the county as a whole yeah so we're really so focused on the district, but so many time all the person that you know the best or.

728

01:42:00.780 --> 01:42:12.750

SJC Redistricting: A you know somebody who knows somebody that can make a call to get you the help you need, generally speaking, our county I would say is very blessed that they work together well try to get things accomplished as.

729

01:42:13.800 --> 01:42:20.010

SJC Redistricting: me as a whole, I think, in most some cases that might not be the case, but we are so focused on.

730

01:42:21.420 --> 01:42:33.630

SJC Redistricting: That whereas I really feel like Yes, you are representing your district, but you're also representing the county as a whole yeah, so I think that maybe we need less than the the hardcore focus.

731

01:42:34.740 --> 01:42:37.680

SJC Redistricting: A really yes, you represent for.

732

01:42:39.180 --> 01:42:45.630

SJC Redistricting: me is an event of interest, but really represent everybody you get a call from anybody.

733

01:42:49.620 --> 01:42:50.880

SJC Redistricting: The other question so on this side.

734

01:42:53.700 --> 01:42:55.380

SJC Redistricting: Did you have another question.

735

01:42:58.230 --> 01:43:02.310

SJC Redistricting: yeah Mr melanie's man okay let's take a look at Mr moonies point.

736

01:43:11.580 --> 01:43:11.970

Oh.

737

01:43:31.980 --> 01:43:34.980

SJC Redistricting: Is the way well you already pointed out, one.

738

01:43:36.240 --> 01:43:36.960

SJC Redistricting: Right it's not you know.

739

01:43:42.420 --> 01:43:43.530

SJC Redistricting: The Western.

740

01:43:45.360 --> 01:43:46.710

SJC Redistricting: of northern Stockton.

741

01:43:47.970 --> 01:43:49.020

SJC Redistricting: continue the fight.

742

01:43:54.420 --> 01:43:55.020

that's a different.

743

01:43:58.620 --> 01:43:59.220

SJC Redistricting: We have.

744

01:44:00.540 --> 01:44:01.080

SJC Redistricting: For you that.

745

01:44:04.980 --> 01:44:13.080

SJC Redistricting: I can't remember the gentleman's name i'm sorry, but that neighborhood is in incorporated uc Archer road at the south incorporated into district one.

746

01:44:16.470 --> 01:44:25.830

SJC Redistricting: Also, I think there is a that adjustment has been made in this map, yes, I think one of the elements is I need, we need to double check if that.

747

01:44:31.740 --> 01:44:32.130

SJC Redistricting: Is.

748

01:44:46.830 --> 01:44:50.220

SJC Redistricting: This is most ideally balance.

749

01:44:51.360 --> 01:44:51.780

SJC Redistricting: Oh.

750

01:44:59.580 --> 01:45:00.810

SJC Redistricting: we're looking at.

751

01:45:02.880 --> 01:45:04.110

SJC Redistricting: very densely populated.

752

01:45:06.180 --> 01:45:06.390

SJC Redistricting: Oh.

753

01:45:07.920 --> 01:45:08.460

SJC Redistricting: See.

754

01:45:10.530 --> 01:45:11.790

SJC Redistricting: What would be one area that I think would.

755

01:45:19.530 --> 01:45:20.760

SJC Redistricting: Again man he gets hold.

756

01:45:25.500 --> 01:45:26.250  
SJC Redistricting: Of the district.

757  
01:45:32.820 --> 01:45:33.690  
SJC Redistricting: Does have this.

758  
01:45:37.740 --> 01:45:39.930  
He has both sides of it.

759  
01:45:43.260 --> 01:45:45.240  
SJC Redistricting: But I think with this plan to.

760  
01:45:46.380 --> 01:45:49.350  
SJC Redistricting: Suddenly have three you only have stopped in in three districts.

761  
01:45:56.040 --> 01:45:56.580  
SJC Redistricting: Please.

762  
01:45:59.130 --> 01:45:59.580  
Yes, yes.

763  
01:46:32.520 --> 01:46:39.630  
SJC Redistricting: One the one thing that I see that I have a problem with it, and this particular map is the fact that, when we start splitting.

764  
01:46:40.560 --> 01:46:54.690  
SJC Redistricting: land in Campo all that northern area with Lodi because to me that all those are the hubs of the agricultural area that that we've talked about from.

765  
01:46:55.320 --> 01:47:03.720  
SJC Redistricting: From the onset that were you know we were trying to keep together, and I think it was what two meetings back when we talked about trying to keep.

766  
01:47:04.800 --> 01:47:08.940  
SJC Redistricting: That part of the agricultural package intact.

767  
01:47:13.140 --> 01:47:14.640  
SJC Redistricting: It doesn't then that.

768

01:47:15.960 --> 01:47:20.790

SJC Redistricting: For Bruce what I was what I was after was covers.

769

01:47:21.840 --> 01:47:25.140

SJC Redistricting: Already law that egg egg on the east side of the county.

770

01:47:29.580 --> 01:47:32.550

SJC Redistricting: I just split off Lodi Popper.

771

01:47:37.080 --> 01:47:38.190

SJC Redistricting: All the egg is to give.

772

01:47:40.800 --> 01:47:41.940

SJC Redistricting: It bad and when you get.

773

01:47:43.260 --> 01:47:49.710

SJC Redistricting: That are down, but all the way to the county line, you have a lot of egin in that now moved into.

774

01:47:57.540 --> 01:48:10.860

SJC Redistricting: So Steve can you amplify you're saying that the communities, a victor and lock furred and he have load I have more in common with Lodi because of the.

775

01:48:12.090 --> 01:48:14.790

SJC Redistricting: vineyard basis for agriculture.

776

01:48:17.790 --> 01:48:33.180

SJC Redistricting: would say, though, a plus of is granted somewhat artificial division agricultural region and our county is that it does create strong agricultural district.

777

01:48:34.500 --> 01:48:34.950

East.

778

01:48:36.510 --> 01:48:38.940

SJC Redistricting: I forget what number is green and.

779

01:48:40.230 --> 01:48:41.520

SJC Redistricting: A West.

780

01:48:43.050 --> 01:48:44.280

SJC Redistricting: Of load is a Center.

781

01:48:48.840 --> 01:48:50.370

SJC Redistricting: doing a little math.

782

01:48:52.590 --> 01:48:56.790

SJC Redistricting: By did by Mr ballinger if we wanted to move.

783

01:48:58.350 --> 01:49:03.540

SJC Redistricting: i'm saying 1000 people in color ville to keep it whole 2500 people in dogtown.

784

01:49:04.590 --> 01:49:09.630

SJC Redistricting: 314 people in Victor and 30 340 people in.

785

01:49:10.890 --> 01:49:16.530

SJC Redistricting: rockford that's roughly 7174 people, which would be a.

786

01:49:18.450 --> 01:49:26.730

SJC Redistricting: Basically 4% shift, so one would go up by four one would go on down by four so you probably the total deviation would result in around 8%.

787

01:49:27.810 --> 01:49:29.430

SJC Redistricting: That would be a legal map.

788

01:49:32.430 --> 01:49:39.510

SJC Redistricting: i'd like to check it by drawing it, but if that was something you guys wanted to contemplate I think it's it's a possible shift.

789

01:50:09.720 --> 01:50:21.360

SJC Redistricting: The merit, I see if this idea of this if we could be so bold as to call it a reverse seven this three being bent this way if we if we move dogtown Victor Colorado into district three from this map.

790

01:50:22.500 --> 01:50:27.210

SJC Redistricting: The merit there is that with the current district, for the way it's drawn.

791

01:50:28.860 --> 01:50:31.530

SJC Redistricting: mantega is going to so dominate.

792

01:50:32.550 --> 01:50:49.530

SJC Redistricting: A population, followed by repin an escalate that these northern communities really would, I think, be challenged to exert influence over whomever results as the supervisor that by pushing them into district three instead and making whatever accommodations.

793

01:50:50.700 --> 01:50:53.010

SJC Redistricting: If any are needed to balance.

794

01:50:54.090 --> 01:50:58.170

SJC Redistricting: It would make them more likely to be included in the area of influence of.

795

01:50:59.610 --> 01:51:04.530

SJC Redistricting: Of of Lodi no way that they presumably share some values and interests.

796

01:51:05.910 --> 01:51:11.580

SJC Redistricting: That seems to me to be a good thing if we started with moonies map and did that reverse seven.

797

01:51:13.080 --> 01:51:13.320

SJC Redistricting: Like.

798

01:51:14.820 --> 01:51:18.420

SJC Redistricting: You might actually benefit that community.

799

01:51:20.010 --> 01:51:22.290

SJC Redistricting: Like separating it away from antique I guess is my point.

800

01:51:31.140 --> 01:51:31.800

SJC Redistricting: Yes, ma'am.

801

01:51:32.910 --> 01:51:33.390

SJC Redistricting: I.

802

01:51:40.320 --> 01:51:42.750

SJC Redistricting: One because I think it splits a lot of the.

803

01:51:44.190 --> 01:51:46.320

Ease of interest of angry.

804

01:51:48.300 --> 01:51:49.320

SJC Redistricting: Very important as with.

805

01:51:51.450 --> 01:51:52.080

SJC Redistricting: Also.

806

01:51:53.340 --> 01:51:56.970

SJC Redistricting: In autumn Stockton, the northern part.

807

01:51:58.410 --> 01:52:03.180

SJC Redistricting: And split Stockton into three and one of the overarching goals again of.

808

01:52:04.350 --> 01:52:06.330

SJC Redistricting: Our committee was that we wanted it to.

809

01:52:07.590 --> 01:52:10.380

SJC Redistricting: Do primarily and so.

810

01:52:15.750 --> 01:52:16.110

SJC Redistricting: I don't.

811

01:52:17.220 --> 01:52:30.960

SJC Redistricting: appreciate time but I don't remember the same but it's like you know used an accidental scalpel it's very so maybe so different from what we've been seeing and discussing that it's a little bit of shock the system, but especially having these maps so it's not my favorite.

812

01:52:32.070 --> 01:52:34.380

SJC Redistricting: I think the other three have more American okay.

813

01:52:37.500 --> 01:52:37.860

Are we.

814

01:52:39.720 --> 01:52:39.930

SJC Redistricting: ready.

815

01:52:41.340 --> 01:52:42.000

SJC Redistricting: Oh, Mr David.

816

01:52:45.330 --> 01:53:07.500

SJC Redistricting: I was just going to say that after I submitted looked a whole lot like this full disclosure, so I actually kind of like this, so long as the vineyard ag is able to be incorporated a bit more and i'm not convinced that that is possible and other big plus I really like district one setting.

817

01:53:08.940 --> 01:53:13.290

SJC Redistricting: Archer community of interest at our large constituent group.

818

01:53:15.330 --> 01:53:17.220

SJC Redistricting: Is from Norway so.

819

01:53:18.840 --> 01:53:25.710

SJC Redistricting: that's just one dance that before he was so I you know I think we've come to a crossroads here, so I you know i'd like to.

820

01:53:27.360 --> 01:53:30.630

SJC Redistricting: make a motion that we vote on one of the maps.

821

01:53:32.490 --> 01:53:43.830

SJC Redistricting: Wait um I think we've asked a lot of questions, I think the I think that the some of the concerns of the community of interest that came in a few minutes ago that could be I think easily worked on.

822

01:53:45.300 --> 01:53:47.100

SJC Redistricting: If that's Our only concern at this point.

823

01:53:48.840 --> 01:54:03.510

SJC Redistricting: I think we should probably get get get going here and start ranking them, so we do is as a supervisor to ask for like a three maps are we like, but i'd like to see some type of a vote come down, are you ready to make a motion make emotion and going on.

824

01:54:04.710 --> 01:54:05.250

SJC Redistricting: hahaha.

825

01:54:06.780 --> 01:54:09.780

SJC Redistricting: You make a motion okay Let me read this first.

826

01:54:11.370 --> 01:54:12.060

SJC Redistricting: It says.

827

01:54:15.060 --> 01:54:23.550

SJC Redistricting: Basically i'm asking, can I get a motion to recommend a supervisor district boundaries identified in map whatever map that is.

828

01:54:24.780 --> 01:54:40.710

SJC Redistricting: To the Board of Supervisors with any the minimum technical changes that step deems necessary so i'm going to call on our legal expert to explain the definition of de minimis.

829

01:54:47.010 --> 01:54:48.420

SJC Redistricting: Now it won't take 45 minutes.

830

01:54:49.980 --> 01:54:50.460

SJC Redistricting: attorney.

831

01:54:53.070 --> 01:55:05.160

SJC Redistricting: and actually we are, we do have one printed it it's an explanation so we're going to hand that out, and then i'll also give one I have been instructed not allowed to do explanations by any kind of dance or anything fun so we'll just sort of explain it, I know, no fun.

832

01:55:06.390 --> 01:55:26.610

SJC Redistricting: So, in short, what this is is this would allow you to say the math that we visually see represented, is what we want to be recommended to the board but staff, then we'll have the ability to clean up some items, so the way that we have described that specific thing is that.

833

01:55:28.500 --> 01:55:38.850

SJC Redistricting: anonymous technical changes will only include insignificant so significant in the statistical sense but include insignificant changes to aspects of the district lines.

834

01:55:39.210 --> 01:55:47.790

SJC Redistricting: Within the mapping software, so the mapping software that you've seen we have census tract data to relate, and then we have been mapping by those blocks.

835

01:55:48.510 --> 01:56:02.580

SJC Redistricting: But the census data blocks sometimes include small slivers of land that do not match existing features so, for example, a road or river the district block may not be a straight line as we envisioned, for example, a road.

836

01:56:03.450 --> 01:56:11.280

SJC Redistricting: So as those as it zigzags or creates slivers that don't match the existing boundaries, while your intention visually.

837

01:56:11.670 --> 01:56:17.550

SJC Redistricting: is to utilize that road or river or feature that you're familiar with in your Community since the district.

838

01:56:18.090 --> 01:56:28.500

SJC Redistricting: Block may not match that we, by making the motion and allowing this de minimis technical changes, you are allowing staff to clean up that line to be.

839

01:56:29.130 --> 01:56:36.930

SJC Redistricting: Simple and match what you have understood it to be to be simple and intuitive without significantly affecting population.

840

01:56:37.440 --> 01:56:40.830

SJC Redistricting: If any of these slivers do have population.

841

01:56:41.250 --> 01:56:51.870

SJC Redistricting: de minimis technical changes cannot include more than point 1% of the population, which is about 15 people so it's approximately that are lower we're going to allow that.

842

01:56:52.140 --> 01:56:58.680

SJC Redistricting: By creating that motion you're allowing that if it's more than that it's not de minimis then it's changing the population and it's clearing out what you intended.

843

01:56:59.070 --> 01:57:04.200

SJC Redistricting: So that's why we're asking for that to be added to your motion, I would also clarify.

844

01:57:04.860 --> 01:57:11.790

SJC Redistricting: The Chair has been provided sort of a template motion which he just read and that does include that allowance for.

845

01:57:12.180 --> 01:57:21.180

SJC Redistricting: Technical de minimis technical changes so that's the explanation of that you can also, of course, in your motion say, I would like to see map X.

846

01:57:21.750 --> 01:57:27.630

SJC Redistricting: With this specific change and that could also be part of your motion that's not part of the template, but of course you each.

847

01:57:28.320 --> 01:57:36.450

SJC Redistricting: In understanding your roles know that you have some flexibility in that motion, so I did give the example, for example, a road or a river, if you do want.

848

01:57:37.350 --> 01:57:50.430

SJC Redistricting: More details or more places we might see it Dave Collins is really the expert on this and i'll tell you, he really gave me kind of a technical aspect, so I understood that, and of course that's absolutely his wheelhouse.

849

01:57:51.990 --> 01:58:03.660

SJC Redistricting: Does it is anybody have any questions about that any questions for you to understand the reason for it, then I want you understand the limited change that would be an it is within the software that you're looking at.

850

01:58:05.160 --> 01:58:05.880

SJC Redistricting: This tomorrow when.

851

01:58:14.370 --> 01:58:14.970

SJC Redistricting: We would take.

852

01:58:16.560 --> 01:58:18.090

SJC Redistricting: I would put emotion forward.

853

01:58:19.560 --> 01:58:31.560

SJC Redistricting: As to get a sentence for emotion for math he but putting in the so we get this in there that the community of interest that wanted to be included in district one.

854

01:58:32.340 --> 01:58:47.970

SJC Redistricting: To be put in that map as well, that would probably do that with all three of them as well, so that because it's not a huge number, and I think it can be worked in, but I think I have to put that in the motion County Council so that they could put that in there as well.

855

01:58:52.020 --> 01:59:02.100

SJC Redistricting: Yes, that's a great example of so, for example, yes, that was a good example in that, and then, of course, under robert's rules of order that would be considered discussed voted on and then someone could make another motion.

856

01:59:03.930 --> 01:59:05.700

SJC Redistricting: motion would be to bring forward.

857

01:59:06.960 --> 01:59:14.610

SJC Redistricting: roadmap of he with the community of interest that earlier, to put it there, small area in district one.

858

01:59:16.530 --> 01:59:27.180

SJC Redistricting: We have a second or a second okay it's been property moved and seconded to move item he map he forward, where the coi.

859

01:59:28.140 --> 01:59:46.260

SJC Redistricting: On on that included with district one to include into district one like say that correctly roll call the place, yes, Sir yeah on on add in that community of interest are you also including the soft garden acres area.

860

01:59:50.130 --> 01:59:52.290

SJC Redistricting: which would get kind of contiguous with.

861

01:59:53.370 --> 01:59:53.850

SJC Redistricting: With that.

862

01:59:55.020 --> 01:59:57.210

SJC Redistricting: Their area south of mariposa but.

863

02:00:01.980 --> 02:00:10.410

SJC Redistricting: They would do it incorporate all the way down to the Stockton border basically it for more or less bowl the lines with.

864

02:00:14.190 --> 02:00:29.250

SJC Redistricting: The answer is yes, I believe that the public comment specifically referred to the area between mariposa and arch, so this is also as drawn currently area south of mormon slew they're down to.

865

02:00:30.780 --> 02:00:34.560

SJC Redistricting: proposal, so a bit larger than the public comment but certainly including.

866

02:00:37.980 --> 02:00:46.380

SJC Redistricting: comment, please, yes, Sir, I want to be clear about robert's rules make sure that everybody's aware and make sure that i'm aware i'm actually asking you for clarification.

867

02:00:47.940 --> 02:01:01.770

SJC Redistricting: The motion that Commissioner mormon is made is binary and it is ordered by that I mean if we agree with his motion that we want he to be the map.

868

02:01:02.520 --> 02:01:11.970

SJC Redistricting: Then we are saying that's it that's the map, there cannot be a subsequent motion for a different map that was superseded unless we all agreed to that.

869

02:01:12.600 --> 02:01:21.780

SJC Redistricting: In other words, we're not saying, do we like he yes, I like he caitlin's vote on the other one Okay, I like that one too, and then there's some later process, this is the process.

870

02:01:22.140 --> 02:01:31.620

SJC Redistricting: This is the motion that if you agree that he should be the one primary in one map your disregarding the two D3 or moonies a map or any other map that.

871

02:01:32.670 --> 02:01:44.550

SJC Redistricting: that's it that's the one that we are agreeing is the map, if we decide to include the other maps, we can that'd be a separate motion, but the consequence of this vote is are picking he and that's it.

872

02:01:45.690 --> 02:01:45.840

SJC Redistricting: On.

873

02:01:48.150 --> 02:01:49.200

SJC Redistricting: Second chair and committee.

874

02:01:50.550 --> 02:02:02.910

SJC Redistricting: So the motion gets second you can always vote in a separate making motion for substitute motion and I believe you act on the substitute motion first before you go back and then, if that fails, then you go back to the original motion.

875

02:02:04.740 --> 02:02:06.210

SJC Redistricting: And then bar barring a substitute.

876

02:02:12.240 --> 02:02:18.870

SJC Redistricting: that's correct so after time, should you get a second somebody can they can substitute motion.

877

02:02:23.220 --> 02:02:31.890

SJC Redistricting: Yes, ma'am a chair, if there was a consensus that you intended to do a series of motions and that there was a consensus that you're dealing with.

878

02:02:32.670 --> 02:02:38.400

SJC Redistricting: One map and then you will deal with the next map I would make sure that that's discussed and clarified.

879

02:02:38.760 --> 02:02:54.300

SJC Redistricting: But that would be in alternative to a substitution process that you would be doing let's vote on this map and there would be an action and then you would move to the subsequent expected actions that were created by consensus, so if we were to make that clear in initial motion.

880

02:02:55.620 --> 02:03:08.460

SJC Redistricting: that we were going to look at the other two maps succession, whatever they might be in and make that determination, because we don't know we could vote on this and we could be four or five.

881

02:03:10.740 --> 02:03:16.380

SJC Redistricting: And then we've got to bring something else up D two or three and we find out okay that has.

882

02:03:18.780 --> 02:03:20.700

SJC Redistricting: 8081 whatever.

883

02:03:22.020 --> 02:03:22.410

SJC Redistricting: So.

884

02:03:23.550 --> 02:03:24.360

SJC Redistricting: Ultimately.

885

02:03:26.220 --> 02:03:41.040

SJC Redistricting: i'm assuming that's what we're going yeah, so I would imagine, then my first motion to say, I would like to bring forth three maps, beginning with and getting with map he with the community of interest district one.

886

02:03:42.480 --> 02:03:52.050

SJC Redistricting: And then it gets go for a vote on that and then after that then go to the next map and my next that's how that's how I was writing it down.

887

02:03:52.650 --> 02:04:02.190

SJC Redistricting: I think that that would establish that you would be expecting more than one set of actions and it wouldn't end the actions and so at the end of the evening.

888

02:04:02.700 --> 02:04:12.150

SJC Redistricting: When we look at those three ultimately the the map that has the most votes, probably going to be the one that's going to be presented as the one that's.

889

02:04:13.980 --> 02:04:14.550

SJC Redistricting: mission is.

890

02:04:15.690 --> 02:04:29.970

SJC Redistricting: My comments are only as to the questions ended in terms of Act, the emotion, so in order to garner consensus, the best way to garner consensus is through emotion, so you could either do a prelim emotion and say we're going to vote on three mass.

891

02:04:30.420 --> 02:04:41.070

SJC Redistricting: Or alternatively, unlike Mr morrow it has raised, you could get that consensus through that first motion that would then set up the expectation that there would be three as opposed to.

892

02:04:41.700 --> 02:04:51.990

SJC Redistricting: kind of a got to have this one map gotcha Okay, and the intention of my emotion is to to bring for three maps all, including the community of interest of district one.

893

02:04:52.830 --> 02:05:01.170

SJC Redistricting: And then, at the end we'll just we'll know with with each vote was and then we'll present that that'll be presented to the board of supervisors.

894

02:05:02.340 --> 02:05:04.410

SJC Redistricting: And then they could make your own decision based on that.

895

02:05:05.820 --> 02:05:08.130

SJC Redistricting: Mr gretzky are you Okay, with the second on that.

896

02:05:09.390 --> 02:05:13.620

SJC Redistricting: Oh yeah i'm okay with second i'm really glad I didn't make the motion I got really complicated so i'm trying to.

897

02:05:16.110 --> 02:05:18.600

SJC Redistricting: smoke a victory function as amended.

898

02:05:19.980 --> 02:05:32.790

SJC Redistricting: Yes, ma'am so i'd like to clarify what our end goal is, are we in this process, which is rather convoluted we will likely end up with one map that gets the majority of votes.

899

02:05:33.570 --> 02:05:55.950

SJC Redistricting: That does not give us, and then we could go down in order, perhaps with ranking the top three it's quite possible that the way the voting goes that it won't be clear how the committee feels about which map should be ranked

second or third which goes back to.

900

02:05:57.150 --> 02:06:06.060

SJC Redistricting: michael's recommendation early on that each of us think about what what rank order, do we want, and then we could potentially.

901

02:06:06.750 --> 02:06:19.140

SJC Redistricting: tally that that sort of a university way, not a robert's rules of order way, and then the numbers would fall out that just a friendly amendment to Commissioner Mr with.

902

02:06:19.830 --> 02:06:29.520

SJC Redistricting: motion would be that if we could potentially modify his existing current motion in the form of currently designed to say let's.

903

02:06:30.660 --> 02:06:36.810

SJC Redistricting: vote whether we have a preference so it's not necessarily emotion that would care the weight of a decision, but rather.

904

02:06:37.830 --> 02:06:42.030

SJC Redistricting: you're proposing we look at map he I think everyone should just vote do I, like this or not.

905

02:06:42.480 --> 02:06:49.950

SJC Redistricting: And so we're really just saying a preference vote for whether we prefer this map or not, what do you like it yay or nay, not whether you want it to be the.

906

02:06:50.790 --> 02:06:57.570

SJC Redistricting: graph that goes, but do you like it or not, and then we would do that in sequence for the other maps that are in the paper that we were presented.

907

02:06:57.930 --> 02:07:07.950

SJC Redistricting: And then, at the end of the three a nays preference vote of the three, we could see what the numbers are and if one of the three it's eight or nine votes.

908

02:07:08.550 --> 02:07:15.030

SJC Redistricting: And we could have emotion at that point, a second motion at that point that would be natalie see what everyone's preferences in.

909

02:07:15.690 --> 02:07:21.510

SJC Redistricting: Now let's do the motion that I thought you were doing at the beginning, which is now let's do a real motion, this is the map.

910

02:07:22.290 --> 02:07:29.490

SJC Redistricting: This is the one primary map at video, we would have the information of everyone's preference before we did that.

911

02:07:30.120 --> 02:07:36.090

SJC Redistricting: So that we can see okay yeah there was one map that had eight maybe we could just wrap that into the beginning and say, well, if one map gets.

912

02:07:36.810 --> 02:07:44.460

SJC Redistricting: That gets tricky because then when there's judgment can we just vote to move these three maps forward that's that's what I was a finalist as the final final and.

913

02:07:44.790 --> 02:07:48.510

SJC Redistricting: The ones where to look at any other maps and then we could vote on those individually.

914

02:07:48.990 --> 02:08:00.870

SJC Redistricting: and go through that so what you're thinking so that's That was what I was just gonna say hey these were fine with these three being our finalists to be discussed that continue to be discussed up in the neck that is emotion correct those emotion okay.

915

02:08:02.070 --> 02:08:03.060

SJC Redistricting: we'll call the place.

916

02:08:04.290 --> 02:08:04.650

SJC Redistricting: He.

917

02:08:09.930 --> 02:08:10.260

SJC Redistricting: My.

918

02:08:16.950 --> 02:08:17.550

SJC Redistricting: English.

919

02:08:19.020 --> 02:08:19.260  
SJC Redistricting: yeah.

920  
02:08:23.160 --> 02:08:24.720  
SJC Redistricting: and barely know.

921  
02:08:26.670 --> 02:08:27.240  
SJC Redistricting: of money.

922  
02:08:29.310 --> 02:08:31.050  
SJC Redistricting: In stransky yes.

923  
02:08:32.880 --> 02:08:33.300  
SJC Redistricting: Are with.

924  
02:08:35.940 --> 02:08:36.540  
SJC Redistricting: Oscar.

925  
02:08:39.900 --> 02:08:40.770  
SJC Redistricting: Oscar Valdez.

926  
02:08:59.670 --> 02:09:00.330  
iPhone x: Yes, i'm here.

927  
02:09:01.380 --> 02:09:01.830  
iPhone x: Yes.

928  
02:09:02.070 --> 02:09:02.730  
I had a problem.

929  
02:09:05.160 --> 02:09:06.120  
So i'll say yes.

930  
02:09:09.360 --> 02:09:10.020  
SJC Redistricting: Mark Nino.

931  
02:09:13.350 --> 02:09:14.250  
SJC Redistricting: brown yes.

932

02:09:19.980 --> 02:09:20.670

SJC Redistricting: Results fleets.

933

02:09:28.620 --> 02:09:30.420

SJC Redistricting: I do believe my folks to know.

934

02:09:32.490 --> 02:09:38.850

SJC Redistricting: That that's the way it works that's what that's what I believe should be reported Can I make a motion for that particular map.

935

02:09:39.990 --> 02:09:50.520

SJC Redistricting: I would like to make a similar motion constraining only to map the tune D3 but I don't know what this Commission would want to do between the 23 I think they're very similar obviously.

936

02:09:51.450 --> 02:10:02.490

SJC Redistricting: And I feel as though, if we could agree, I think I don't know I am suspecting that the inclusion of he in the previous motion is why it did not garner majority support.

937

02:10:03.210 --> 02:10:16.230

SJC Redistricting: I believe a consensus position might be that if we did a similar vote, do we want to consider D to and D3 as the two maps and then we could rank them in a subsequent motion very similar to the motion we just did but.

938

02:10:16.320 --> 02:10:18.690

SJC Redistricting: Excluding a from that consideration.

939

02:10:18.990 --> 02:10:23.400

SJC Redistricting: That only be 23 were considered with the de minimis and with the.

940

02:10:24.810 --> 02:10:30.480

SJC Redistricting: making sure that the boy district one is included, which I believe it already is as drawn.

941

02:10:33.660 --> 02:10:35.400

SJC Redistricting: Second, this is there a second.

942

02:10:37.140 --> 02:10:37.500  
SJC Redistricting: Second.

943

02:10:38.880 --> 02:10:49.560

SJC Redistricting: Okay, so we have emotional under-floor do except O D to D3 and to vote on on that and then we'll proceed from there.

944

02:10:50.700 --> 02:10:53.850

SJC Redistricting: Before we might rank them after that, on a subsequent motion.

945

02:10:54.870 --> 02:10:57.510

SJC Redistricting: Certification we're going to vote on D two and a three.

946

02:10:59.130 --> 02:11:12.240

SJC Redistricting: Yet the motion is to have you say yeah you're saying we're going to restrain our submission to the board of supervisors to just detour D3 and that we would subsequent to this motion his vote rank them after the fact.

947

02:11:14.010 --> 02:11:18.780

SJC Redistricting: We have a discussion, so it excuse me, and it moves it just to D amp D three.

948

02:11:20.400 --> 02:11:22.200

SJC Redistricting: Okay, just item yes ma'am.

949

02:11:23.730 --> 02:11:30.990

SJC Redistricting: I would, I will argue that by the two and D3 plans are similar.

950

02:11:32.070 --> 02:11:39.000

SJC Redistricting: And I would think that it's our responsibility as an advisory committee to choose one or the other.

951

02:11:40.200 --> 02:11:41.340

SJC Redistricting: going to submit.

952

02:11:42.420 --> 02:11:44.910

SJC Redistricting: A deep up Plan D two or D3.

953

02:11:46.200 --> 02:11:51.000

SJC Redistricting: ISIS and this mission would it would allow for that to happen, subsequent to this vote.

954

02:11:52.440 --> 02:12:00.150

SJC Redistricting: The way I interpret that motion is that because I think we should make a choice between these two I would vote, nay on that motion.

955

02:12:01.230 --> 02:12:08.610

SJC Redistricting: Just to clarify, I want to make sure i'm i'm explaining the motion clearly i'm suggesting that this vote, they use roll call vote that we would do next.

956

02:12:09.090 --> 02:12:17.730

SJC Redistricting: You would say if your preferred map is included in D two D three you would say yay then once if we were to get a majority vote.

957

02:12:18.450 --> 02:12:27.240

SJC Redistricting: On day two or day three then after that you could express your preference, there would be a subsequent vote, we would pick a preference between the Jew, and the three.

958

02:12:27.750 --> 02:12:33.150

SJC Redistricting: So this is not excluding that preference that you're seeking it's inclusive of that i'm actually wanting the same thing you are.

959

02:12:33.480 --> 02:12:43.950

SJC Redistricting: i'm only trying to move us forward by narrowing the maps to ones that I believe will garner consensus I don't know, I have no idea what the result of this general call would be hear me, yes, sir.

960

02:12:45.780 --> 02:12:47.100

SJC Redistricting: I don't know you actually disagree with.

961

02:12:48.150 --> 02:12:55.890

SJC Redistricting: We are tests here to come up with what we heard a couple of weeks ago to have one map that was our goal.

962

02:12:56.370 --> 02:13:05.520

SJC Redistricting: With the meeting came the supervisors, they explain they wanted more they wanted to three maps that was explained that the Supervisor, I spoke with the was Mr gross he.

963

02:13:06.450 --> 02:13:17.820

SJC Redistricting: Had the same conversation similar to this, I think we've all want some choices, all I was trying to do is just get let them know what we came up with, I think we should proceed with Mike original motion to.

964

02:13:18.300 --> 02:13:27.690

SJC Redistricting: To vote on the to D3 and, if it comes up five five again five five I can't find it, that is the way it is because that is the will of this Commission, or advisory.

965

02:13:28.410 --> 02:13:37.380

SJC Redistricting: I don't I don't really want to guess what it's going to be, I think we need to fall through I started with emotion, I think I should finished emotion and if if somebody wants to come up with another emotion after that's fine, but I.

966

02:13:38.010 --> 02:13:42.300

SJC Redistricting: I believe, voted on me, I like to now have a motion to vote on the two.

967

02:13:44.700 --> 02:13:47.700

SJC Redistricting: So, Mr actually we have emotion from Mr.

968

02:13:50.610 --> 02:13:56.220

SJC Redistricting: Actually chair, that a substitute for that motion probably should have emotion on extending the meeting time.

969

02:14:00.450 --> 02:14:04.920

SJC Redistricting: yeah we have a motion on the floor okay once we do that, then we'll come back to extend the meeting.

970

02:14:11.790 --> 02:14:22.890

SJC Redistricting: And to include the D3 I would retract and support D to as the emotion emotion, to support on the two and only DJ going forward.

971

02:14:23.460 --> 02:14:32.280

SJC Redistricting: I support more with, and so I would draw my motion, if I can, am I allowed to withdraw I can withdraw because I actually would draw this is actually my preferred outcome, I was trying to get us there.

972

02:14:32.580 --> 02:14:45.690

SJC Redistricting: But if we want to jump forward to the two i'm for it Okay, the motion has been withdrawn, Mr more with so before we go there now that we have no motion on the floor my emotion, to extend the meeting, please.

973

02:14:47.760 --> 02:14:58.860

SJC Redistricting: answer a second second second all in favor signify by saying Aye Aye Aye same sign motion carries now Mr morrow when I was going to go through D to and then, when that's done good.

974

02:15:00.180 --> 02:15:15.540

SJC Redistricting: As your motion is emotion, or do you need to do, and then D3 okay Second, it is subsequent motion and you were like a deer in the headlight that you've got that look, this is why I don't play poker do the cherry, if I may clarify the motion.

975

02:15:17.430 --> 02:15:25.620

SJC Redistricting: To say run I don't know, I just want to understand this, is to consider to further consider the emotion and, ultimately, will be a second motion for a recommendation.

976

02:15:27.210 --> 02:15:31.050

SJC Redistricting: it's a new motion from Mr more with, thank you for the clarification.

977

02:15:33.210 --> 02:15:48.390

SJC Redistricting: Okay, so we will consider the two and then come back with a subsequent motion to consider D3 Is that correct correct with all, including the community of interest okay and do we have a second second okay roll call, please.

978

02:15:55.590 --> 02:15:55.980

Yes, yeah.

979

02:15:57.300 --> 02:15:58.140

SJC Redistricting: Was English.

980

02:15:59.400 --> 02:15:59.760

SJC Redistricting: No.

981

02:16:01.350 --> 02:16:02.730

SJC Redistricting: No there's no.

982

02:16:04.260 --> 02:16:05.280

SJC Redistricting: Money no.

983

02:16:08.580 --> 02:16:08.850

No.

984

02:16:10.620 --> 02:16:11.640

SJC Redistricting: Are with no.

985

02:16:13.710 --> 02:16:15.390

SJC Redistricting: office officer yes.

986

02:16:18.150 --> 02:16:18.360

Yes.

987

02:16:20.220 --> 02:16:20.640

iPhone x: No.

988

02:16:24.120 --> 02:16:24.510

SJC Redistricting: No.

989

02:16:28.440 --> 02:16:28.710

No.

990

02:16:35.100 --> 02:16:37.320

SJC Redistricting: Motion fails vote a to correct.

991

02:16:39.990 --> 02:16:43.530

SJC Redistricting: hey now, we will consider D three.

992

02:16:46.830 --> 02:16:47.160

SJC Redistricting: That.

993

02:16:48.420 --> 02:16:49.740

SJC Redistricting: You have to have another motion.

994

02:16:50.940 --> 02:16:53.520

SJC Redistricting: And then okay my of emotion, Mr more went.

995

02:16:55.680 --> 02:17:06.720

SJC Redistricting: He three day three and with the same same thing going to consideration of the coi on one oh yes okay and it's been properly moved and seconded.

996

02:17:08.220 --> 02:17:10.080

SJC Redistricting: Now roll call, please.

997

02:17:14.940 --> 02:17:18.030

SJC Redistricting: Mr morrow it was first Mr Oscar was a second.

998

02:17:24.360 --> 02:17:25.770

SJC Redistricting: And I bet yes.

999

02:17:26.970 --> 02:17:27.720

SJC Redistricting: US English.

1000

02:17:28.890 --> 02:17:29.070

Oh.

1001

02:17:30.360 --> 02:17:31.920

SJC Redistricting: And Baird yeah.

1002

02:17:35.010 --> 02:17:36.780

SJC Redistricting: i'm mooney yes.

1003

02:17:38.160 --> 02:17:39.660

SJC Redistricting: i'm stransky know.

1004

02:17:40.980 --> 02:17:42.180

SJC Redistricting: Like more with no.

1005

02:17:43.980 --> 02:17:45.450

SJC Redistricting: After yeah.

1006

02:17:48.060 --> 02:17:48.480  
SJC Redistricting: Oh there's.

1007

02:17:49.500 --> 02:17:49.830  
iPhone x: No.

1008

02:17:52.650 --> 02:17:52.860  
Right.

1009

02:17:56.130 --> 02:17:56.550  
Oh there's.

1010

02:18:05.310 --> 02:18:06.930  
SJC Redistricting: Is repeat your vote yes or no.

1011

02:18:14.550 --> 02:18:15.360  
iPhone x: Okay here.

1012

02:18:17.430 --> 02:18:18.030  
iPhone x: But I said.

1013

02:18:18.060 --> 02:18:18.630  
I know.

1014

02:18:22.200 --> 02:18:22.920  
SJC Redistricting: America Nino.

1015

02:18:26.490 --> 02:18:26.760  
SJC Redistricting: Yes.

1016

02:18:32.820 --> 02:18:35.070  
SJC Redistricting: ma'am D3 passes six four.

1017

02:18:40.410 --> 02:18:40.830  
SJC Redistricting: Okay.

1018

02:18:42.630 --> 02:18:49.140

SJC Redistricting: So we have a map for consideration under D3 and that's my understanding, correct.

1019

02:18:51.960 --> 02:18:52.470

SJC Redistricting: Yes, ma'am.

1020

02:18:54.090 --> 02:18:58.170

SJC Redistricting: I would like us to take action regarding Mr moonies map.

1021

02:18:59.670 --> 02:19:00.570

SJC Redistricting: i'm discussing it.

1022

02:19:01.800 --> 02:19:02.970

For a.

1023

02:19:04.140 --> 02:19:06.510

SJC Redistricting: vote to make clarity.

1024

02:19:12.930 --> 02:19:15.630

SJC Redistricting: Okay, so I have to make the motion.

1025

02:19:16.650 --> 02:19:17.790

SJC Redistricting: Consider.

1026

02:19:18.930 --> 02:19:22.890

SJC Redistricting: Whether we want to go forward and consider Mr moonies map.

1027

02:19:26.880 --> 02:19:35.010

SJC Redistricting: Application that also is their district one issue a map now here's a map actually incorporates a district one issue.

1028

02:19:37.650 --> 02:19:41.460

SJC Redistricting: Is there any chance that we could see them up on our screens before we move forward with this.

1029

02:19:44.760 --> 02:19:50.370

SJC Redistricting: And when you say, I just want to clarify, Commissioner, I back when you say moonies my view mean the one that's been modified tonight.

1030

02:19:50.700 --> 02:19:58.350

SJC Redistricting: To include the quote because it didn't originally beginning of the night it didn't and then we had a modified mooney which I think chafee.

1031

02:19:58.980 --> 02:20:09.900

SJC Redistricting: This this is his sorry, this is a second map and that did this is inclusive of the coin yeah it's a public comment coin yes Okay, I just wanted to clarify.

1032

02:20:20.130 --> 02:20:21.060

SJC Redistricting: You have any questions.

1033

02:20:25.350 --> 02:20:29.400

SJC Redistricting: roll call, please, this is on Mr moonies map.

1034

02:20:33.030 --> 02:20:35.970

SJC Redistricting: Is been moved for consideration.

1035

02:20:40.950 --> 02:20:49.650

SJC Redistricting: Yes, ma'am my apologies, but we did discuss a modification for Mr monies map that was to incorporate.

1036

02:20:50.790 --> 02:21:04.140

SJC Redistricting: A as much as a community's west of load east of Lodi as possible or to provide a continuity of the agricultural community related to vineyards.

1037

02:21:05.910 --> 02:21:08.220

SJC Redistricting: So I have a point of clarification, yes.

1038

02:21:09.930 --> 02:21:14.250

SJC Redistricting: Did you incorporate it into your emotion, or if this works.

1039

02:21:15.390 --> 02:21:17.430

SJC Redistricting: One element would be.

1040

02:21:18.570 --> 02:21:32.190

SJC Redistricting: You can move marotta to balance population you're moving dogtown color ville Victor and lock for it into three you could move marotta over into district for to balance population.

1041

02:21:33.990 --> 02:21:36.660

SJC Redistricting: If it would be required to be compliant.

1042

02:21:38.310 --> 02:21:39.330

SJC Redistricting: I would support that.

1043

02:21:41.490 --> 02:21:50.640

SJC Redistricting: Part of the solution Okay, and who was the second was was that Mr more when we're using a second, do you agree with that Sir.

1044

02:21:53.460 --> 02:22:01.170

SJC Redistricting: On unnecessary moves oh absolutely that's that's what we talked about that Okay, that was a last minute any any other any other questions.

1045

02:22:02.670 --> 02:22:04.950

SJC Redistricting: Any other questions roll call, please.

1046

02:22:08.970 --> 02:22:09.240

SJC Redistricting: Yes.

1047

02:22:11.250 --> 02:22:13.200

SJC Redistricting: Unless English now.

1048

02:22:14.910 --> 02:22:16.590

SJC Redistricting: And Baird know.

1049

02:22:17.910 --> 02:22:19.170

SJC Redistricting: From booty yes.

1050

02:22:21.030 --> 02:22:22.500

SJC Redistricting: instagram ski know.

1051

02:22:24.180 --> 02:22:24.750

SJC Redistricting: Tomorrow, when.

1052

02:22:27.240 --> 02:22:27.630

SJC Redistricting: After.

1053

02:22:29.190 --> 02:22:29.490  
yeah.

1054

02:22:32.010 --> 02:22:32.220  
Yes.

1055

02:22:41.400 --> 02:22:41.910  
iPhone x: Yes.

1056

02:22:44.910 --> 02:22:45.210  
SJC Redistricting: Yes.

1057

02:22:45.900 --> 02:22:46.350  
Yes.

1058

02:22:48.660 --> 02:22:49.350  
SJC Redistricting: American ino.

1059

02:22:52.800 --> 02:22:53.100  
SJC Redistricting: No.

1060

02:22:57.810 --> 02:22:58.920  
SJC Redistricting: ocean does not pass.

1061

02:23:00.270 --> 02:23:00.480  
SJC Redistricting: or.

1062

02:23:05.730 --> 02:23:06.180  
SJC Redistricting: Okay.

1063

02:23:07.980 --> 02:23:17.760  
SJC Redistricting: We have at this time, one map for consideration to go to order suits which is map the three.

1064

02:23:23.280 --> 02:23:34.680  
SJC Redistricting: Right, but then the other two maps are included we're just giving them the vote that we had okay on that thank you because that's what they wanted

they wanted to know and and that's what it came out vote vote on each map.

1065

02:23:36.210 --> 02:23:41.070

SJC Redistricting: which will be will be three maps considered Mr money did not.

1066

02:23:42.330 --> 02:23:42.900

SJC Redistricting: Pass.

1067

02:23:45.840 --> 02:23:52.470

SJC Redistricting: One ready we're going to have some clarification on on what the motion was it should almost be a.

1068

02:23:53.010 --> 02:24:05.310

SJC Redistricting: check in motion of sending all three of these up Oh, with the votes right is that is that possible that we could send all you know, are those two up that passed for consideration, so therefore you have.

1069

02:24:07.800 --> 02:24:12.210

SJC Redistricting: One passed through through the care if i'm, if I may, yes ma'am.

1070

02:24:14.460 --> 02:24:20.280

SJC Redistricting: The first motion was very muddled and it included three for consideration.

1071

02:24:21.450 --> 02:24:33.150

SJC Redistricting: That motion failed and then what you did was do emotion for further consideration by the Rack each individual map as my notes tell me the.

1072

02:24:33.960 --> 02:24:46.380

SJC Redistricting: One of those the past was D3 but what you didn't do in the individual votes was to address he a second time through those that one has not been no one has.

1073

02:24:47.640 --> 02:24:55.020

SJC Redistricting: To do further consider he that so i'm just raising that as that's what my notes say whatever you opt to do on that.

1074

02:24:55.860 --> 02:25:10.590

SJC Redistricting: secondarily my understanding of the motion that did past was that the wrath would further consider map three and if you took the same action, for he

what you would be doing is you would be if it was if it mirrored the other motions.

1075

02:25:11.700 --> 02:25:15.450

SJC Redistricting: action would be to for this group would further consider that math.

1076

02:25:16.740 --> 02:25:40.320

SJC Redistricting: After those emotions what you would have for you would be the two maps that you a commotion and voted to further consider the three and if you opted to do as well, my understanding is after discussion or maybe my hope would be that, then there would be a motion to recommend.

1077

02:25:41.400 --> 02:25:48.360

SJC Redistricting: one or both of those maps and it is at that time that I would ask you to include the de minimis technical changes.

1078

02:25:48.780 --> 02:25:59.220

SJC Redistricting: Because that would be the vote, or we would be moving it to the board, and we would need that ability to make those technical changes that's my understanding and i'm sort of conveying to you at my notes are telling me.

1079

02:26:03.450 --> 02:26:09.480

SJC Redistricting: That was my intention in the beginning, and then, when Mr auster made that secondary motion which is fine.

1080

02:26:10.560 --> 02:26:15.480

SJC Redistricting: I visit continuing that on to basically at the end of three just rank them as they were.

1081

02:26:16.830 --> 02:26:25.590

SJC Redistricting: That was the idea of doing the vote on each one was to see what the ranking is and when it came out to if if one was a majority which D3 was that'd be the number one.

1082

02:26:26.610 --> 02:26:34.620

SJC Redistricting: X one was the two to be number two and then he was the one that was the least, it would be number three but either way the supervisors would have three choices.

1083

02:26:35.190 --> 02:26:45.450

SJC Redistricting: And we can put that I know what you're asking for, at the end you

wanted that this the minute this technical to be in there for all three just the words simple definition, I may have I.

1084

02:26:46.620 --> 02:26:51.030

SJC Redistricting: I believe, for purposes of the record that that first motion became.

1085

02:26:51.510 --> 02:27:00.540

SJC Redistricting: So convoluted not by anyone's fault that it was difficult I know for me to track, and therefore I have concerns about how that would appear in the record.

1086

02:27:00.930 --> 02:27:10.500

SJC Redistricting: As tracking, so I would ask through the Chair that we revisit that because and and it might just be that I just was unable to track that.

1087

02:27:11.160 --> 02:27:25.350

SJC Redistricting: But, again, I would ask that we reconsider that because it appears that there's consensus to to do a match, we are going to consider and then to take a secondary action, but I don't believe it was clear as to map he.

1088

02:27:26.730 --> 02:27:30.660

SJC Redistricting: verify that we would have emotion, for he to be revoked on he.

1089

02:27:32.250 --> 02:27:34.110

SJC Redistricting: be included with the other two maps with.

1090

02:27:35.370 --> 02:27:36.780

SJC Redistricting: The other one okay.

1091

02:27:39.750 --> 02:27:41.850

SJC Redistricting: Could you just state the motion query so.

1092

02:27:44.220 --> 02:27:47.970

SJC Redistricting: You are moving to ask that the map, he.

1093

02:27:48.990 --> 02:27:51.000

SJC Redistricting: The added community of interest.

1094

02:27:52.230 --> 02:27:57.000

SJC Redistricting: Yet it's a district one the further considered by the Rack.

1095

02:27:59.700 --> 02:28:01.740

SJC Redistricting: If you would make that motion that would be great or.

1096

02:28:02.850 --> 02:28:14.580

SJC Redistricting: So move like i've done it twice, but I just want it really, really clear and I understand, so my emotional would be to reconsider map, he would the community of interest in district one.

1097

02:28:16.500 --> 02:28:19.050

SJC Redistricting: That would be my motion to reconsider that map.

1098

02:28:20.070 --> 02:28:26.310

SJC Redistricting: We have a second second Okay, yes ma'am what does it mean to reconsider.

1099

02:28:28.710 --> 02:28:29.340

SJC Redistricting: Your vote again.

1100

02:28:32.490 --> 02:28:33.750

SJC Redistricting: point of clarification.

1101

02:28:35.220 --> 02:28:35.610

We.

1102

02:28:36.870 --> 02:28:44.310

SJC Redistricting: He has only been voted on once and it was a five five tie, and it was when it was included with it was the original motion and which was included with D to in D3.

1103

02:28:44.940 --> 02:28:54.750

SJC Redistricting: I made a subsequent motion or just the two in D3 because I presume that he was the one that sank your original motion which didn't reach a majority.

1104

02:28:55.320 --> 02:29:05.970

SJC Redistricting: As emotion, so it failed so it was like it didn't happen, but we never actually considered he singularly by itself, as we did with subsequent

motions, and so I believe.

1105

02:29:06.390 --> 02:29:15.210

SJC Redistricting: And I chair and our legal counsel, if you could confirm this is my understanding that we voted individually on all the other maps that are here tonight, the only one that made.

1106

02:29:15.930 --> 02:29:26.460

SJC Redistricting: reached more than a 5050 vote or six or more votes in favor of was D3 you are asking that we consider he to possibly begin included with D3.

1107

02:29:26.790 --> 02:29:36.990

SJC Redistricting: As a second map that we would go forward moving it to consider it sounds like you're also saying a different thing, which is a you want all the maps to just go and I want to be really clear that.

1108

02:29:37.500 --> 02:29:46.800

SJC Redistricting: Council made it abundantly clear to us that we have a responsibility to limit the number of maps and so, by virtue, is my understanding, and please if the.

1109

02:29:47.370 --> 02:29:54.960

SJC Redistricting: Commission feels differently, please speak up now, it was my understanding that as we voted on these to consider them and, as they were failing so D two failed badly.

1110

02:29:56.520 --> 02:29:57.720

SJC Redistricting: 822 and I think.

1111

02:29:59.250 --> 02:30:13.590

SJC Redistricting: Commission moonies didn't reach over 5050 we're not considering those any longer, and those two maps have died, they won't go to the board of board of supervisors that's my understanding of how we voted now maybe i'm wrong about that, but I just want to clarify that.

1112

02:30:14.880 --> 02:30:15.210

So.

1113

02:30:16.350 --> 02:30:21.360

SJC Redistricting: there's the cyber as part of this discussion, I want to say that I will.

1114

02:30:22.500 --> 02:30:29.880

SJC Redistricting: not be supporting your motion because what I emotion, I think we should take is.

1115

02:30:31.470 --> 02:30:37.020

SJC Redistricting: Formally, say we want to put forward maps E and D three.

1116

02:30:39.030 --> 02:30:40.080

SJC Redistricting: Well, you have to bow Tony.

1117

02:30:41.400 --> 02:30:43.860

SJC Redistricting: But it's all we do we.

1118

02:30:45.780 --> 02:30:52.800

SJC Redistricting: Because I thought it stayed alive to consider and it gets it gets down to is a tie of fail or a tie.

1119

02:30:58.470 --> 02:31:05.310

SJC Redistricting: Our committee to kind of make a friendly emotion in supportive one one second here, so I think there was some confusion Messiah back with.

1120

02:31:06.480 --> 02:31:16.230

SJC Redistricting: You were voting almost as this final the final one you're more interested in he being the final thing sent but you were she was interested in being sent up as part of a package.

1121

02:31:16.770 --> 02:31:22.290

SJC Redistricting: Okay, and then there's confusion on that now right so that's where so she voted against which I.

1122

02:31:22.860 --> 02:31:34.980

SJC Redistricting: She was voting as an independent against the Okay, we know what i'm talking about right I think that's the head nod I gave so i'm just going to point to you can have cameras on, but we need to make it emotion, where.

1123

02:31:36.180 --> 02:31:43.650

SJC Redistricting: Exactly did you in he go up, then we single it out from there between those two battle right is that, where we're at now.

1124

02:31:44.370 --> 02:32:00.990

SJC Redistricting: For the record, one of these records that was my vote that made it tied and James Grabowski is speaking for me, I think I should speak to say I agree with what he said I voted name, for he because it was not my first choice.

1125

02:32:02.490 --> 02:32:10.200

SJC Redistricting: But I was assuming that we would come back and revisit because I feel that he should be put forward.

1126

02:32:11.130 --> 02:32:25.140

SJC Redistricting: But just to clarify, we can do that now we can do emotion, you can make a motion to consider he along with D3 which reached the majority support, and I think we can do it as a separate vote on he alone and that gets us out of the words here.

1127

02:32:26.160 --> 02:32:29.580

SJC Redistricting: And let me just say to add to the confusion.

1128

02:32:30.690 --> 02:32:37.650

SJC Redistricting: Because I look at it, that we never voted on three we put he as part of the package of the three.

1129

02:32:38.940 --> 02:32:39.540

SJC Redistricting: maps.

1130

02:32:40.620 --> 02:32:48.960

SJC Redistricting: Two three and he we never said so we never voted on actually voted on, he to bring that to bring them back.

1131

02:32:49.980 --> 02:32:56.280

SJC Redistricting: We killed it right there that was that wasn't the intention, if I can say to the Chair.

1132

02:32:58.020 --> 02:32:59.700

SJC Redistricting: I think that original motion.

1133

02:33:00.720 --> 02:33:10.980

SJC Redistricting: In so convoluted that we do not have a clear record on what that first motion is and and that motion did include he and he wasn't then leader address in any motion.

1134

02:33:12.390 --> 02:33:21.870

SJC Redistricting: My understanding and, certainly, I am not comfortable with that first motion is being one that I under I could follow with your guts super convoluted that included three maps.

1135

02:33:23.160 --> 02:33:28.890

SJC Redistricting: And i'm not contradicting anybody statement i'm just adding that clarification is, I do not believe that he's been considered.

1136

02:33:30.180 --> 02:33:33.180

SJC Redistricting: As I understand what the motion that's currently on the floor.

1137

02:33:34.380 --> 02:33:35.220

SJC Redistricting: is to.

1138

02:33:36.930 --> 02:33:39.480

SJC Redistricting: Be consider and I may ask you to.

1139

02:33:40.530 --> 02:33:47.700

SJC Redistricting: consider amending network, but is to consider is to further consider math he by the Rack tonight.

1140

02:33:51.990 --> 02:33:53.010

SJC Redistricting: More we find them.

1141

02:33:57.240 --> 02:34:06.570

SJC Redistricting: But I think that's the same thing, I think this is where we're getting confusion is us choosing to move it up to the board of supervisors that's what we're deciding on what are we moving up.

1142

02:34:07.110 --> 02:34:17.130

SJC Redistricting: So the only one that's so far, reached a majority or past as emotion is D3 that's the only one that we've had emotion that says, should we send this up, yes it passed.

1143

02:34:17.520 --> 02:34:27.510

SJC Redistricting: All there was a fail, so the truth is right now the only motion that really matters is that we have emotion that passed for D3 after that everything is basically off the table if.

1144

02:34:28.050 --> 02:34:36.840

SJC Redistricting: I make wants to include map he to also be included with D3 when it goes up that's emotion that someone can make, and we can vote on it for sure.

1145

02:34:40.050 --> 02:34:40.830

SJC Redistricting: So back.

1146

02:34:42.690 --> 02:34:44.070

SJC Redistricting: We just so then.

1147

02:34:46.590 --> 02:34:53.940

SJC Redistricting: The goal was to give three maps to the supervisor That was my goal and the original motion obviously that we got too convoluted and it was a lot of conversation.

1148

02:34:54.390 --> 02:35:16.470

SJC Redistricting: that's fine we're going to move on now, the motion is to do now vote for consideration on map he with the community of interest in district one move it forward with the with the other with the tool as well, the three excuse me D3 as well and that's my motion to vote on, he reconsider.

1149

02:35:17.490 --> 02:35:23.730

SJC Redistricting: Not not reconsider our full motion he moving forward to the supervisors upward.

1150

1155

02:35:56.550 --> 02:36:07.050

SJC Redistricting: This body would consider it and then what we will do is the formal motion to recommend it to the board, and at that point, I have a specific language i'd like considered so if this motion.

1156

02:36:08.040 --> 02:36:17.850

SJC Redistricting: Consistent with how you've used consider on D3 and on the other, maps then consider means by the Rack, with a secondary vote to recommend to the board.

1157

02:36:18.270 --> 02:36:27.120

SJC Redistricting: There was so long as we're all understanding that we're using that consideration in the same way, I would appreciate that clarification before the vote on the motion that's currently pending and second okay.

02:38:46.200 --> 02:39:05.160

SJC Redistricting: Do we need to rank them as just a question that is absolutely up to the records in the racks discretion under the elections good I believe you are able to do that, but it is wholly up to the emotion that we submit them with the

02:40:18.660 --> 02:40:24.030

SJC Redistricting: Here yeah I know it's late, but if I could just take 30 seconds to thank you for your leadership here, I think that.

SJC Redistricting: And one quick second in those comments also want to thank all our alternates probably the most thankless job in the world go through the training, but don't say a word.

1204

02:40:50.400 --> 02:40:56.280

SJC Redistricting: It has been a particular pleasure for me to watch the inner workings of this county.

1208

02:41:23.850 --> 02:41:32.340

SJC Redistricting: I am so proud of San Joaquin county and I feel privileged to work with my co workers here on this committee our consultants.

1211

02:41:59.010 --> 02:42:13.920

SJC Redistricting: Mr more where I have to say the same thing, I think, as a group, I didn't know what I was getting myself into and I thought there'd be a lot of quite frankly political moves and try and do things and it wasn't that way everybody went and they looked at this thing as a whole for the county.

1212

02:42:15.330 --> 02:42:23.760

SJC Redistricting: I was extremely impressed with the county i'd never worked with the county so much as the Community development department, and I see the hard work they've done with Dave and a.

02:42:47.820 --> 02:42:49.350

SJC Redistricting: APP and if he.

1217

02:42:53.790 --> 02:42:56.670

SJC Redistricting: All of this here goes well and in the.

02:43:00.030 --> 02:43:03.780

SJC Redistricting: After the consultants just want to say thank you.

1219

02:43:04.920 --> 02:43:17.760

SJC Redistricting: I know I have a friend, a representative in Pennsylvania, they are starting this process, and it is an interesting time to educate her as a state representative there and because.

1220

02:43:19.770 --> 02:43:26.610

SJC Redistricting: Very different and very hesitant and i've been saying to her how it's not as.

1221

02:43:32.910 --> 02:43:37.260

SJC Redistricting: happy that we sent a 10 rowboat with maps and.

1224

02:44:00.390 --> 02:44:09.030

SJC Redistricting: get to our car safely, I can leave them out because they've been so great and polite and patient with us, too, so thank you everybody, it was a pleasure.

1225

02:44:10.770 --> 02:44:15.510

SJC Redistricting: I want to say thanks always staff, all the members of the committee.

1226

02:44:17.280 --> 02:44:25.020

02:44:26.640 --> 02:44:27.810

SJC Redistricting: it's really worked out well.

SJC Redistricting: Making sure that we're we're heading in the right direction, thank you to the alternate for you are a very important.

1232

02:45:27.900 --> 02:45:38.550

SJC Redistricting: Part of this and I think that mystery gretzky said it well you know it's like going and sitting in a big jury trial for months on month on month and you're just sitting there, and you can't do nothing.

1233

02:45:39.030 --> 02:45:53.160

1235

02:45:58.950 --> 02:46:04.200

SJC Redistricting: we've agreed to disagree and amicably and and that's the way it should be.

1236

02:46:05.400 --> 02:46:15.660

SJC Redistricting: that's the way I run meetings that's the way, I think that it should be and it's just that we're in a process that that's this very important now next week.

1237

02:46:16.890 --> 02:46:21.300

SJC Redistricting: We will be Brie, and we welcome each and every one of you there.

1238

02:46:22.320 --> 02:46:25.260

SJC Redistricting: to attend the meeting next Tuesday at 130.

1239

02:46:27.390 --> 02:46:35.490

SJC Redistricting: That, as we make our presentation and you know, once again, thanks to everyone, thanks to the people who came out this evening.

1240

02:46:36.000 --> 02:46:46.470

SJC Redistricting: We certainly appreciate the fact that this is the last meeting, and we have the largest attendance, you know, of course, a lot of i've left a lot of represented district one.

1241

02:46:47.160 --> 02:46:59.340
